Whether it's rain or shine, these fun DIY craft items can keep your baby's feet struggling for hours. In particular, these craft items are easy to make and a great way for parents who want to spend time with their children. Check out **8 fun, simple crafts for babies this summer** !

1. Monster-shaped magnet stone

These colorful colored monster magnet stones are made of pebbles, they really can highlight the devices in your kitchen. Use river or rock stones at medium-sized beaches, with a diameter of about 3-5cm. The larger stone will need stronger magnets. Choose a smooth stone with bright colors to easily paint on them.

2. Paper flowers from cupcakes

Cupcakes are used to create beautiful, colorful flowers. Certainly, preschoolers will be happy to see the glittering place of flowers as their school class. You can do it right now with colored paper and hang the completed flowers on the fridge door.

3. Dolls made of felt fabric

These dolls made of felt fabric are an extremely lovely gift for children. The steps are very simple, it does not require any stitches. You only need to use small wood stems and wrap them with felt cloths, buttons, paper and decorations with sequin beads.

4. Paper giraffes

Easy to implement but still extremely beautiful, these paper giraffes require very few accessories. All you need is yellow paper, brown paper, scissors, black pen and some glue.

5. Collection of paper fish

Children's creativity is endless. These cute fish plates are a great way to help children get creative. You can hang them on your child's bedroom wall or if you want to hang them on the ceiling, remember to decorate both sides of the plate.

6. Canvas Project - The world of mini animals

Plastic toys are cut in half and fixed in painted walls. Really impressed with home architecture as well as fun creative games like this.

7. Castle of creative models

Let your children build their dream castle by using toilet paper rolls and shoe boxes with different sizes.

8. Decorative flowers on the window

The window is a great place to brighten up your child's day and your home. If there are no large windows, try creating them on empty walls or even the refrigerator's surface.
