

10 tips to help you become a great Pokemon trainer

In the article below, TipsMake.com will introduce to you some tips to easily become a great trainer in this Pokemon GO game offline ...

With the number of articles about Pokemon GO soared recently, the Vietnamese players community also wants to prove themselves by collecting as many Pokemon as possible, leveling up and ranking them. In the article below, TipsMake.com will introduce to you some tips to easily become a great trainer in this Pokemon GO game offline.

1. Want to catch more Pokemon?

The answer is to go to a place similar to their habitat in the cartoon, which is the park, many empty trees. Moreover, it is very safe because you can comfortably plug in your phone without worrying about crashing your head and motorbike or car. The terrain in the park is very diverse, so the opportunity to catch many types of Pokemon is also higher than that of the main road, asphalt and residential areas. And moreover there are many PokeStop here, you will no longer have to worry about Pokeball anymore.

2. Want to hunt Pokemon well, have quality, high scores?

The best way is to go in groups. How to deduce, when Pokemon appears in a certain area, especially with Pokemon with high CP points, if you catch it, your friends still have a chance to catch that Pokemon and it will not get out. It is true that, playing something is better than teaming alone.

3. Understand the radar!

Looking at the character screen, you will see a radar circle always blinking at your feet. If you are a few steps away from Pokemon, this circle will pull Pokemon out of there, you will not need to climb through the wall or climb the pass to the stream anymore.

4. Turn off or to AR?

Should I turn on or off AR when I'm catching Pokemon? The answer is to turn it off, although leaving the AR look much better, but at the same time also wasting resources, heating up the camera, the camera has to work a lot.

AR in Pokemon GO is the actual image you use with the smartphone's rear camera

5. Calmly handle if Pokemon GO hangs, freezes, lag:

1. Some common errors in Pokemon and how to handle.

Because the number of Pokemon GO players increases day by day, plus the fact that players use many tricks, the tool supports the unstable server is easy to guess.

6. Try to save the Stardust and Candy:

Stardust and Candy are very important and necessary items in the life of Pokemon, but the higher you level up, the more chances you will have to meet more corresponding Pokemon, so consider carefully. And the advice is that if you use these items right away, apply it on the Pokemon with the highest score.

Consider carefully when using Stardust, Candy

7. How to hatch eggs if not far away?

Get up and walk in the room, which is a bad solution. If you move 9-10 km off the road if you become unforeseen, then you should apply the above advice, it will be very effective. Or go from the first floor to the higher floor, outside the water shop, grocery stores around your office are fine.

8. Know who knows us, hundreds of hundred wins:

Like other online fighting games, each type of Pokemon in Pokemon GO has its own strengths and weaknesses, this system engraved the other, the characteristics of each type . See more articles:
