

## 2 Ways to Convert MP4 to MP3 Online Quickly and Easily

If you like a song in a video, converting the MP4 file to MP3 can allow you to listen to and store that song on various devices. In this article, TipsMake will introduce quick and convenient ways to convert MP4 to MP3 online that you may not know about.

If you want to set your favorite song as a ringtone or save it to your music players, you can convert the MP4 video format to MP3, as this format is compatible with almost all devices, allowing you to enjoy music anytime, anywhere. Instead of installing apps or software to convert videos to MP3 on your computer or phone, you can refer to the quick and time-saving online MP4 to MP3 conversion method in the article below from TipsMake.

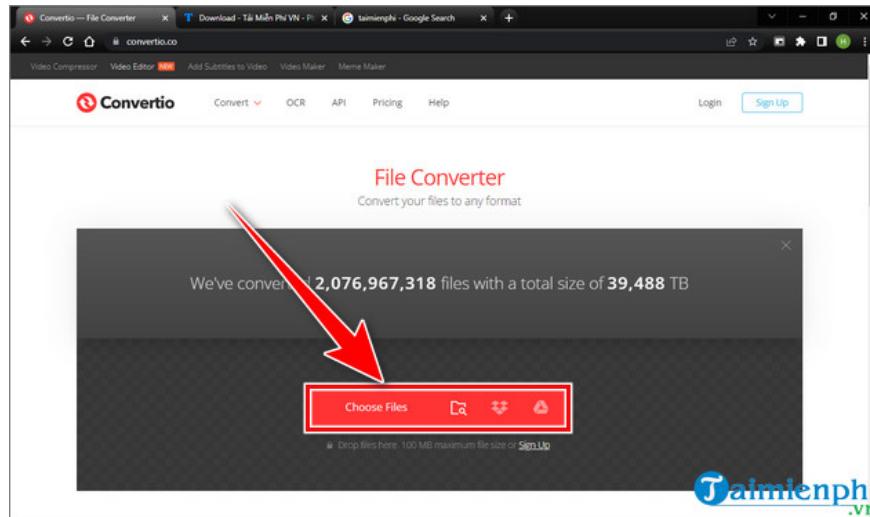

**How to convert MP4 to MP3 online, the fastest way**

### *1. Convert MP4 to MP3 online at Convertio.co*

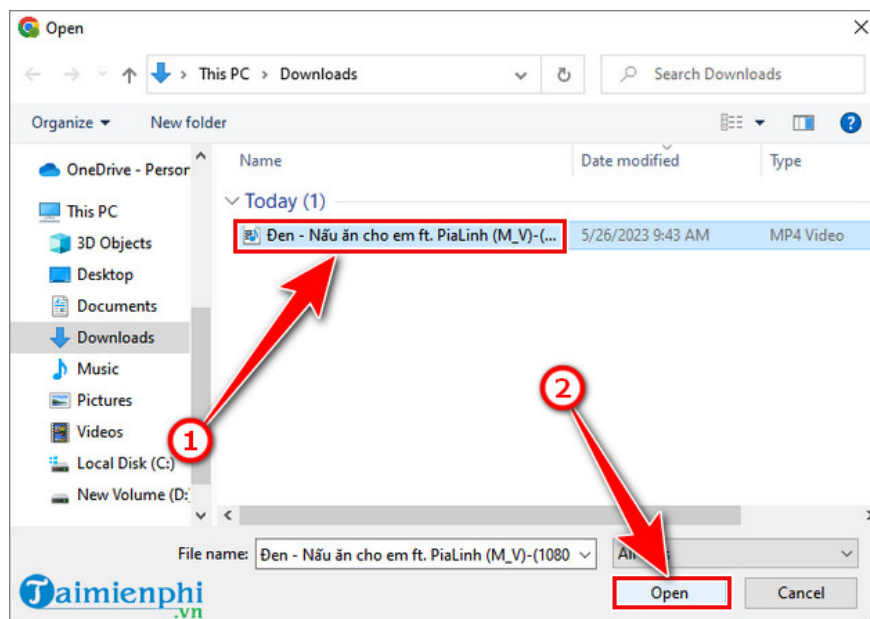

**Convertio.co** is an online file format converter that supports over 300 different formats across all platforms. This website allows you to convert MP4 to MP3 online quickly and easily. Additionally, Convertio.co offers several basic editing features for customization, such as trimming length, controlling volume, and changing VBR, bitrate, etc.

