This is considered the most extensive voice changing system for Microsoft Windows 10.

Download : Clownfish Voice Changer (Free, for Windows)

6. VoiceMeeter voice changing software

VoiceMeeter is like an audio mixer, however, it can also be used to increase or decrease the pitch of your voice. This audio mixing application is equipped with a virtual audio device, used as virtual I/O to mix and manage any audio source from or to any audio device or application. For end users/home users, VoiceMeeter is free to use! You pay for what you want when you need it and if you find it useful.

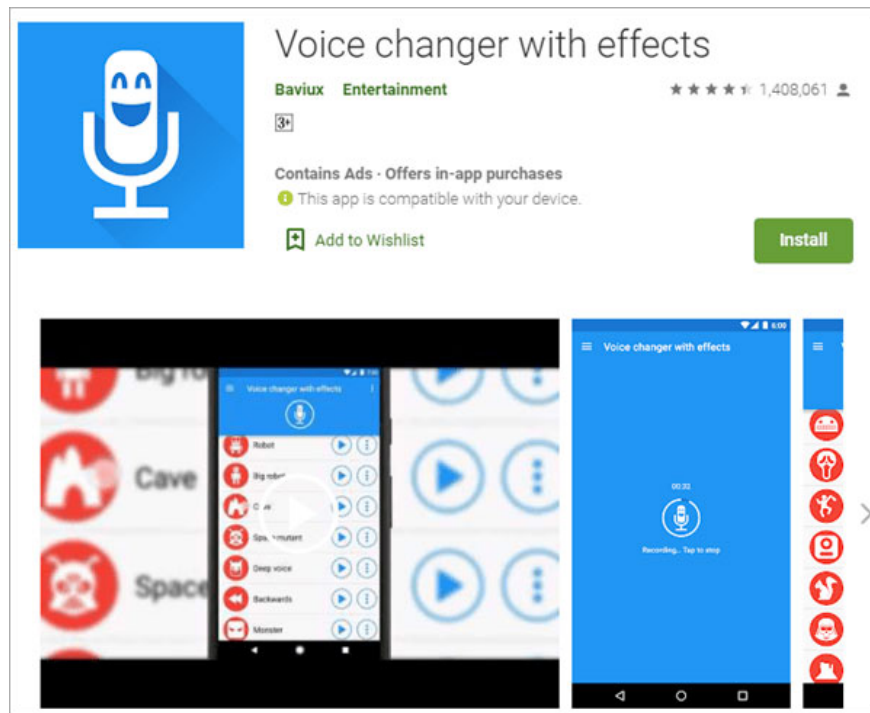

VoiceMeeter is a unique application designed for everyone, ready to manage audio in a smart way! VoiceMeeter is for VOIP users, broadcasters, gamers, musicians, DJs and any audio lover.

VoiceMeeter's main features include:

1. Mix your voice with music on Skype or Google Voice and create your own live podcast or radio show.
2. Allows use of 2x USB headsets on computers, for VOIP applications or online educational programs.
3. Play video games with 5.1 audio and hold the mic for group communication.
4. Follow the instructions with your favorite audio/video capture software.
5. Record conferences or interviews in multichannel for post-production.
6. Use a combination of different audio apps and record live performances with your favorite DAW.
7. Finally, it allows simple management of any audio source on the computer with ease.

7. Voice Changer With Effects voice changing software

This is an application specially designed for Android users. As a voice changer, this tool is simple, easy to install and use. You have an option to 'disguise' your voice with a range of options, while also adding effects for a fun touch.

This tool allows you to import pre-recorded audio and edit it to your liking. This tool comes with over 40 different voice effects to use. The tool can work smoothly with chat applications on Android.

