

# 6 best manga apps for Android and iOS

Downloading the manga app for your phone makes it easy to have all your favorite manga in your pocket.

You can start reading from where you left off, anywhere and anytime, and entertain yourself with the best manga.

Of course, you need to have the right manga reader. That's why TipsMake.com.com put together the following list of the best manga apps for Android and iOS.

## 1. Crunchyroll Manga

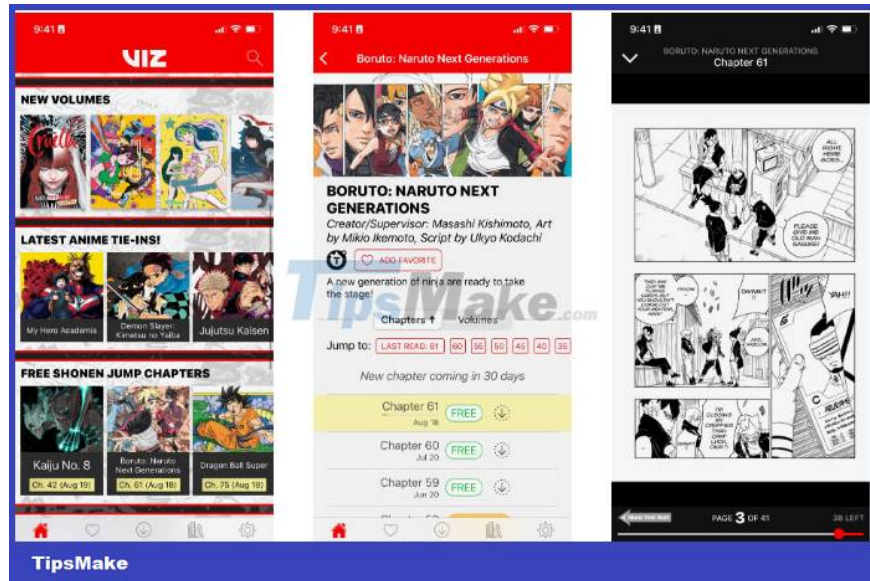

If you're an anime fan, you've certainly heard of Crunchyroll. This is just one of the best streaming services out there. And the platform also has another app dedicated to pure manga.

Just like the main Crunchyroll app, you can read some manga chapters for free. Unfortunately, if you want to read all the chapters, you need a Crunchyroll premium account. Oddly, you can't subscribe to Crunchyroll using its manga app; you will need to access the main Crunchyroll anime app or visit the Crunchyroll website to do so. Crunchyroll Manga has a huge library of the best manga out there and you'll have it all at your fingertips.

## 2. VIZ Manga

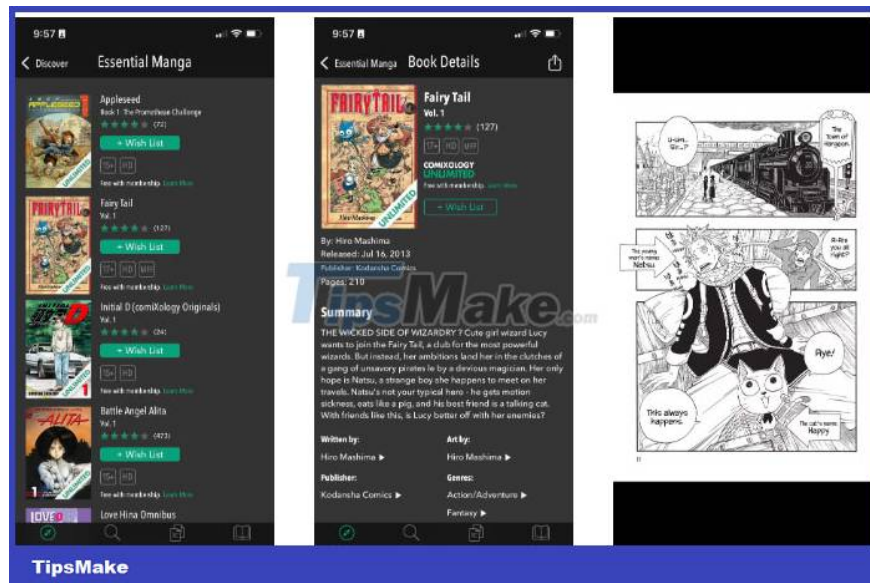

????If you are looking for a smooth reading experience, free manga chapters, a massive library of great and latest manga, then VIZ Manga might be the right app for you. .

