

20 beautiful and mesmerizing GIF images to help you inspire creativity

The more amazing thing about this artistic image is that they are all created by a blind artist named Georger RedHawk.

American artist **George RedHawk** has transformed his images and paintings into extremely special animations and 20 works below are some of them. What is remarkable here is that the RedHawk is blind but under the aid of visual aids and computer software, he did not let his ideas and passions be extinguished.

Before being blind, RedHawk worked in medicine and even taught the phlebotomy procedure for four consecutive years. However, since his vision was seriously impaired, he had to retire early. Even so, RedHawk still finds ways to work. He used assistive devices to convey his enthusiasm into photos and "*The World Through My Eyes*" is one of the famous collections. most of you.

Here are 20 outstanding works by RedHawk artist invited to admire.
