9. Quicksand

This is a thin and elegant font but only fits the title and the ad.

Link free fonts download : <https://www.fontsquirrel.com/fonts/Quicksand>

Delicate, yet versatile.

10. Lato

A font with a vacuum doesn't just have to be formal. But it feels tough and warm by the beautiful round letters like Lato especially for business customers.

Link free fonts download : <https://fonts.google.com/specimen/Lato>

Can you feel the warmth tonight?

11. Abel

This modern and condensed font is specifically for posters or headlines. Perhaps it could be used for your recent graphical headline?

Link download : <https://fonts.google.com/specimen/Abel>

ATTENTION: This font works perfectly
for titles and headers.

12. Tuffy

Tuffy is a legless font that meets the easy-to-read humor standard so is recommended for long volumes of text.

Link free fonts download : <https://www.fontsquirrel.com/fonts/Tuffy>

Wouldn't this font look great on your blog?

13. Poiret One

Looking for a plain, simple and distinctive font? Try this font, it's based on geometry and is for short text. Try putting it on stickers, posters, T-shirts, titles, or headlines.

Link free fonts download : <https://fonts.google.com/specimen/Poiret+One>

Add some geometry to your life.

14. Colaborate

Colaborate is thinner than Tuff, which is one of the classic serif fonts with fishtail. I love this font.

Link free fonts download : <https://www.fontsquirrel.com/fonts/Colaborate>

Check out my letters' tails just this once.
Aren't they pretty cool?

15. Ruluko

A sans-serif font can be similar to someone's neat, neat script. Perfect for adding a bit of body-friendly that you don't have to write by yourself.

Link free fonts : <https://fonts.google.com/specimen/Ruluko>

Handwriting or typewriting: You decide.

BlackJack

Draft font, BlackJack friendly, formal. Do you feel like you're in a Parisian cafe?

Link free fonts download : <https://www.fontsquirrel.com/fonts/BlackJack>

Welcome to the Paris Café!

Pacifico

Although cursive writing in this style is bold and rubbing, it is easy to read. I recommend using this font for headings and subheadings because it is too bold and dense with the body of the text.

Link free fonts download : <https://www.fontsquirrel.com/fonts/pacifico>

*Thick, easy-to-read letters are great
qualities in handwriting fonts.*

Gloria Hallelujah

This is a mischievous font that reminds me of my school notes. Undoubtedly, this font must have been created from the handwriting of Korean high school students.

Link free fonts download : <https://fonts.google.com/specimen/Gloria+Hallelujah>

Here's your checklist.

Rock Salt

Rock Salt reminds me of comic book fonts that look so great.
