

## 4 steps to add audio calendar feature on Android

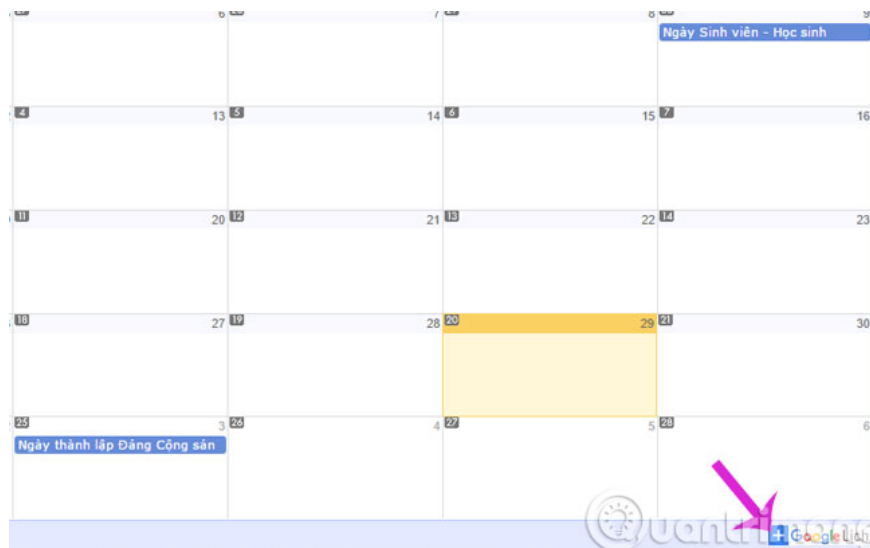

For Vietnamese people, the lunar calendar still plays an important role in the spiritual life, associated with many important events from the Lunar New Year to marriage and death anniversary. However, many calendar applications on smartphones do not have lunar arrays, which makes it difficult for users because we cannot always have a calendar with us. Therefore, we will guide you how to add the lunar calendar feature on Android device in the article content below.

For Vietnamese people, the lunar calendar still plays an important role in the spiritual life, associated with many important events from the Lunar New Year to marriage and death anniversary. However, many calendar applications on smartphones do not have lunar arrays, making it difficult for users because we cannot always "schedule" our calendars. Therefore, we will guide you how to add the lunar calendar feature on Android device in the article content below.

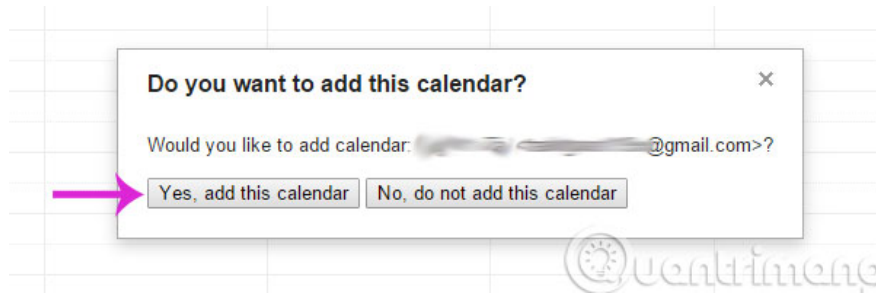

Note :

1. Your Android device needs to install the Google calendar application (if not, you can download it [here](#) ).
2. Google accounts on Android must match on the computer

