

6 beautiful hairstyles suitable for long and thin faces

If you have a long face, you should choose a short hair style, a horizontal hair or a shoulder that will be more suitable and can conceal the blemishes on your face.

If you have a long face, you should choose a short hair style, a horizontal hair or a shoulder that will be more suitable and can conceal the blemishes on your face. Here are the beautiful hair styles suitable for long, thin faces, you can refer to become more beautiful.

1. Long hair across the shoulders of thin roofs for long faces

With a slightly longer shoulder-length hairstyle, natural hairline, a slightly curled ponytail and a loose roof that helps cover the forehead, it will make your face look more compact.

Don't be afraid to dye your hair in bright colors, they will help you become younger and more dynamic.

2. Long short bob hair

The long face will become more elegant with this long short bob hairstyle: long hair that touches the neck, the ends of the hair that are swollen and curled in, bangs to lengthen and brushed off 7-3 or 8-2. With this hairstyle, you can color your hair brighter in light yellow, orange, yellow, red, chestnut . to become more modern and more personal.

3. Shoulder-length hair combined with a sprawling roof with a thin face

The cut-out hair with the length of each hair is not equal and a little over the shoulder, hugging the face will help you look more cute and youthful. With this beautiful hairstyle you can dye yellowish brown, chocolate brown or simply keep it black.

3. Shoulder-length hair gently bends the roof

With a very light curling tail that only sees outer layers of curly hair, a 4/6-length long section, this hairstyle will help those with long faces to be beautiful, gentle and feminine.

If you choose this hairstyle, you should dye the bright, ombre or highlight tones to become more prominent and personality.

5. Stretched hair style

The length of the hair to the neck with the torso stretched and swung inward, the bangs brushed toward one side. This puffed hair style will help the long face become shorter and more elegant.

6. Curly style suitable for long face

Curly hair style with a curled tail section, the top part creates a bulge and deflects the deflected roof will help the women with long faces overcome the shortcomings and create focal points. With this frizzy hairstyle, you should dye the beautiful hair colors such as crimson, bright yellow .
