

# 7 dog breeds with the strongest bite force, extremely dangerous

What is the dog with the strongest bite? Let's check out the top dog breeds with the strongest bite!

**What is the dog with the strongest bite ? Let's check out the top dog breeds with the strongest bite !**

From furry companions to loyal guardians, dogs are one of the most popular pet choices in the world. But before bringing any pet into the family, it's important to be aware of their potential risks.

So, knowing which dog breeds have the strongest bites and why it is important for safety is important. Let's explore the science behind this list of dog breeds with the strongest bites. PSI is a technique used to measure the bite strength of dogs. This list identifies which dogs have the strongest bites based on their PSI scores. Now, you know which dog breeds have the strongest jaws? Here are the top 7 dog breeds that have been proven to have the strongest bites. You should consider before adopting one.

## 1. Kangal – 743 psi

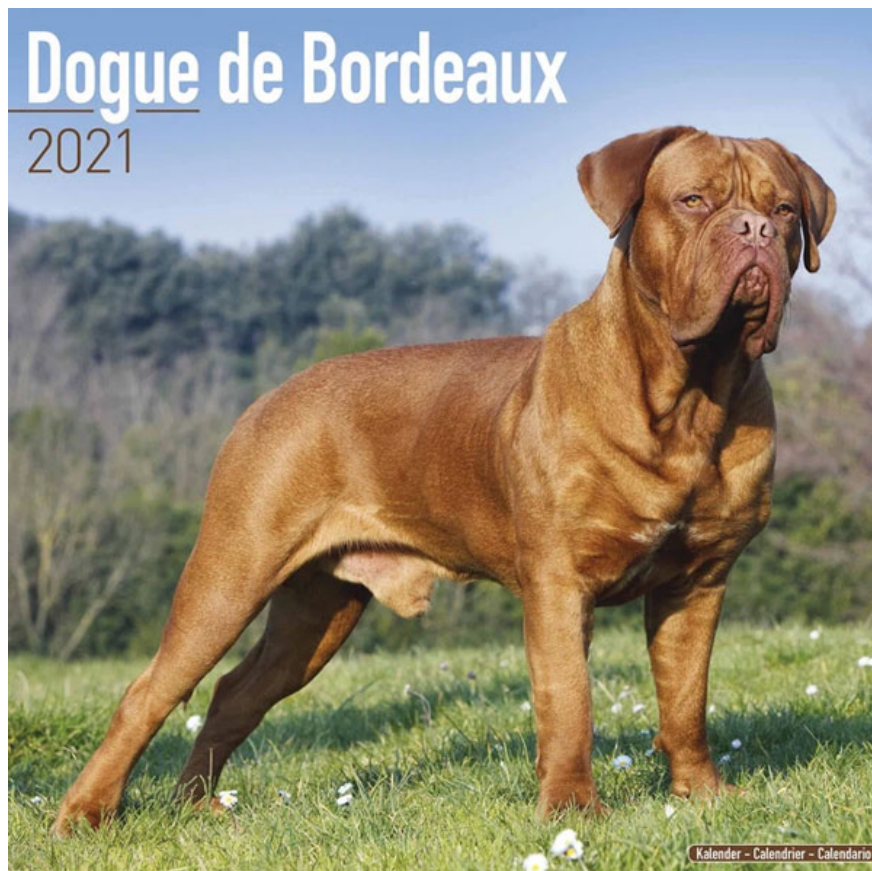

The Kangal is a famous dog breed from Türkiye, originating from hunting dogs and is very large and strong. Male Kangal dogs weigh 50 to 66 kg, stand 77–86 cm tall, females are about 72–77 cm tall, weigh from 41–54 kg.

## 2. Cane Corso (Italian Mastiff) – 700 psi

This breed of dog has a very large body size with a bite force no less than that of an adult male lion. This is one of the most dangerous dog breeds.

### **3. Dogue de Bordeaux (French Mastiff) – 556 psi**

The Dogue de Bordeaux is a short but stocky dog. When fully grown, it stands between 58 and 75 cm tall and weighs between 54 and 65 kg. Its head is large and wrinkled. It has a distinctive large muzzle, which takes up about 1/3 of its head.

#### **4. English Mastiff – 552 psi**

It is the largest dog breed in the world by weight, and the third largest by height, after the Irish Wolfhound and the Great Dane. In the 1500s, it was even used as an armored fighting dog during the Spanish conquest of South America.

#### **5. Dogo Canario – 540 psi**

Dogo Canario has a large square face, very thick neck skin, muscular body looks very fierce and aggressive.

## **6. Dogo Argentino (Argentine Mastiff) - 500 psi**

The Argentine Mastiff is a large hunting dog with an innate hunting ability. In addition to its large body size, it also has the muscle to be able to confront wild animals.

## **7. American Bulldog – 305 psi**

This American breed is extremely muscular and was even used to fight ferocious bulls.