**Step 1:** Access the file format conversion tool Convertio.co [HERE](#) .

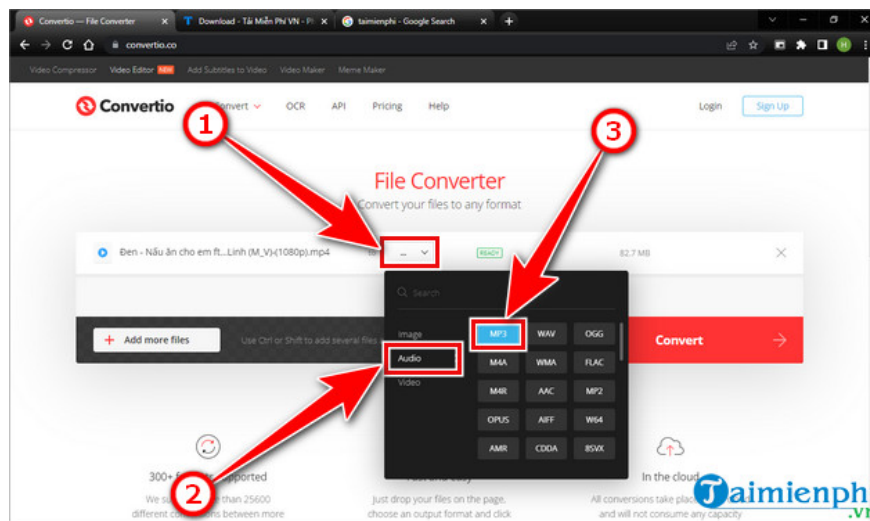

**Step 2:** Click the **Choose Files** button to upload your MP4 file that you want to convert.

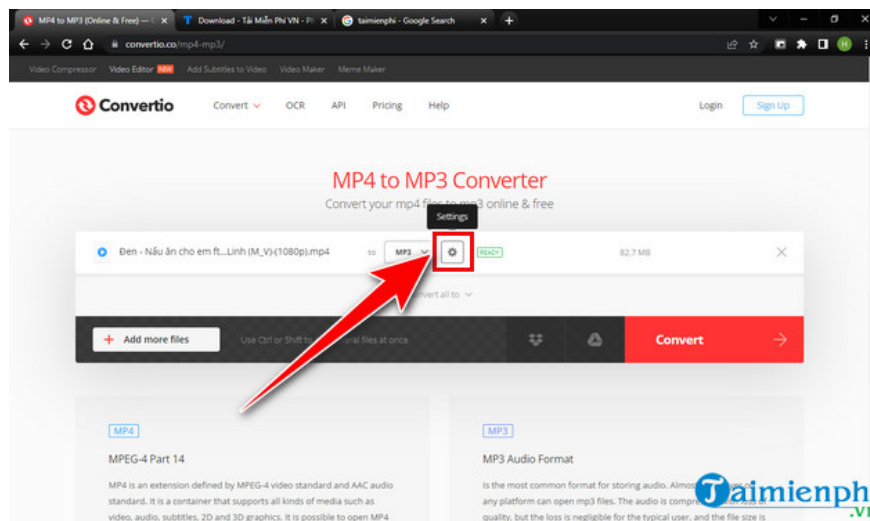

**Step 3:** Select the MP4 file and click **Open** to upload it.

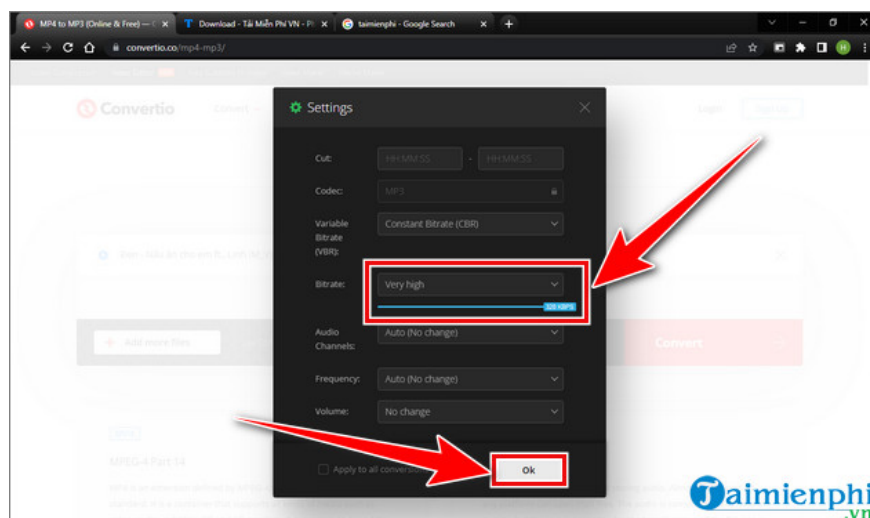

**Step 4:** After successfully uploading the MP4 file, click on the box