

8 Halloween decoration suggestions for impressive classrooms

Below are cute and impressive Halloween decoration ideas for classrooms that will help students have an impressive party with bold characteristics of Halloween night. Please refer to them.

Although Halloween originates from the West, it is currently loved by young Vietnamese people. On October 31, Halloween is celebrated in many places in Vietnam such as walking streets, parks, cafes, at home, schools. TipsMake.com.com has compiled some Halloween decoration ideas for you. Extremely unique and impressive class, we invite you to refer to it to have an impressive party with bold characteristics of Halloween night.

Halloween decoration for the classroom with balloons

Balloons with many different colors, shapes and sizes allow you to freely get creative to create unique and impressive Halloween decorations.

The simplest way is to use a black marker to draw on or use different colored paper to cut and paste on the bubbles to create cute and not too scary ghost bubbles.

Halloween decoration ideas with lanterns

If you cannot make pumpkin lanterns to decorate the classroom during Halloween, you can make your own lanterns with many available items such as plastic bottles, glass bottles, paper with unique drawings based on your imagination. your imagination. Then, you just need to put a candle or LED light inside.

Halloween decorative string

One of the decorations that you cannot ignore is decorative strings with many unique and interesting shapes on the Halloween theme.

Photo frames for classroom Halloween decorations

You can find old photos online and print them out, then add fangs, cut out eyes and a small light bulb behind, and use cotton balls to make spider webs to "decorate" more.

Spiderweb

You can use rope to weave a large spider web to hang on the classroom wall or window. Don't forget to add a few big, black spiders to increase the horror.

Or more simply, you just need to cut paper into a spider web shape and stick it on the glass door.

The freaky laboratory decorates the classroom on Halloween night

Use food coloring to make scary solutions and pour them into glass bottles and test tubes. Then, buy fake body parts from places that sell scientific supplies and put them in jars.

If you want a creepy formalin-soaked head, you just need to paint a green layer like embalming solution on a glass jar, then put a picture of a head inside.

Halloween decoration ideas on glass doors for the classroom

The windows and glass doors of the classroom are also a place for you to come up with creative ideas to bring the Halloween atmosphere to everyone. You can use paper decals, stickers with typical Halloween images such as spiders, cobwebs, pumpkins, ghosts, bats, to stick on the glass door. Or you can also hang pumpkin lanterns and string flags on the door.

Some of the following images will be suggestions for you:

Halloween decoration ideas for preschool classrooms

Halloween is also an occasion that many preschool children look forward to. However, when decorating the classroom for preschool children, you should choose simple images that are not too scary to avoid scaring the children. You can use simple items to decorate the classroom, bringing a Halloween atmosphere to the children such as dry tree branches, fake pumpkins, wall decals sketching symbolic images of the carnival day. , flag strings, balloons, paper....
