### 1. Subscene

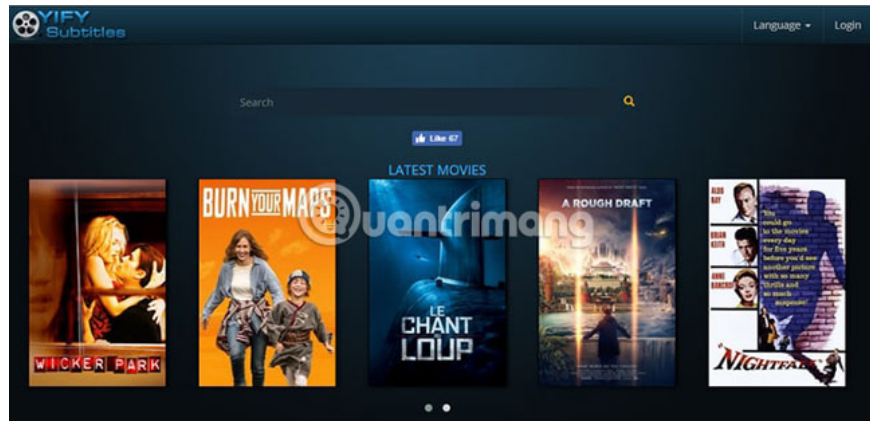

Subscene.com is one of the most popular subtitle download sites, with a huge database of popular movies and shows from around the world. Subtitles are added daily by users as well as website owners and are available in

multiple languages.

The site has a simple, user-friendly interface that allows users to filter subtitles by language. And if you can find your desired subtitle, there is a feature called **'Request Subtitle'** that you can use to request subtitles not in the database.

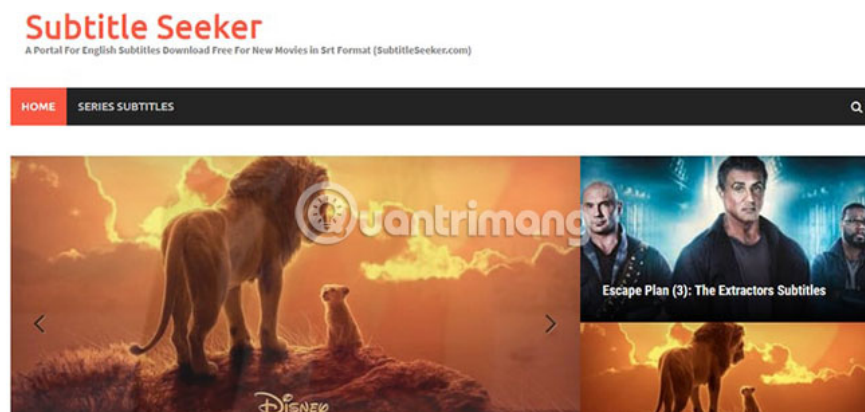

## 2. YIFY Subtitles

YIFYsubtitles.com is another great subtitle download site, updated regularly. The site has a user-friendly interface that allows you to search for desired subtitles by language and genre. Here, you will also find a huge collection of all the latest and popular movies.

The site also allows you to view ratings as well as the release year of all movies uploaded. However, when downloading subtitles, you will be redirected to the PDF download page, which is a bit complicated.

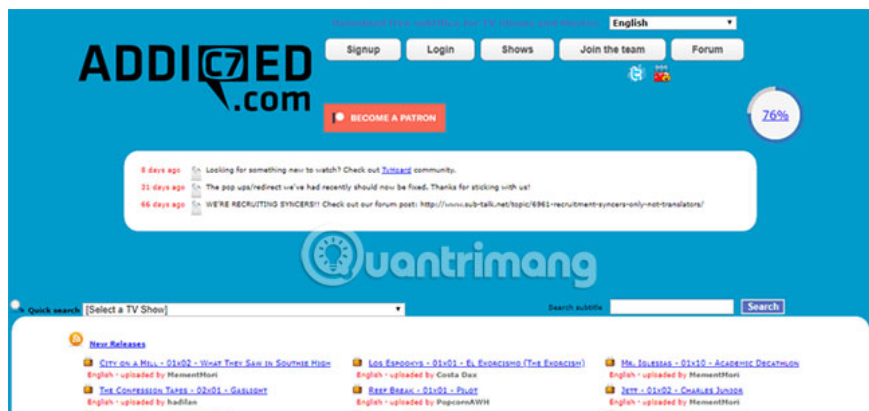

## 3. Subtitle Seeker

Subtitleseeker.in has a different approach to downloading subtitles. Instead of having a collection of closed captions (by site users), this site attracts and combines results from more than 20 subtitle download sites. This makes Subtitle Seeker a great option, if you can't find your desired subtitles elsewhere.

