

3 'miraculous' ingredients turn your tree back to life

Let's TipsMake.com refer to 3 materials that miraculously turn your tree back to life as before below!

1. 10 creative ideas to make flower pots from old plastic bottles
2. Use kitchen garbage to recycle into fertilizer for home vegetable garden
3. How to protect skin from UV rays while indoors?

Anyone who owns a bonsai garden will feel sad when they see their beloved plant pots wither or die? Even if you forget to water or put your potted plants in the wrong place, don't remove them and make sure not to lose the green on their leaves.

On the Bright Side page, it has been very effective and proven that your tree can return to the same " *life* ". Please refer to **3 "miracle" materials to revive your tree as below!**

You need to prepare the following materials:

1. A banana peel

2. Ground coffee

3. An eggshell

Add a little water and mix all the ingredients with a blender.

Sprinkle the mixture around the tree.

Your trees will soon recover and become healthy again.

Having fun!
