

# 28+ photos prove the world has changed 'rapidly' over the years

Hopefully the 28+ photos demonstrating the world changing rapidly over the years below will impress you!

1. 25 street artworks that bring you into another world
2. 20 meaningful caricatures of the present state of modern society
3. 18 great perfect photos that you can't take your eyes off

The world changes constantly from one moment to the next and if you choose a period of 10 years, 20 years, 100 years, then that movement is even more powerful. In fact, these are just a few very small changes in the multitude of "evolution" that have occurred everywhere on Earth.

**Re.Photos** is a group of photography lovers re-show 'before and after'; 'now and later' because they think there are interesting stories told only with two photos. There is no focus on this type of art, so they make and create *photo*. It is a website that allows people to browse hundreds of photos or upload and arrange their own.

Today, we want to share that with you. Hope that **28+ photos prove the "dizzying" world over the years** will impress you!