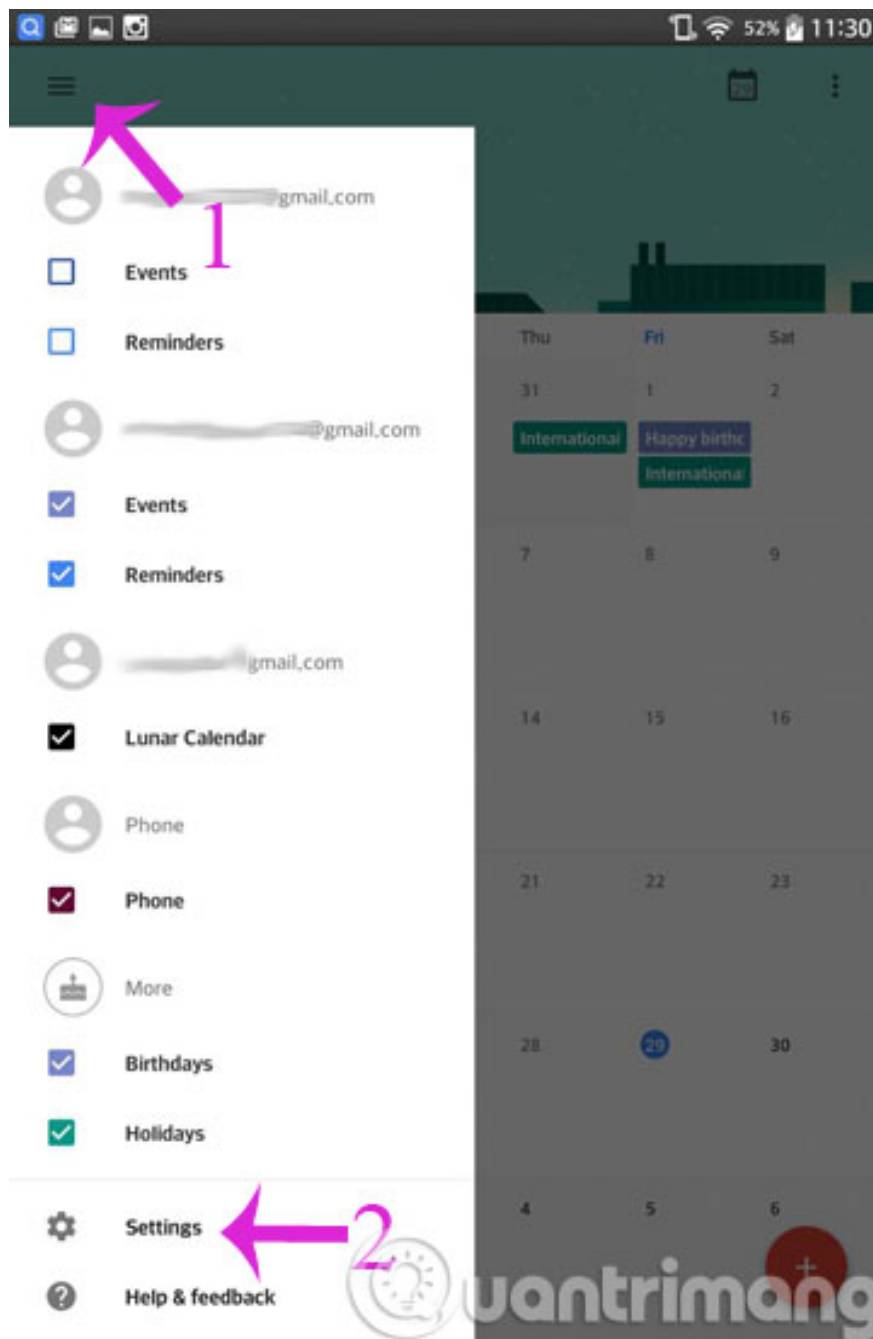

### Step 1: Visit the Google Calendar homepage and click Google Calendar on the bottom right

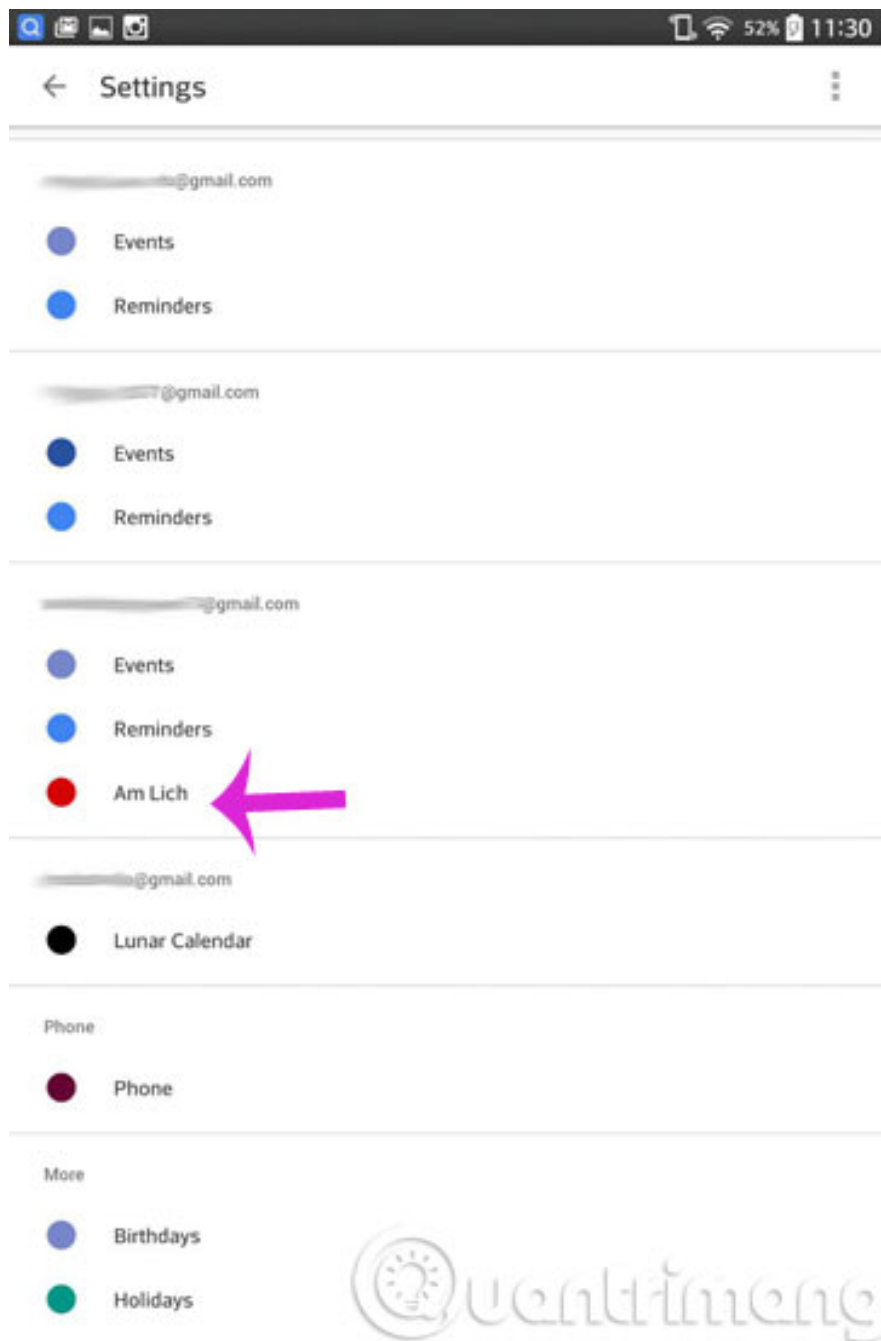

