## 1. Determine the need to use tow speakers

As we know, the nature of the loudspeaker is to serve singing or enjoying music but users must also specify what the purpose of use for these products is to choose accordingly. If you use a loudspeaker in your family, you should choose a speaker with a sufficient capacity and a compact design. On the contrary, if buying loudspeakers for sales, outdoor entertainment, . the selected speaker model must ensure a large capacity, clear sound, light weight, flexible movement and high connectivity.

## 2. Speaker capacity and sound quality

If you want to own a set of quality speakers you need to pay attention to the speaker capacity and sound factor. When buying, you can try a few songs to check the quality of bass, treble, echo, . to see the smoothness. The most important are those speakers that make sound clear, even if used at a high capacity, they won't be shy or cracked. You can refer to some of the most popular speaker models such as Acnos speakers, Dalton speakers, Asanzo speakers, . These speakers are equipped with many smart features, modern sound technology and Good noise processing.

## 3. Mobility

With loudspeaker products, often we aim at convenience, not too heavy and easy to move. Therefore, check the hand pull the suitcase and the wheel of the speaker before buying to see if it is solid and works as well as the advertisement. Some speakers have a solid design with youthful colors and flexible hand pulls that you can refer to: Acnos KB39U, Dalton-ts-15G600, .

## 4. Connectivity

Another important criterion when choosing to buy mobile speakers is the ability to connect. Most tow speakers are now integrated with basic connections such as memory card slot, USB connector, laptop, TV, etc. more expensive products also have Bluetooth connectivity with phones, ipads, catching waves. FM helps you to listen to music quickly.

## 5. Accompanying components

This criterion is often overlooked by many people when buying mobile speakers, but carefully selecting and checking accessories and accessories such as microphones, charger wires, jacks, . are extremely important. This is a way to maximize the efficiency of the speakers.

## 6. Warranty

The last thing you need to note is the warranty mode when buying candy pull speakers to get repair advice in case the speaker has an error or burns.

# Chính sách bảo hành

With 6 criteria above you will choose a good quality speaker and long life.
