Below are beautiful, individual short hairstyles that also help to 'hack' age that are most loved by women today, you can refer to and choose for yourself a beautiful hairstyle that suits your face.

## 1. Short curly hair

Short curly hair is a simple hairstyle but still ensures youthfulness, dynamism and is especially suitable for almost all accessories and outfits. Therefore, this hairstyle is always present in the hair fashion trends of the years.

### Short hair with C-curl

Short C-curved hair helps women's faces become smaller and more elegant thanks to the curved, curled ends that gently hug the face, helping to hide excess lines.

**Short hair with curly ends**

This is a beautiful short female hairstyle suitable for women with thin, silky hair. The hair roots will be frizzy to increase the hair's volume, helping to create balance and harmony for the hair from root to tip.

When having short curly hair, you can dye your hair with lighter colors than your original hair color to increase youthfulness and charm.

## **2. Short curly hair**

Short curly hair helps rough faces become more feminine, softer and more attractive while bringing a modern, youthful beauty to women.

### **Korean short wavy hair**

This beautiful short hairstyle brings gentleness but still very stylish for women. The large wavy curls help women's hair become fluffy and look thicker. In addition, with this beautiful short hairstyle, women will not have to spend much time taking care of it, after washing, just let it dry naturally and the hair will be in shape and beautiful.

### **Short curly hair**

Short curly hair helps you look luxurious but still brings inherent youthfulness. To avoid being criticized for being old when having this short hairstyle, women can have thin bangs, bangs help cheat age effectively.

### **Short curly hair**

This is a short hairstyle that suits many different face shapes from oval to square, round. Although it is only gently curled at the ends, that is enough to help this hairstyle cover up the flaws on your face.

### **3. Short straight hair**

#### **Short straight hair without bangs**

Straight short hair without bangs is suitable for those with a slightly chubby or oval face with a not too high forehead. With this short hairstyle, you only need to occasionally change the parting style to have a new hairstyle. However, to make the straight short hair without bangs perfect and fluffy, you need to have hair with a certain thickness.

### **Short straight hair with bangs**

This short hairstyle helps women become younger and cuter.

**4. Short curly hair**

Short hair to the shoulder with an S-shaped curl, and the ends of the hair are swept out, not only brings a sweet, individual beauty but also helps the face look fuller and a few years younger. With this hairstyle, women can combine it with a puffy bang on top and dye their hair honey brown to cover a thin face and the skin also looks brighter than when having black hair.

## **5. Beautiful short layered hair**

With this, your hair will be neatly trimmed, curled to hug your face, bringing gentleness, femininity, youthfulness, style but no less luxurious. Short layered hair is considered one of the hairstyles that helps "cheat age" that many women love.

## **6. Short bob hair**

This is one of the beautiful short hairstyles that many young people love to choose because it suits all faces and helps women enhance their natural, luxurious beauty.

With short bob hairstyle, women can combine long bangs or thin bangs to balance the face and look a few years younger.

## **7. Short hair**

Bob hair is a short hairstyle that is neatly cut at the back and sides of the head, giving a youthful, dynamic and extremely attractive beauty. This is a hairstyle that many women love because it suits faces from round to long. Bob hair has many variations that help to highlight the harmony of each different face. If you like to be liberal, free and individual, then bob hair is the right choice for you.