containing the three dots and select **Audio** => **MP3** to choose the MP3 format for the output file.

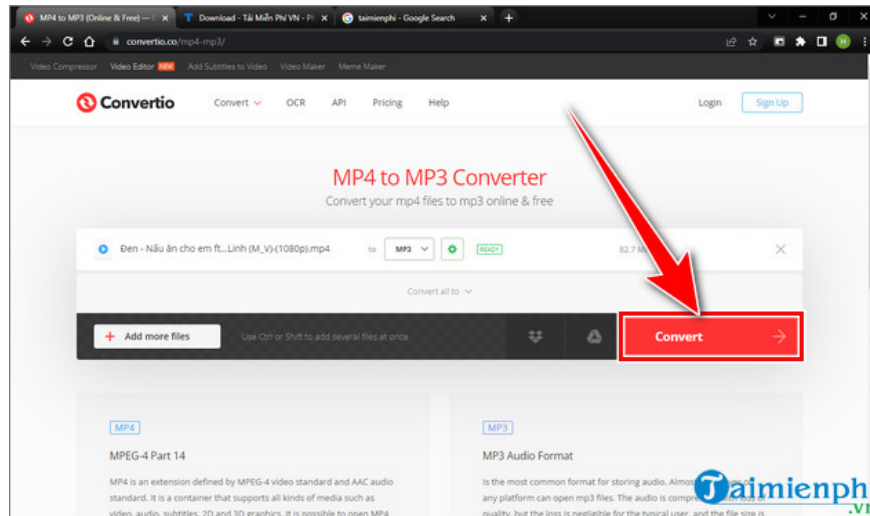

**Step 5:** You can click the gear icon to customize the quality of the MP3 file.

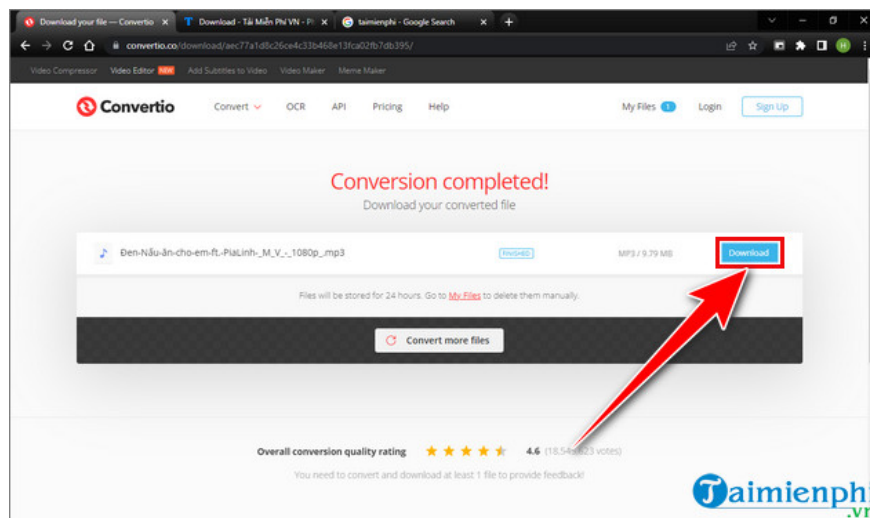

**Step 6:** In the **Bitrate** section, select the **Very High** option to get the best 320KBPS quality for your MP3 music file. Press **OK** to save the settings.

