4. **Canon PIXMA G3010 WiFi Color Inkjet Printer.**

1. HP Ink Tank 415 WiFi Color Inkjet Printer

Specifications:

- Machine type: Color digital printing
- Functions: Co-op, Scan (Color), Single-sided printing, Wi-Fi printing
- Included ink cartridge: Approximately 4000 A4 pages (at 5% ink density)
- Print quality: 1200 x 4800 DPI
- Printing speed: 8 pages/minute (Black and white), 5 pages/minute (Color)
- Ink type: HPGT51 black, HPGT52 (magenta, cyan, yellow)
- Printing paper: A4, A6, A5, 4 x 6 (inch), 5 x 7 (inch)
- Recommended print volume: 100-1000 pages/month
- Reference price: 3,570,000 VND

The HP Ink Tank 415 WiFi color printer boasts a compact design and a stylish matte black finish. Its lightweight and compact design allows for flexible placement anywhere. The 1200 x 4800 DPI print quality delivers highly detailed prints, making documents requiring sharpness, such as advertisements, flyers, and photos, more appealing.

This HP color printer is quite versatile, integrating single-sided printing, Wi-Fi printing, copying, scanning, and manual double-sided printing. Printing speeds reach up to 8 pages per minute for black and white and 5 pages per minute for color. You can print up to 8000 pages per month; its stable printing capacity helps you save time and costs.

Additionally, the Wi-Fi connectivity feature of HP color printers allows you to conveniently print documents from mobile devices. It also features a USB 2.0 port, wireless printing, and integrates various advanced printing technologies such as Wi-Fi Direct, ePrint, and AirPrint.

Dubbed the printing technology of the future, 3D printers are being applied in many areas of life such as construction, fashion, and food. If you are also looking for information about this 3D printing technology, you can refer to the article "What is 3D printing technology? What can **3D printers** print?" in the link below from TipsMake.

2. Brother DCP-T310 Color Inkjet Printer

Specifications:

- Machine type: Color digital printing
- Functions: Co-op, Scan (Color), Single-sided printing
- Included ink cartridge: Approximately 6500 A4 pages (at 5% ink density)
- Print quality: 1200 x 6000 DPI
- Printing speed: 12 images/minute (Black and white) - 6 images/minute (Color)
- Ink type: BT60 BK and BT5000 C/M/Y ink
- Printing paper: A4, A5, A6
- Recommended print volume: 250-2000 pages/month
- Reference price: 4,090,000 VND

The Brother DCP-T310 color printer is a multifunction device: print, scan, and copy, giving users a wide range of printing options and improving work efficiency. With a print quality of 1200 x 6000 DPI, it produces sharp images of even the smallest details and true-to-life colors. You can easily observe the print quality without having to concentrate intensely.

The printer/scanner boasts a speed of 12 images/minute (black and white) and 6 images/minute (color), saving users valuable time. Even more impressive, this color printer uses BT60 BK and BT5000 C/M/Y ink cartridges with large capacity, allowing you to comfortably print 5000-6500 pages per cartridge.

3. Canon PIXMA G1010 Color Inkjet Printer

Specifications:

- Machine type: Color digital printing
- Function: Single-sided printing
- Included ink cartridge: Approximately 7000 A4 pages (at 5% ink density)
- Print quality: 1200 x 4800 DPI
- Printing speed: 8.8 images/minute (Black and white), 5 images/minute (Color)
- Ink type: GI-790 (Cyan, Magenta, Yellow)
- Printing paper: A4, A5, A6, Letter
- Recommended print volume: 150-1500 pages/month
- Reference price: 4,090,000 VND

The Canon PIXMA G1010 color printer can print up to 5000 pages per month at a speed of 8.8 images per minute, meeting the needs of personal work, entertainment, or small businesses. Compatible paper sizes include A4, A5, A6, and Letter, allowing you to create and store photo albums to your liking.

The Canon PIXMA G1010 color printer boasts a resolution of 1200 x 4800 DPI, delivering prints with sharp images and clear text, minimizing blurring and missing characters.

If you're looking to buy a thermal printer for printing invoices and documents, you can check out thermal printers from brands like Xprinter, Epson, etc. for more information.

4. Canon PIXMA G3010 Wifi Color Inkjet Printer

Specifications:

- Machine type: Color digital printing
- Functions: Co-op, Single-sided printing, Wi-Fi printing, Color scanning
- Included ink cartridge: Approximately 7000 A4 pages (at 5% ink density)
- Print quality: 1200 x 4800 DPI
- Printing speed: 8.8 images/minute (Black and white) - 5 images/minute (Color)
- Ink type: GI-790 (Cyan, Magenta, Yellow)
- Printing paper: A4, A5, B5
- Recommended print volume: 150-1500 pages/month
- Reference price: 6,590,000 VND

The Canon PIXMA G3010 Wifi color printer is a multi-functional device that can print single-sided, copy, scan, print via Wi-Fi, and print in color, offering many conveniences for your work and entertainment needs. For printing and scanning, it boasts a print capacity of 5000 pages per minute and a color printing speed of 8.8 images per minute, making document printing faster and easier than ever.

The Canon PIXMA G1010 printer boasts high-quality printing with 1200 x 4800 DPI resolution, producing beautiful, evenly printed documents without smudging, and most importantly, very sharp colors.

This color printer supports Wi-Fi connectivity, making it convenient for users to utilize modern features like Wi-Fi Direct and Canon Mobile Printing, allowing for quick and easy copying and scanning of documents. Alternatively, you can print using the traditional USB 2.0 connection.

Most of the printers mentioned above can connect to and are compatible with many different types of computers. However, some printers are only suitable for certain models, and Macbooks are an example. If you are using a Mac, you can refer to **the 5 best printers for Mac** to ensure smooth work for your business or organization.

Above are my suggestions for the cheapest color printers on the market that still offer surprisingly good quality. What about you? Which do you think is the best printer? Please share your thoughts in the comments below.