VIZ Manga has a lot of genres and manga for you to choose from. There's even a manga based on Disney's Cruella, so it's easy to find something unique and interesting.

The best thing about VIZ is that it offers the latest chapters of the Shonen Jump series for free, making it one of the best legitimate platforms to read manga online for free. You can read the latest chapters of Boruto, Dragon Ball Super, etc. for free. However, to read the rest of the chapters, you need to subscribe to VIZ Manga.

## 3. Comics & Manga by Comixology

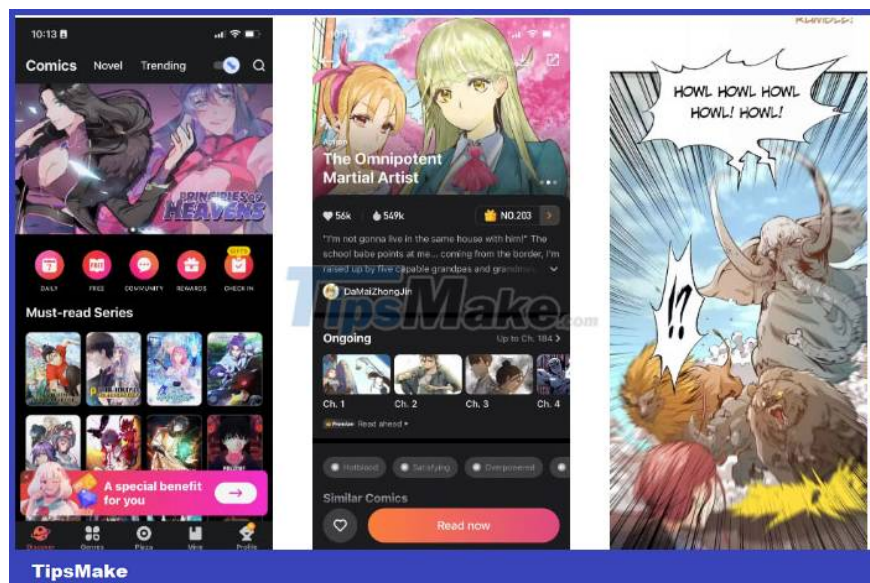

Comics & Manga by Comixology is the perfect app for manga and manga lovers. With a library of over 100,000 manga and graphic novels, you'll find everything you're looking for, whether it's Batman or Naruto.

Also, if you are looking for one of the best manga readers for Windows or Mac, you can also access Comics & Manga by Comixology from a web browser if you want to read manga from your computer.

Comics & Manga by Comixology has a library with many of the most popular manga titles. You can find popular titles like Fairy Tail, Dragon Ball and One Piece. Or you can expand your wish list by finding a new hidden gem inside the app's library.