**Step 7:** Click the **Convert** button to start converting the MP4 file to MP3.

**Step 8:** After successfully converting MP4 to MP3, you will receive a " **Conversion completed!** " notification . Click **Download** to download your MP3 file to your computer.

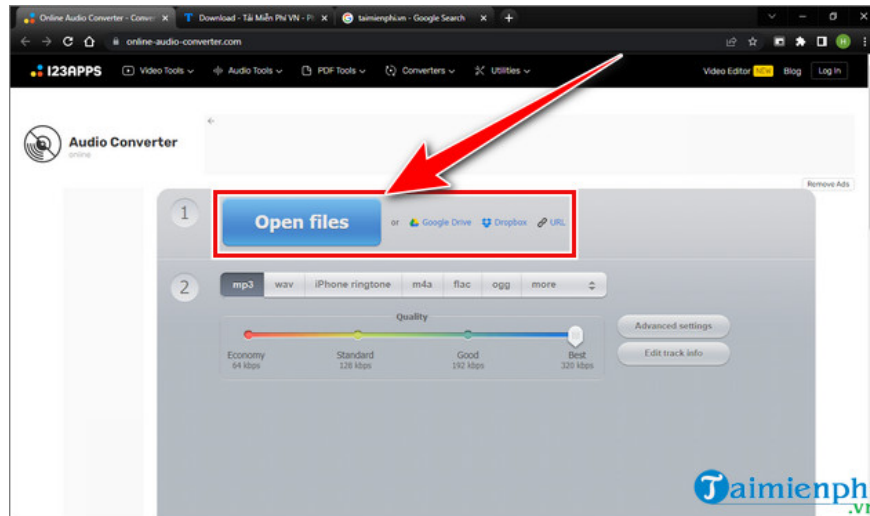

Using a PC, you can also convert MP4 to MP3 using the Convert MP4 to MP3 software. For detailed instructions, please refer to TipsMake's article on how to convert MP4 to MP3 using Convert MP4 to MP3 on a PC .

## ***2. Convert MP4 to MP3 online using Online-audio-converter***

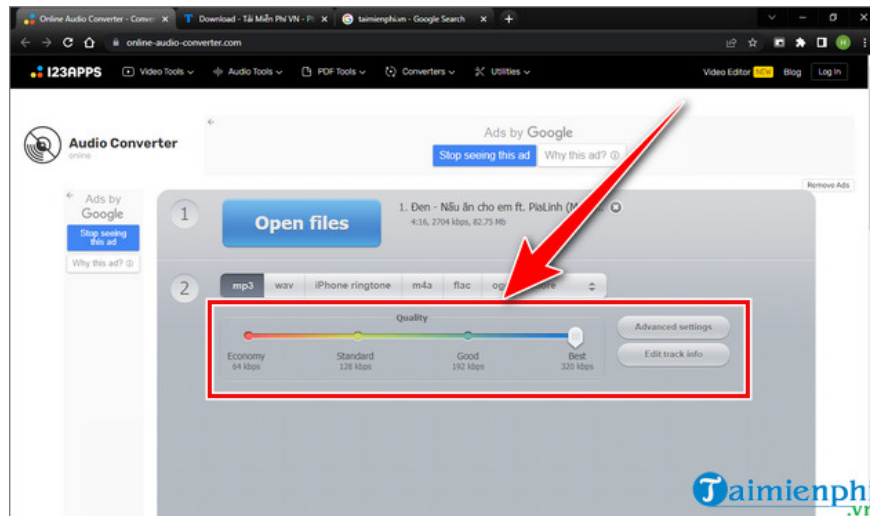

**Online-audio-converter.com** is also a simple-to-use web-based online MP4 to MP3 converter. What sets Online-audio-converter apart is its dedicated audio converter, capable of converting various video and audio formats to MP3, WAV, M4A, FLAC, OGG, MP2, AMR, and iPhone ringtones.

