20. Sea Battle 2
21. Sea Battle 2

### 1. Alto's Odyssey

This is an addictive Endless runner game, bringing light experience. With Alto's Odyssey you will discover beautiful sand dunes, go through thrilling canyons, avoid obstacles and perform technical acrobatics to earn extra bonuses.

1. Download Alto's Odyssey for Android (Free)

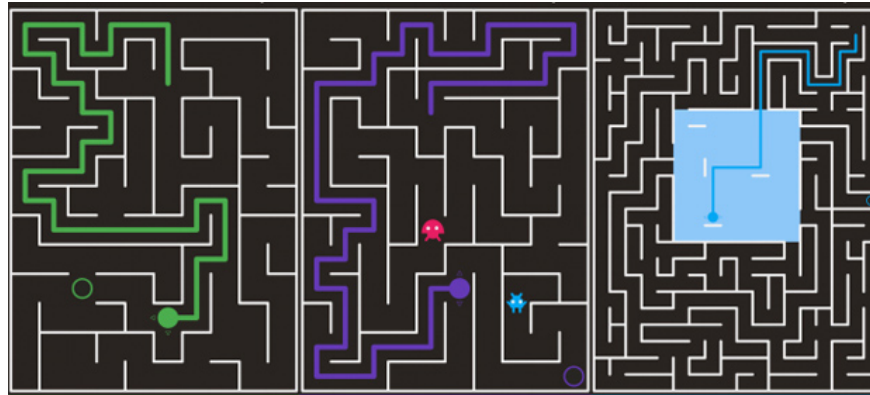

## 2. Really Bad Chess

Forget the classic chess game you've ever played and try Really Bad Chess with this unique gameplay. In this game, you still play on the standard chessboard, but with completely random chess pieces. You can start with three men and a few good troops and the computer has 6 vehicles. When you raise your rank, you will receive better pieces. Try this new chess game.

1. Download Really Bad Chess for Android (Free)

## 3. Mazes & More

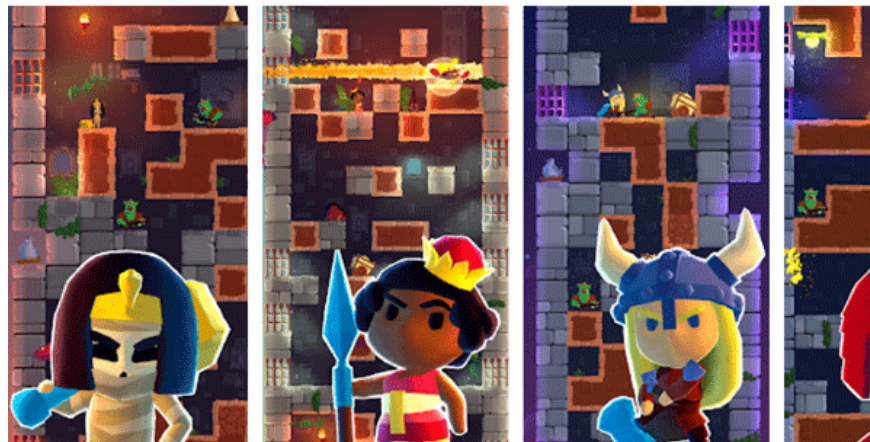

The maze looks simple but to get rid of it is a difficulty. Mazes & More increases the difficulty level compared to other classic maze games.

For example, in **Darkness** mode, you can see the maze at the beginning but everything will get dark except for a bright spot around you and you must find your way out. In addition, it has many other modes such as ice floor, limited time or mode with traps that trick players into intrigue.

If you feel these modes are too difficult for you, you can choose **Classic** mode to solve the common maze. Each mode has different levels for users to try.

## 4. Once Upon A Tower

With Once Upon A Tower, you will encounter reverse elements compared to the usual games. Usually, the prince rescues the princess from a tower, but once Once Upon A Tower, the prince dies and the princess must find her way out of the tower guarded by the dragon with a simple hammer. And instead of climbing the tower, the princess must dig to go down.

On the way, you will have to fight monsters, from cannibal demons to spiders that can climb walls and dangerous traps. Not only can you have to overcome these challenges quickly before the dragon wakes up and spits fire to shatter your efforts.

Collect coins and power along the way to pass different levels. Once Upon A Tower are exciting and seemingly endless games.