## 4. WebComics

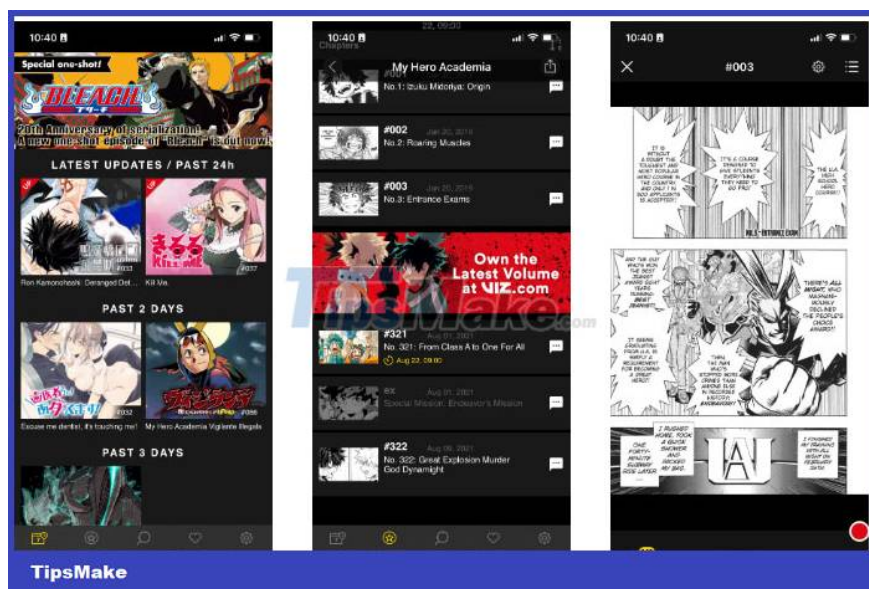

With the WebComics app, you'll find many unique titles created for comic lovers. It is also one of the best sites to read webtoons online. This application has a lot of manga creators around the world. And if you've ever dreamed of publishing your own manga or manga, you too can become part of the WebComics library.

You'll find manga and manga of every possible genre, from action series to real-life horror stories. The best part is that you can talk and connect with thousands of other comic fans.

It's one of the best options to find manga you never knew you wanted and even publish your own content if you know how to draw anime and manga manga. In addition, you will also be connected to a large community.

1. | (Free, with subscription)

## 5. MANGA Plus

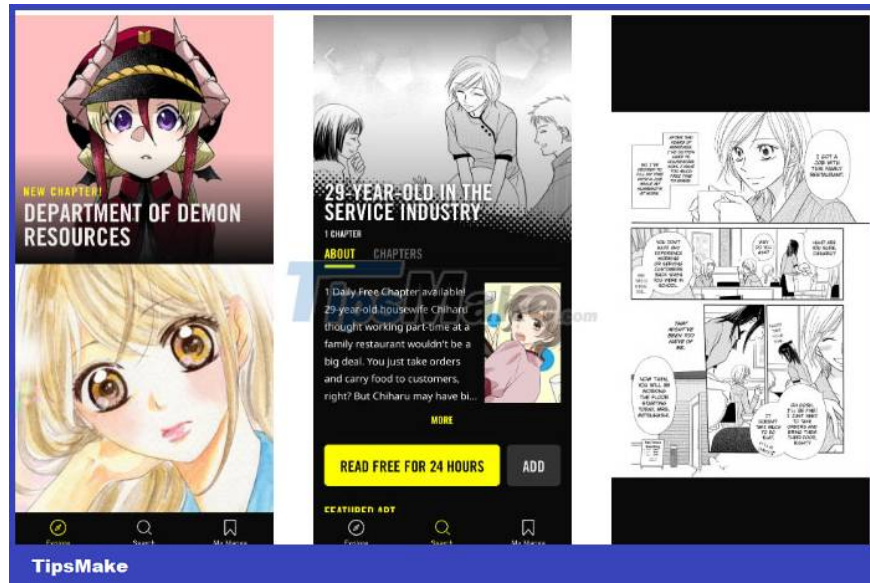

MANGA Plus isn't your typical manga app, but it does offer new chapters of some of the most popular comics for free. What's special about MANGA Plus is that it's an app developed by Shueisha, the company behind Shonen Jump titles like Naruto, My Hero Academia, and Bleach.

The good news is that you can access all of the MANGA Plus libraries for free, and you can also read the latest manga chapters as they come out. The bad news is that MANGA Plus only has the first 3 and last 3 volumes of any manga, which is great if you're only interested in seeing the latest chapters.

However, since the app is completely free, MANGA Plus is a great place for fans who want to read the latest manga issue as soon as it comes out.

1. | (Free of charge)

## 6. Mangamo

Mangamo is a pretty simple app: You download, pay a subscription fee, and you're ready to use. You get access to a library of over a thousand licensed titles, including Attack on Titan, The Seven Deadly Sins, and Fire Force. With a subscription, you get access to all, no limits, and new chapters are added every day.

Another cool thing about Mangamo is that if you're not sure if you want to subscribe, you get free access to a chapter for 24 hours. That way, you can confirm before deciding to sign up.

And if you still don't want to pay, you can come back the next day and read another free chapter. Also, Mangamo has one of the best designed apps on this list, which is always a big plus.