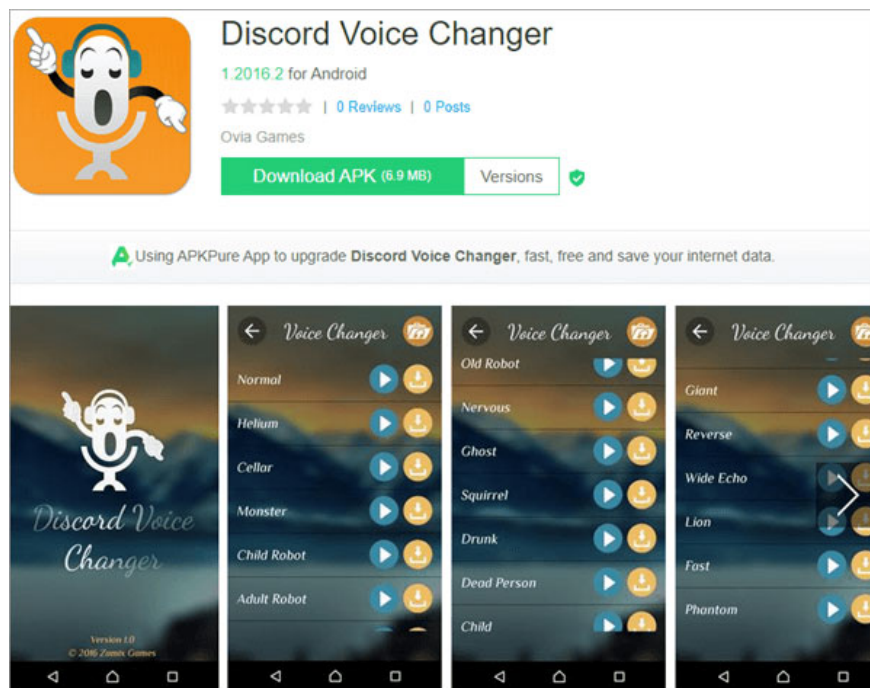

Main features:

1. Import pre-recorded audio
2. Create speech from text
3. Set caller ringtone and melody
4. Share the final result on social networks

Voice Changer with Effects is a good tool only if you use it to entertain your friends. While it can help disguise your voice on Android, the sound quality is still a bit lackluster.

Download: Voice Changer With Effects (Free, only for Android)

8. Discord Voice Changer voice changing software

Discord Voice Changer defines itself as an entertainment app, and just looking at its collection of voice effects, you can understand why. Discord Voice Changer displays a huge collection of voice effects that can be used to disguise your voice.

Options include making you sound like an extraterrestrial, an animal, or any of your favorite famous characters like Yoda or Robocop. The tool uses a clean and comprehensive interface, allowing users to easily find the sound effect they want.

Main features:

1. Unlimited special voice effects
2. Clean and elegant user interface
3. Apply sound effects in real time
4. Create and save modified voices

If you're interested, then Discord Voice Changer is the app you should try to disguise your voice and amaze your friends. The tool boasts a clean and comprehensive interface, and is completely free to use.

10. Super Voice Editor voice changing software

Super Voice Editor is a smart voice editor that records and edits your voice into completely unrecognizable sounds. You can easily edit your recorded voice and transform it to sound like a baby, a devil, or a famous superhero character you like.

In addition to the obvious advantages above, this tool is also considered a great audio editing and MP3 file cutting tool. It allows you to add voice effects to uploaded audio, as well as shorten MP3 audio clips.

This tool can also significantly modify your singing voice to make it more harmonious and melodic than usual.

Main features:

1. Recording tools
2. MP3 file cutting tool
3. Audio editor
4. Audio equalizer
5. Change voice for chat applications

Super Voice Editor is a great tool to have on your Android phone if you are interested in changing or editing your voice to sound great in chat apps. Apart from being a simple voice changer, this tool can also be used as a useful MP3 cutter and audio editor.

12. SuperVoiceChanger voice changing software

SuperVoiceChanger is the best free voice changer for Discord. It allows you to change your voice in real time. If you are looking for a male to female voice changer, this software can help you do it completely free of charge and without the need to install anything else.

SuperVoiceChanger software will automatically change your voice into the sounds you want, like animal sounds, robot sounds or some other strange sound. According to some users, this is the best free voice changer for PC and Discord.

In addition, SuperVoiceChanger can also support Skype, WhatsApp, Video Platform, Recorder, Line App and mobile phone emulators, etc. Using the software is very simple. When you chat with someone by voice, just turn on SuperVoiceChanger and your voice will change automatically.

The app has a feature that allows you to record an audio message and then add effects, so you can send an altered voice note via WhatsApp to your friends. It's very simple, you just need to record the audio you want to edit and select the filter to have it applied automatically. Once you complete this conversion process, you can share the resulting file with any contacts directly from the app.

In addition, the large number of filters offered by the application makes this tool a real treasure for amateur musicians who want to transpose vocals quickly and easily. However, it is clear that SuperVoiceChanger's strong point is creating funny sounds or teasing friends.

SuperVoiceChanger has a button that allows the app to work in the background, so you can play edited audio while also recording voice notes on any messaging app. This allows you to change and add a twist to your voice to "prank" your friends.

In short, SuperVoiceChanger is a fun and comprehensive application for voice changing, allowing users to add sound effects to recordings quite easily and quickly, with some surprising results.