## 5. Jungle Marble Blast

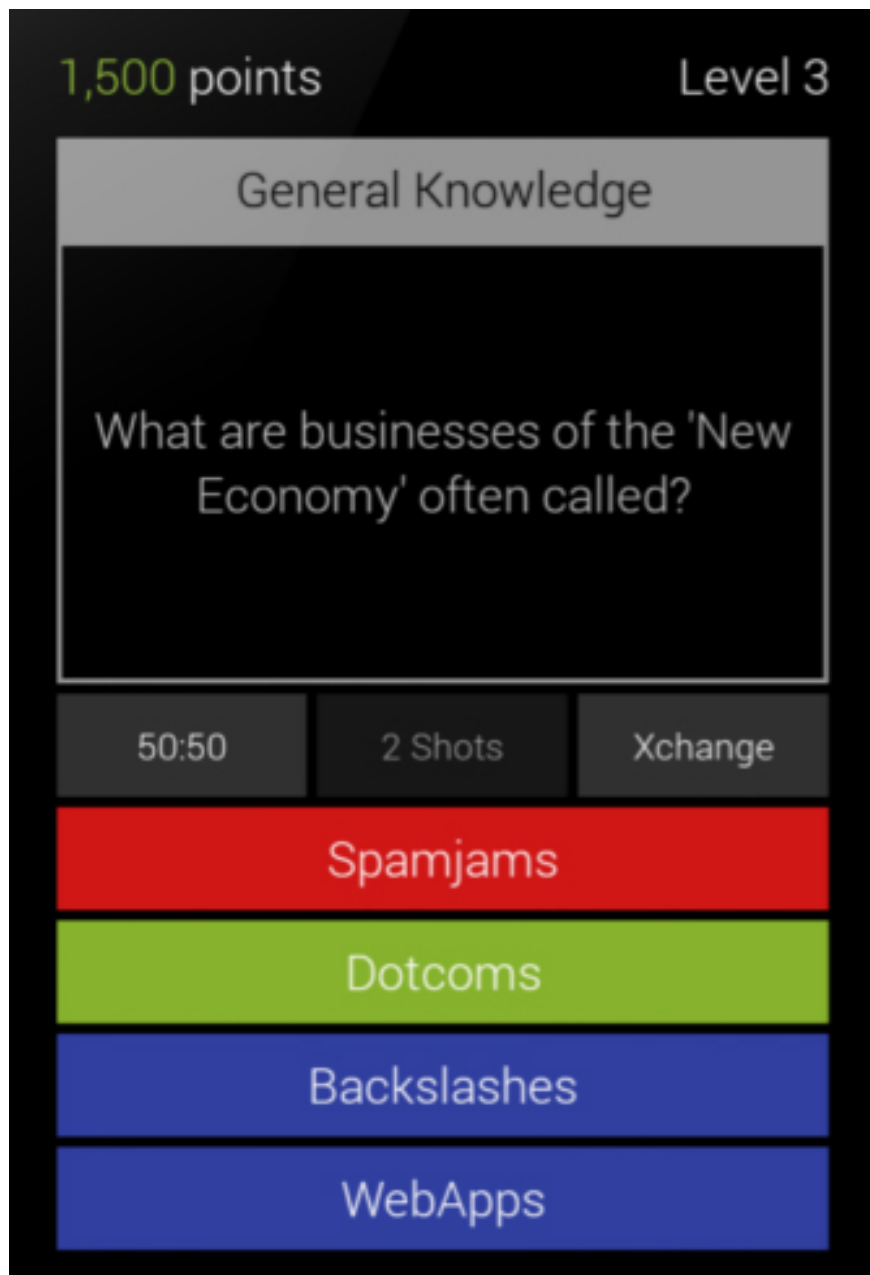

Unfortunately, the classic Zuma game needs to be connected to the Internet to play, but some of its other versions can be played without Wi-Fi connectivity like Jungle Marble Blast.

Its graphics are not smooth but do not affect your playing experience, it still gives you a feeling of enjoyment when playing. Touch anywhere on the screen to shoot and touch the beetle to change the color of the sphere. Your mission is simple, shoot the spheres into the chain to create three orbs of the same color to make them disappear. In addition, you have support tools such as turning a large segment into a color, shortening the paragraph by returning it to the starting point, etc.

1. Download Jungle Marble Blast for Android (Free)

## 6. Quizoid

Many intellectual games that players often need to connect to the Internet, however with Quizoid you can completely play offline. Just like games of the same genre, Quizoid asks questions with many answers, you need to choose the right answer. But because you're dealing with AI, there are a few other game modes. For example, you can answer 20 questions to a computer or play with a time limit, answer as many sentences as possible.

Quizoid has question banks with more than 7,000 sentences of 17 genres such as entertainment, sports, science, politics, history, and many other genres. Unfortunately, catalog-based quizzes are only available in the paid version.
