

# 11 most interesting free RPG games of 2024

RPGs are one of the most popular genres in gaming, with games like World of Warcraft leaving a huge cultural impact, far beyond the gaming community.

But many great RPGs, like Baldur's Gate 3, Final Fantasy XV and The Witcher 3, aren't free to play. Here's a list of the best free RPG games you can play in 2024 – from MMORPGs and JRPGs to single-player and indie titles.

## 1. Warframes

Platforms: PC, PS5, PS4, Xbox One, Xbox Series S/X, Nintendo Switch

Warframe is set in an intergalactic story, the game allows you to control and upgrade dozens of 'Warframes' (battle suits), while teaming up with your team for exciting PvE battles .

For a free RPG, Warframe offers players a lot of fun: Sprawling landscapes, ship battles in space, endless loot, the ability to craft weapons and vehicles, and autonomy by impression to customize the look and feel of the game. There are great battles and interesting characters to further enhance your time in the game. You can also download it from Epic Games.

## 2. RuneScape

Platforms: PC, Linux, macOS, Android, iOS

RuneScape has been around since 2001 as a browser game. But don't let that deter you from this excellent MMO. The game is set in a fantasy world filled with magic, lore, and over two decades of world-building. It excels in allowing you to play the way you want: Learn the skills you want; Live a peaceful life, or become a witch and fight monsters.

You'll also find Old School RuneScape, a classic beloved by the ancients. No matter which version you prefer, RuneScape has over 100 quests and dozens of battles for you to participate in. You can access additional content, missions, skills, and areas with in-game currency. And you can buy, sell and trade items with other players.

### **3. EVE Online**

Platform: PC, macOS

EVE Online is one of the most unique games today. An ever-evolving world that has existed for over 20 years, a player-driven economy and skill training even when the game is off. This space MMORPG may not be for all gamers, but everyone should enter its world at least once.

You can pilot giant spaceships, explore mysterious worlds, mine precious minerals, and participate in universe-changing events with hundreds of other explorers. While many excellent games never come to Mac, EVE Online is one of the best Mac games to play in 2024.

### **4. Grimm's Hollow**

Platform: PC

If you desire RPG games that are short and sweet instead of long and boring, then Grimm's Hollow might be perfect for you.

Grimm's Hollow aims to provide a cute, fun short RPG journey. You can complete all parts of the game within 3 to 5 hours. That short period of time is an experience filled with exciting fights, adorable style, and a memorable story. This is definitely one of the best indie games to come out in recent years.

## 5. WAKFU

Platforms: PC, Linux, macOS, Android

This combination of tactical RPG and turn-based RPG is unique in terms of rules. WAKFU lets you choose between 16 different character classes and defeat monsters that cause havoc in World of Twelve.

WAKFU relies on player input for things like resource additions and the political system. Every two weeks, a new player is elected governor of each of the four countries in the game and can set new rules as they see fit. You will definitely enjoy WAKFU's humor and fighting strategy.

## 6. Genshin Impact

Platforms: PC, PS5, PS4, Android, iOS

You may have heard of Genshin Impact, even if you've never played it. This hugely popular fantasy JRPG has attracted more than 70 million users across PC, mobile, and consoles. This is probably due to the game's vast world, complex story, and impressive roster of characters.

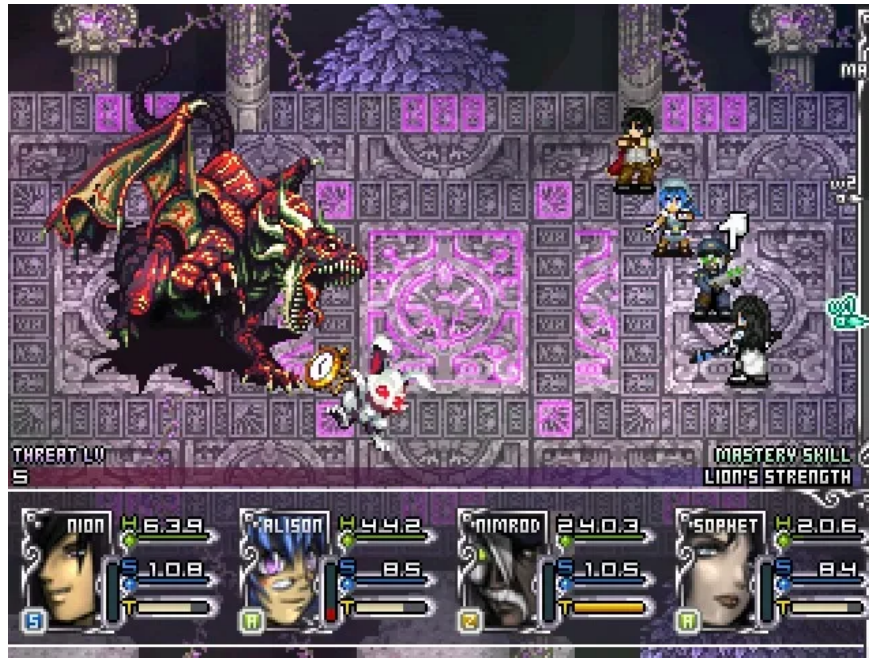

While the huge plus with Genshin Impact is the steady stream of updates and new content, it limits what you can do without paying. Brilliant visuals, character designs, exciting combat, and an addictive open world make this one of the best free RPG games.

