What you need to know about Sega Forever

Sega debut Sega Forever debuted in June 2017 and it is the common name for the re-release of various classic Sega games on Android and iOS.

With titles from Sega Master System, Game Gear, Saturn and Dreamcast (unexpectedly, Dreamcast games are still being released), these games are ad-supported. However, you can pay \$ 1.99 (VND 46,000) per game to disable advertising. The payment also activates the feature to save the gaming progress in the cloud.

At the time of writing, 20 great games are available and here are the 10 most popular options.

10 classic Sega games that can be played on your phone

1. Streets of Rage Classic

Playing as one of the three street cops, the purpose of this 1991-style beat 'em up' game is to defeat the criminal Mr. X. Each character has his own actions, as well as individual skills, and with the multiplayer option over local WiFi, you can team up with friends to pass levels.

If you feel that Streets of Rage Classic is still not enough, Streets of Rage 2 is also available.
