In 2022 Tipsmake will introduce you to 5 prestigious NFT games to earn money for Tet!

Mines of Dalarnia

Launched on Binance Launchpool, Mines of Dalarnia is an action-adventure game featuring a single real estate market powered by blockchain.

Players are divided into two cooperative factions, miners and landowners. Miners fight monsters and destroy blocks to find valuable resources. While the landowner provides the land and resources.

Players can also team up with friends to defeat monsters, complete quests, and unlock in-game rewards.

Mines of Dalarnia – 5 NFT Games worth playing 2022

The assets in Mines of Dalarnia are available for purchase on the Binance NFT Marketplace through their upcoming IGO collection in Q1 2022. The in-game currency DAR is used for all in-game transactions, play, including upgrades, skill development, administration, transaction fees, and more.

Illuvium – Expected to be well received by friends of this trend

Illuvium is an upcoming blockchain game in the open world, RPG scene.

In the game, the player travels around the fantasy world, defeating and capturing creatures known as Illuvials. Once they're in your collection, Illusions can be used in battle with other players as you're on quests, completing challenges, or playing through Illuvium's story.

Each Illuvial has a corresponding attribute that all have their own strengths and weaknesses. Your Illuvial becomes stronger as you win battles and complete quests.

Illuvium – Expected to be well received by friends of this trend

All Illuvium in-game assets, including Illuvials and items, are tradable on the NFT marketplace. If you are interested in earning in-game currency of Illuvium, ILV and sILV, you can purchase tokens on Binance and start staking on Illuvium's platform or you can stake partner tokens in Flash Pools their.

Aliens World

Aliens World – 5 NFT Games worth playing 2022

Alien Worlds is an NFT Metaverse spread across seven planets. The goal of the game is to earn in-game cryptocurrency, called Trilium (TLM), which can be traded for real money.

Players can mine TLM or send virtual spacecraft on missions across the Metaverse to compete for TLM rewards. Each traveler can get up to five NFTs after completing a mission. The game also allows players to compete against each other on the BSC blockchain as they explore different planets.

Mobox has cross-platform compatibility for your convenience

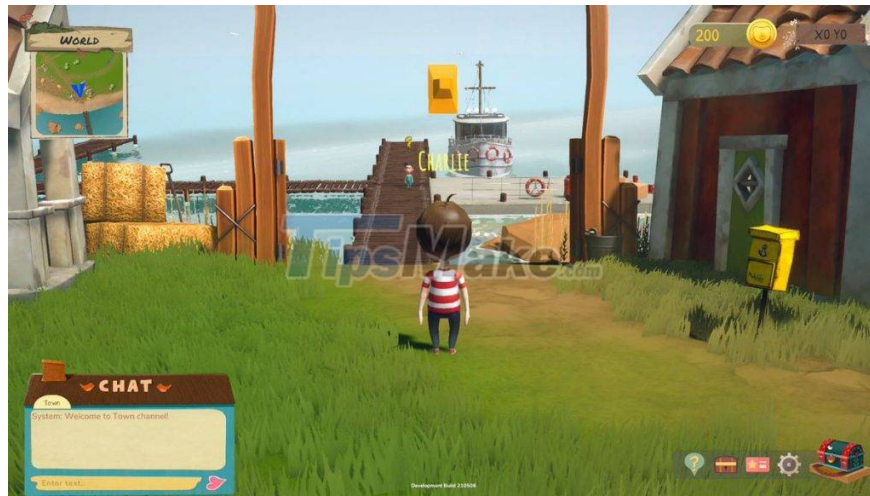

Mobox has cross-platform compatibility for your convenience

Mobox is a cross-platform GameFi metaverse that combines gaming NFTs with DeFi productivity farming. Players can obtain Mobox NFT, also known as MOMO, through the launch of the Binance NFT Mystery Box or the Binance NFT secondary market.

Players can farm, battle and generate crypto rewards with their MOMO NFT. The platform also allows players to trade MOMO by staking them for MBOX tokens or using them as collateral in the MOBOX metaverse.

Mobox offers simple gameplay that combines free play and play for money mechanics. The game prioritizes NFT interoperability, allowing players to simultaneously use their MOBOX assets across a variety of games.

My Neighbor Alice

My Neighbor Alice

My Neighbor Alice is a multiplayer game with the goal of building the good world. An immersive experience for casual players and an ecosystem for traders and NFT collectors.

Players will buy and own virtual lands in the form of NFT tokens from Alice or the market. The land supply is scarce, so the price fluctuates in the market. If you are an excellent landowner, you will receive benefits through the in-game reputation system. In addition to land, players can purchase and use in-game assets such as houses, animals, vegetables, decorations, or cosmetics for their avatar.

The main in-game currency is the Alice token, which is also available for purchase on Binance. Alice tokens are used for in-game transactions, like buying land, and specific DeFi services like staking, mortgages, and buybacks.

The new year is coming, the 5.0 era is about to open, you learn about NFT slowly so that later you can make real money from the metaverse!
