

# 5 most reputable websites to make money by viewing ads

The form of making money online is attracting the attention of many people who want to increase their income. In this article, we will share the top 5 reputable websites to watch ads to make money, helping you easily choose and stay away from scams.

## *I. Is it true that you can make money watching advertising videos?*

Many people may wonder about the authenticity of watching ads to earn money. In fact, many businesses have created promotional programs with attractive rewards to attract consumers to learn about their products. Therefore, making money from watching ads is completely real.

However, there are also many ways to make money by watching ads that are scams. You need to be careful to choose the right apps and websites to watch ads to make money, to ensure that your time is paid.

Similarly, many people also wonder if walking apps to earn money like Toss app (a famous Korean app) are scams? Do you really make money? To answer this question, the information shared in the article **App Toss walking to earn money**, how to withdraw money, and redeem rewards will help you solve your problem.

## *II. Top 5 apps and websites that make money online by watching ads*

With just a smartphone with internet connection, you can easily access reputable websites to earn money from watching ads. Below are the 5 most effective ways to watch videos to earn money.

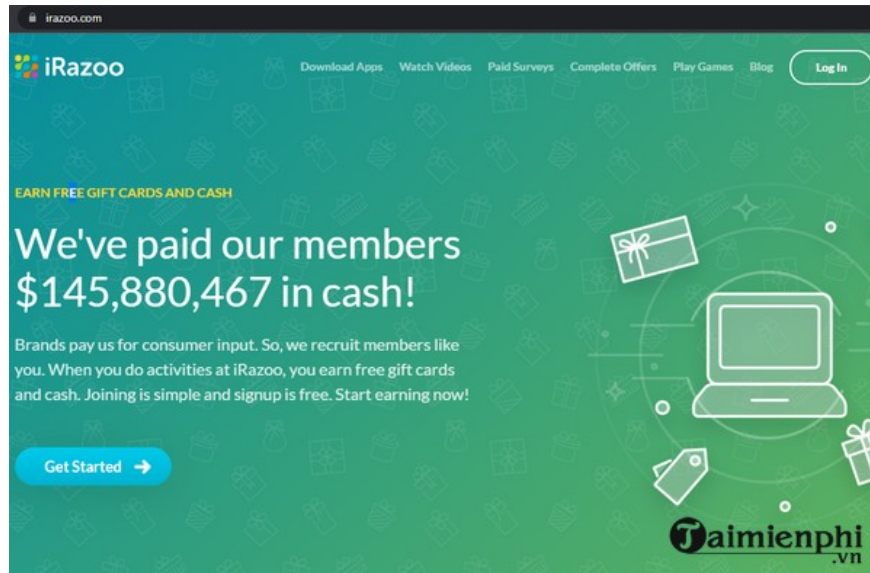

### *1. Swagbucks*

Swagbucks is a leading reputable website for making money by watching ads. On the Swagbucks website, there are many videos with a variety of genres to help you find your favorite videos, both for entertainment and to earn extra income.

In addition, Swagbucks also integrates many different online money-making jobs besides watching videos to earn money such as surveys to earn money, using coupons. If you get 300 Swagbucks, you can exchange for suitable gifts. If you want to exchange for cash, you need at least \$25 and must withdraw via Paypal.

## 2. *iRazoo*

iRazoo is also a reputable **website for watching ads to earn money** that you can choose. Currently, iRazoo has more than 50 channels with many videos in various fields from cooking, time to introducing products, so you can easily choose your favorite video.

## **iRazoo Interface**

As for rewards, you can redeem them for gift cards or cash. Like Swagbucks, iRazoo also integrates many different jobs and money-making activities to help you find many activities that are suitable for you to earn extra income.

## 3. *Viggle*

Another suggestion for you about a reputable website that allows you to earn money when watching ads is Viggle. According to research, every minute you spend watching videos, you will earn 1 Perk point and many attractive incentives. You can even earn 10 points/minute. But earning this maximum point is not easy. In addition to watching video ads to earn money, you can earn money by playing with Viggle live, participating in Quest & Streaks.

If you have specialized knowledge in any subject and want to earn money and increase your income, the top apps/websites **for solving homework and making money** online for students will bring you many opportunities.

## 4. *InboxDollars*

InboxDollars is also a familiar and reputable website for making money when watching ads. As soon as you register an account, you will receive a reward worth up to \$ 5 in your account. Similar to other sites, videos on

InboxDollars are also very diverse and rich. Every day, there are many updates so you will not feel bored when watching. However, you are only allowed a maximum of 30 videos per day. In addition to exchanging for gifts on many e-commerce sites, you can convert to cash and receive via Paypal payment.

## **5. SuccessBux**

Unlike the above websites, SuccessBux is a reputable ad-watching app designed specifically for Android and iOS phones. When you access it, your job is to watch advertising videos to earn money or you can do tasks or answer surveys to earn money. But first, you need to make sure to download the SuccessBux app to your device. Immediately after completing the installation, you can watch advertising videos to earn MoMo money through this app.

There are many reputable websites and apps that make money by watching ads such as MyPoints, Nielsen, SlideJoy, InstaGC, Paid2Youtube. However, watching ads to make money in Vietnam is not popular yet. You can learn more about making money by watching Amazon ads, how to watch videos to make money on YouTube and foreign websites and apps that Taimienphi suggests above to make the right choice. If you have a lot of time, you can refer to more reputable **foreign websites and apps to make money** or websites **that type CAPTCHA to make money** online easily, with fast liquidity to earn more money.

Unlike writing reviews, blogging, translating, making money by watching ads only requires you to spend time watching without having to do anything. However, the amount of money you receive is not much compared to the work that you spend your free time doing such as writing product reviews, writing blogs. But if you want to relax and make money effectively, do not ignore this way of making money.

Typing CAPTCHA to earn money online is an easy and legal typing job that helps you earn extra income in your spare time. Refer to the list of top reputable **CAPTCHA typing websites to earn money** and pay on time in the following article.
