

# 6 ways to clean lipstick marks on your shirt quickly and simply

Sometimes due to negligence, the lipstick stain will probably stick to clothes that normal washing will not remove. In that case, apply immediately one of the following ways to remove lipstick on your clothes.

Lipstick is one of the indispensable items for women. Sometimes due to negligence, the stain will stick to clothes that if applied the usual washing method will not be able to remove it. In that case, immediately apply one of the following methods to remove lipstick marks on your clothes.

## 1. Hair spray

To remove lipstick from your shirt, you can use hairspray. Put 1 sheet of tissue on the inside of the lipstick, then spray glue onto the stain. After 10 minutes, place another piece of paper to absorb the stain.

If you don't have a tissue, you can use a hairspray spray on the lipstick. After 10 minutes, use your hand to wipe the lipstick stain.

After that, putting on clothes to wash lipstick will completely disappear.

## Wet wipes for babies

Wet wipes usually contain small amounts of alcohol and a cleaning agent. So, if you get lipstick on your shirt, get a wet towel, gently wipe over the lipstick marks to clean the shirt.

## Dish washing liquid

To remove lipstick from your clothes, you can use dishwashing liquid. Pour some dishwashing liquid onto a damp washcloth and rub gently on the lipstick stain on your shirt, then rinse the towel off with water. Repeat this procedure a few times, and the lipstick on your shirt will be removed.

## **Cleanser**

Apply a sufficient amount of cleanser to the stain, rub your hands gently or use a toothbrush to rub gently. After that, wash the clothes as usual to completely remove the lipstick.

## **Oil / makeup remover**

Water / makeup remover can help clean the lipstick stains on light-colored clothes. Put a small amount of oil / makeup remover on the lipstick and wait about 1-2 minutes. Afterwards, use a scrub brush and put the shirt back to wash as usual.

## **White wine**

White wine with alcohol is not too high, so it can help clean the lipstick without worrying about damaging the fabric. Use a soft cloth to soak a little white wine and wipe the lipstick on your shirt. Do it a few times and you will see the lipstick marks fade. Finally, wash your shirt to completely remove lipstick stains.

## **Note to clean lipstick stains on clothes most effectively**

1. Remove lipstick stains on shirt as soon as possible to get the best effect.
2. Actions to clean lipstick stains on clothes should be gentle but still definitive so they won't spread to other areas on the clothes.
3. To completely remove lipstick stains on clothes, after doing one of the above, you need to wash your clothes again with water and washing powder.
