Note: The USB-C cable price in this article is for reference only at the time of writing, subject to change. You should contact the seller to get the most accurate price.

1. Anker PowerLine + II USB-C to USB-A 2.0 Cable (318 thousand VND)

For general use, you should choose Anker's excellent PowerLine II + cable. These cables are braided to make it difficult to break and connections using high quality plastic. They can handle high-power connections to charge your laptop or charge quickly on your phone easily. With a length of 6 feet (1.8m) you can use it to charge standard desktop computers. In addition, it has two red and black colors to choose from. These cables have both C-to-C and A-to-C for connecting to the old rectangular USB standard. This cable can be used for Samsung Galaxy S9 / S9 + / S8 / S8 + / Note 8, LG V20 / G5 / G6, etc.

2. Belkin MIXIT Dura Tek Lightning to USB Cable (VND 682 thousand)

This C-to-C cable is double-braided, so it does not wear when bent or rolled. The connectors are reinforced with metal firmly. This cable is more expensive than long-term but more durable alternatives, it is worth your investment. Belkin Cable MIXIT DuraTek can be used with iPhone XS, XS Max, XR, X, 8/8 Plus and some other devices.

3. C-to-C cable DockCase (227 thousand VND)

For those who want their workspace to be neat, tidy, this small and cheap cable is the right choice. The cable is made of flat rubber material, can be bent, suitable for inserting into carrying bags in case of need to charge while moving. Although it's small but has maximum USB 3.1 speed, 4K video and charging with a capacity of up to hundreds of watts. It can be used for Samsung Galaxy S8, S9, S10, T5 LaCie SSD, MacBook Pro, iPad Pro 2018 and more.

4. AmazonBasics USB Type-C to USB Cable Type-C 2.0 (160 thousand VND)

Thousands of suppliers are willing to sell you cheap USB-C cables, but the cheapest option may not be a good idea, especially if you're charging a laptop or smartphone.

The AmazonBasics series provides standard cables with only 160 thousand VND with options for adding lengths and discounts when buying more. These cables are not fancy but are USB-IF certified. Use version 2.0 if you don't need super-fast data and it also has the option of 3.1.