### Step 2: At the new interface page, click Yes, add this calendar

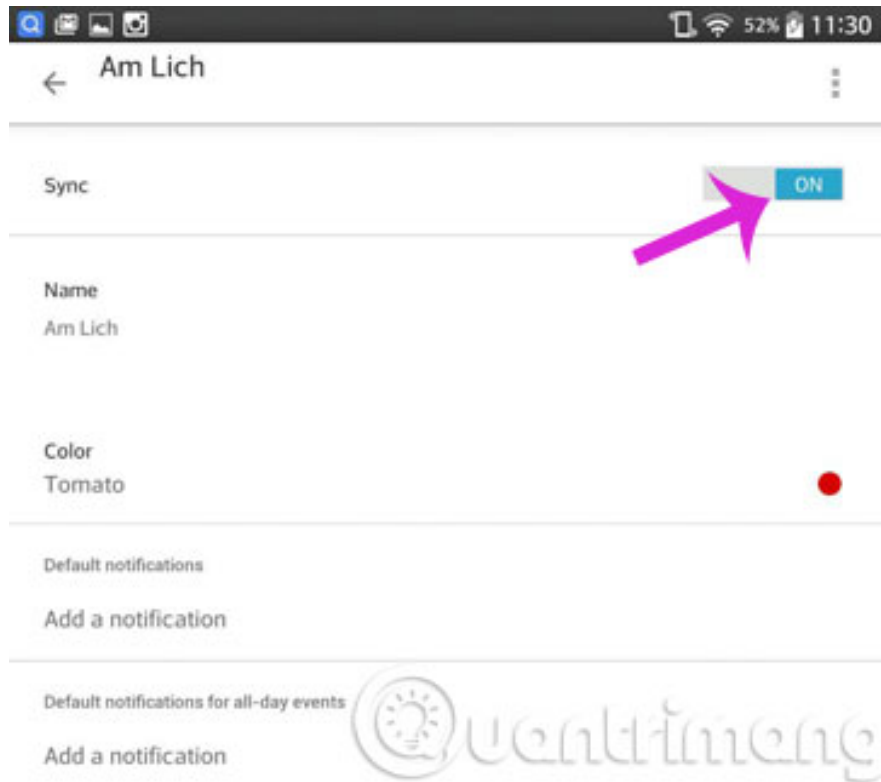

**Step 3: Open the Calendar app on Android, click 3 tiles and select Settings**

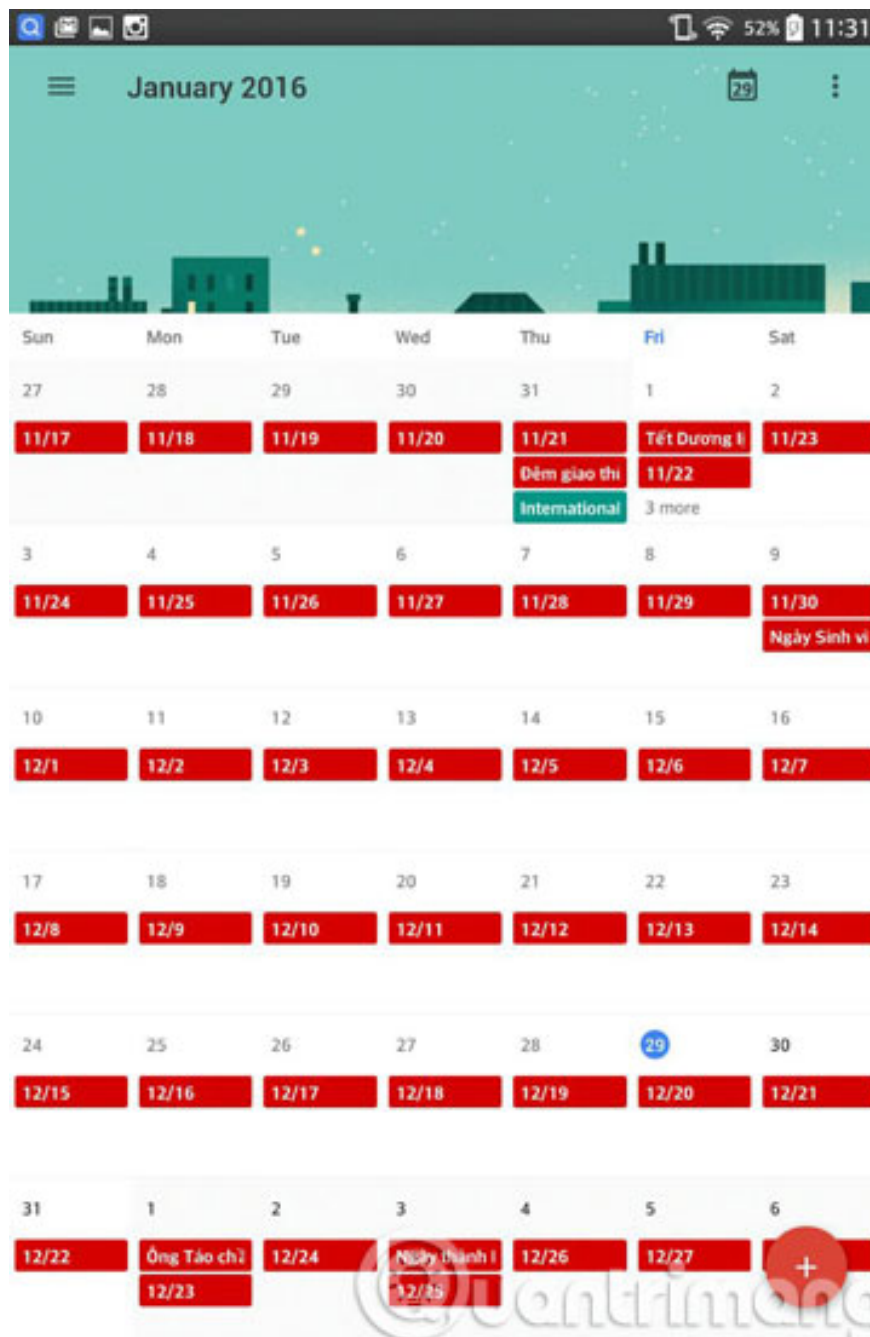

**Step 4: In the Settings interface, click the Lunar section below your account**

**Step 5: Turn on the Sync item to On mode**

**Step 6: Go out of the main interface to see the results**