**Step 1:** Access the online audio converter tool [HERE](#) .

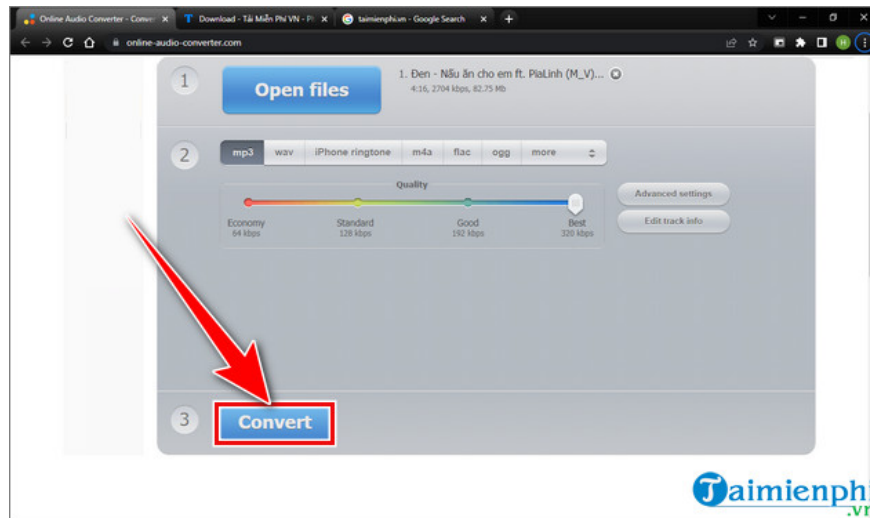

**Step 2:** Click the **Open files** button or drag and drop your MP4 file to upload it.

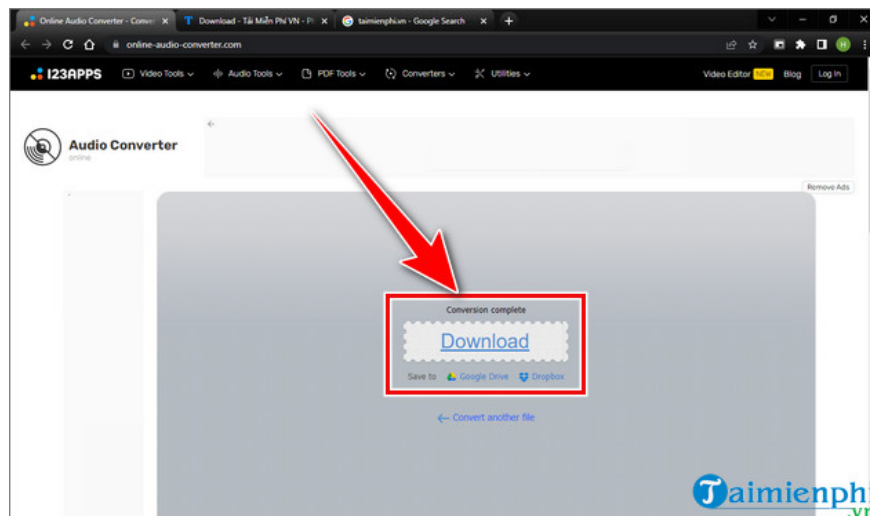

**Step 3:** After successfully uploading the MP4 file, you can customize the converted MP3 file, such as increasing the song quality by selecting 320 KBPS in the **Quality** section . Alternatively, you can click on **Advanced Settings** to make advanced adjustments or click on **Edit Track Info** to edit track information.

**Step 4:** After completing the customizations, press **Convert** to start converting the MP4 file to MP3.

**Step 5:** Once complete, click the Download button to download the MP3 file to your computer. You can also choose to save the MP3 file to Google Drive or Dropbox.

Besides convertio.co and Online-audio-converter, the internet also has many other websites that convert MP4 videos to MP3, such as Zamzar, MP3 Toolbox, media.io, etc. Readers should refer to the top websites for converting MP4 to MP3 online to analyze and choose a suitable file conversion website for themselves.