## 7. Theia: The Crimson Eclipse

Platform: PC

RPG Maker allows anyone to create their own free RPG games. Theia: The Crimson Eclipse is a surprisingly excellent JRPG created by RPG fans MissingSeven. Released on Itch.io – one of the best free game sites – in 2019, this non-commercial RPG has over 40 hours of gameplay and 19 characters.

Theia manages to do a lot of things well, such as the combat, the story, the music, and even the adorable pixel-style graphics. Some JRPG fans even rate this game much better than many heavy games in the same genre.

## 8. Lost Ark

Platform: PC

The popular Lost Ark became the biggest MMORPG on Steam when it launched in 2022. The Korean isometric action RPG features a huge world to explore, 24 unique classes, combat abilities Powerful and satisfying, with tons of content.

In fact, the end of Lost Ark seems never-ending, as you team up with friends to play and choose what you want to do. You also have the freedom to complete many missions alone. Impressive visuals and engaging action make the game an overall great experience.

## 9. Eternal Senia

Platform: PC, Android

Eternal Senia is another non-commercial, RPG Maker project created by a fan of the old MMORPG, Ragnarok Online. As a single-player action RPG in the MMORPG series, Eternal Senia has received extremely positive feedback from the community thanks to its simple and relaxing gameplay.

If you're looking to escape the difficult-to-master RPGs with a simple story, you'll find this game a breath of fresh air: It has an emotional story, a likable main character, and easy gameplay allows you to experience the story. You can expect a good soundtrack, simple and interesting visuals.

## 10. Shakes and Fidgets

Platforms: PC, macOS, Android, iOS

There aren't many RPGs that take a lighter approach to the MMO genre, but Shakes and Fidget is different. This award-winning satire is aimed at casual RPG fans. It started out as a browser and mobile game, then appeared on Steam in 2016. You can design your comic book style hero, sending them around the world to complete quests and earn items.

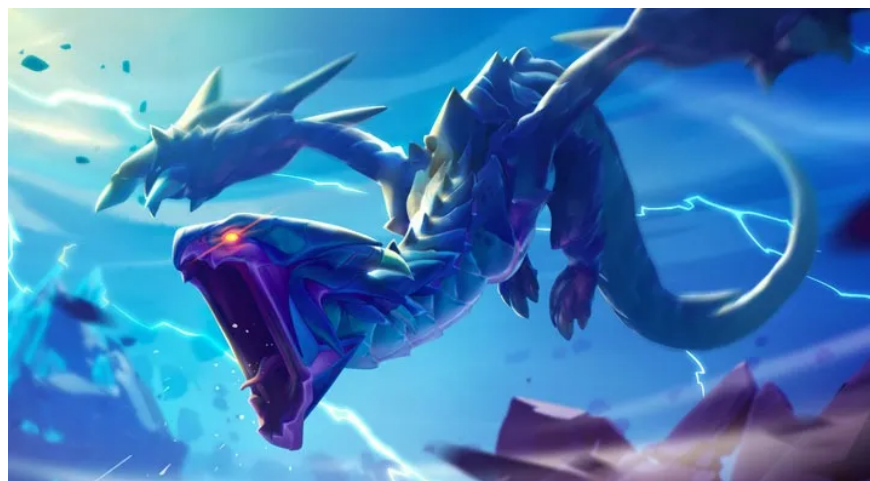

Shakes and Fidget is a role-playing game with much of the action taking place off-screen. You can continue the game and complete your chores, some online lessons, or other tasks and come back to reassess things. While not perfect, Shakes and Fidget can be a fun side game when you spend most of your time on a more in-depth title.

## 11. Dauntless

Platforms: PC, PS5, PS4, Xbox One, Xbox Series S/X, Nintendo Switch, Android

Dauntless aims to make action RPGs more accessible to a wider audience. It's easy for beginners to get into and gives veteran RPG players something to keep coming back to.

Dauntless encourages you to level up and defeat increasingly stronger monsters, but that doesn't make the process complicated. Crafting is simple and you can earn loot boxes while playing in the game. You can play with your friends on PC, console and mobile. This is one of those free RPG games that has the potential to become the next big game.
