

15 simple beauty tips for women

Let's find out 15 simple beauty tips for women!

Every girl knows that sometimes getting to know and care for yourself is a very difficult job like having to earn a thousand dollars, it requires a lot of time and effort. The Bright Side page has found a way to make your life easier and that's why we reveal 15 **simple beauty tips that** save a lot of time.

1. Hair spray can be used instead of eyebrow brush gel

© lilluna

Instead of using an eyebrow brush, just spray a small amount of regular hairspray on your eyebrow brush or mascara brush and then gently stroke your eyebrows to notice the difference. This spray gel makes your eyebrows look smoother.

2. Whitening nails

© mynailpolishonline

If your fingernails are yellow or just use dark nail polish, don't worry too much. To make them white and clean, just **dip the cotton ball into lemon juice** and wrap the cotton pad around your fingernail and wrap it with foil. Hold for 10-15 minutes then rinse with water.

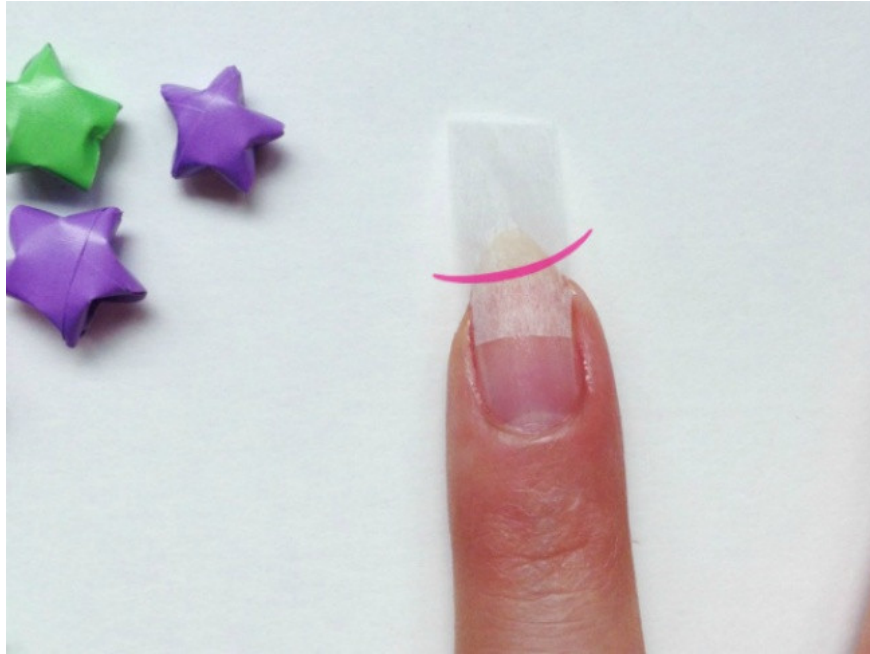

3. Remember the expiry date of each type of cosmetic in use

© yahoo

Almost every beauty product has an icon that indicates **the best use time** after opening the lid. So, do not forget to memorize the box opening date and record it on the packaging body to control product quality!

4. "Emergency emergency" for broken nails

© xovain

A normal **tea bag** also has the power to help you cope with the **nail broken** disaster. Remove all the tea leaves from the bag, cut a piece of the bag so that your nails are new. Paste it in the place where the nail is broken and then use the file to reshape. Paint a glossy paint on top and nourish the real nails that grow back.

5. Use eye drops to cure dry mascara

© musely

When handling dry mascara, use **eye drops** or **translate small contact lenses into mascara jars** . Close the lid and shake it a few times to use it as a newly bought mascara.

6. Clean hairdressing tools

To clean your hair straightener or curler, mix a little **baking soda** with **hydrogen peroxide** and wipe it with a soft cloth along the surface of the machine. Then wipe with a dry paper towel again.

7. Use blush on the lipstick

© thebeautydepartment

Covering with a blush will help you keep the lipstick color longer and the face of the make-up becomes more luxurious and noble. Remember to choose the right gloss.

8. To give your nails a "perfect" beauty

© redbookmag / Stephanie Stanley

Before applying the nail polish, use a little **vaseline** applied around the nail border. This will help you limit the paint color that is smeared when you paint your nails - it can be easily removed with a brush.

9. Preserving cosmetics when traveling

© swifty

To make sure the blush, eyeshadow and other chucks don't break, break when traveling, **cover a chalk with a cotton ball** . That will help the chalk to avoid strong shocks while moving.

10. How to clean makeup brushes

© distritobelleza

To wash makeup brushes faster and more efficiently, create your own special wash pads. Take a piece of plastic or normal paper, **pour hot glue on the plastic or paper surface** in a random shape to create roughness. Wait until the glue dries, add some shampoo and water to create a cleaning solution for the palm tree. Finally, wash the palms with clean water.

11. "Lifesaver" for dry eyeliner

© 9gag

If your eyeliner is dry, just **remove the dry head** and **round it** like this to continue using.

12. Baby bath oil in place of shaving foam.

© puckerupstyle

This secret will help you avoid the irritation and moisturize your skin better.

13. Foot skin care

© onegoodthingbyjillee

To keep your skin on your feet always smooth, soft, soak your feet in the mixture: 2 cups of warm water, 1 cup of vinegar and 1 cup of mouthwash.

14. Eliminate electrostatic hair

© thekrazycouponlady

When it's cold, your hair seems to be more electrostatic. To eliminate this condition and have a silky hair, just use a **dry paper towel** as a "shield" when drying for the entire length of the hair.

15. Great tips for lipstick not sticking to teeth

© cupcakesandcashmere

After brushing the lipstick, **suck your fingertips so that the excess lipstick sticks to your fingers** instead of "splashing" on your lips and sticking to your teeth. After that, use the highlighter for the border to make your lips look more attractive and sexy!