The interesting thing about Subtitle Seeker is that it has a simple, user-friendly interface and gets a lot of positive feedback. On the main page, you'll find a search bar and sections containing recent subtitles for both movies and TV shows.

## 4. Addic7ed

With Addic7ed.com, you can download subtitles for the latest movies, TV series, box office trailers, as well as news. The site offers subtitles for genres that you may not find elsewhere. Addic7ed provides subtitles in English, Telugu, Tamil, etc.

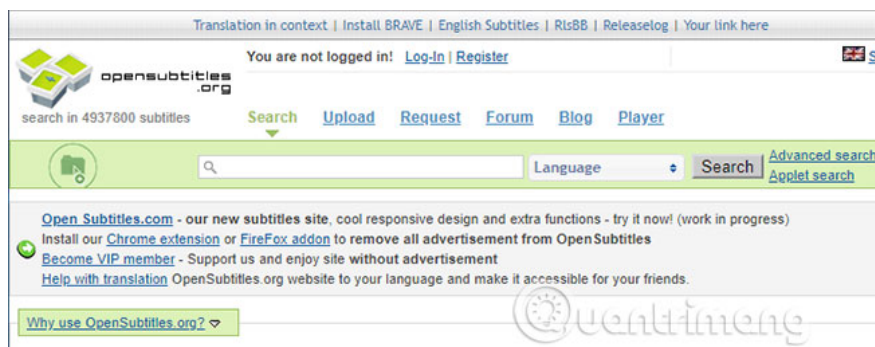

The site has a subscription option, but you can download subtitles even without an account. You can also watch movies and shows in progress as well as 100% completed movies.

## 5. TVSubtitle.net

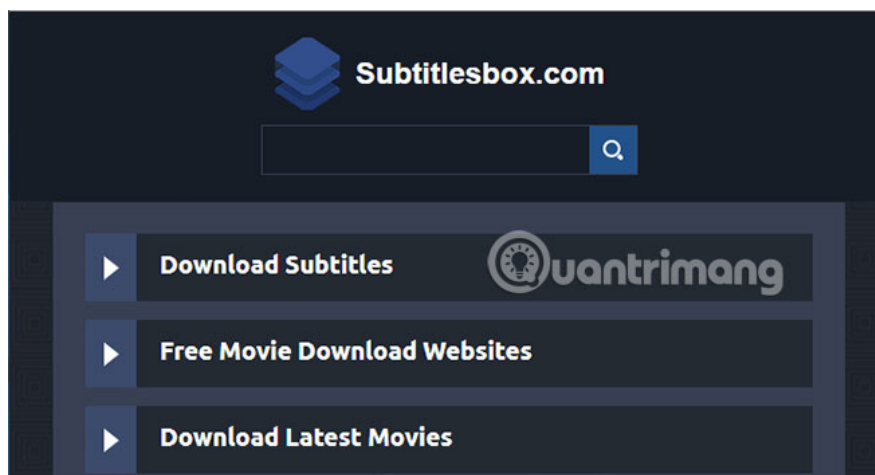

TVSubtitle.net is another great website that you can use to download subtitles. This site has a clean, easy to use interface. Subtitles are categorized into two categories: Movies and TV shows. This makes it easy to find the subtitles you are looking for. Also, if there is a subtitle file you want to share with others, this site will help you easily do that.

## 6. OpenSubtitle

OpenSubtitle.org has one of the largest databases for subtitles on the Internet. This site is available in many languages ??and you can find subtitles in any language. OpenSubtitle also has a great search tool that allows you to filter searches by year, country, genre, season or episode. OpenSubtitle's advanced search tool is one of the best tools you find online.

## 7. Subtitlesbox

If you're having trouble finding subtitles for the latest movies, try Subtitlebox.com. This site offers DivX subtitles for the latest trailers, movies and TV shows for free. Subtitlesbox's website has a very neat interface, no ads, pictures or movie posters. Just search bar and some useful links for anything you are looking for, be it subtitles, movies or streaming sites.

Undoubtedly, the Internet has a lot of websites to download subtitles and you can get subtitles in any language in the world. The above sites are great and you can recommend them to anyone looking for subtitles online.
