

8 indispensable fashion items for men to use all year

8 fashion items of summer days that you can wear winter, even throughout the year!

1. 8 rules to help dress codes help you become a real gentleman
2. Suggestions for girls to wear on October 20
3. 12 scary fashion trends ever popular in history

Have you ever tried to combine summer fashion items for winter? Many people often assume that wearing winter clothes for the winter is a faulty fashion and not warm enough. However, this is a complete misconception, because the winter days in Vietnam are not as sharp as those of temperate and tropical countries, and even more summer outfits if it is combined. Get your own fashion trends.

1. T-shirt (T-shirt)

T-shirts are a classic fashion item that is always used during summer days. With this shirt you can also wear it in the cool winter. Combine this shirt in a layer style, turn the shirt into a highlight for your overall outfit.

One trick for you is that when you combine this jacket for the winter, you should choose bright colors to highlight the outer jacket. For example, a yellow T-shirt will highlight a navy jacket or a gray T-shirt to make your brown jacket more special.

2. Polo shirt

As with T-shirts, go in the layering direction with Polo shirts, this fashion item is a perfect upgrade to Thu's set of people who love smart-casual style.

This shirt has the ability to easily combine in all circumstances and is used to wear all year round. You will look great when you combine this short-sleeved polo shirt with shorts in the summer, or you can wear a short-sleeved polo shirt that is worn over a thin coat or wool to help keep your body warm for the winter. If you wear a long-sleeved polo shirt, you can also combine tweed pants and blazer jackets when the weather gets cold in winter.

3. Pants cut bear

A bear cut pants will give you personality style, as well as comfort when wearing on summer days. And when the weather turns cold, you can combine these pants and a pair of turtleneck socks.

This cut of the bear has appeared a few years ago in England, but, in order to ensure the elegance of the outfit, they only allow you to work together with specialized pair of trousers. But at the moment, when athleisure style has appeared everywhere, even socks for gyms can be matched. Please choose any pair of socks to create your own way!

4. Denim jacket

A Denim jacket will give you a dusty and personality style. With this fashionable outfit you can combine a hoodie or wear a different coat of longer! Note when combining this style of clothing, you should pay attention to choosing the appropriate colors. For example, blue denim shirts will not match the camel or black jacket, but with the black denim you can comfortably create.

5. Baseball cap

This fashion item can not only be used from Summer to East, now you can combine it between sportswear and work clothes as well. Flexible caps when they wear simple designs and tones, choose a hat with the simplest design and the same color as the outfit you're wearing.

6. Sunglasses

Although the winter, the sun is not as intense as the summer, but the UV rays are strong enough to harm your skin and eyes. Therefore, sunglasses are essential for you to use all year.

Sunglasses are not only used to protect your skin and eyes, but they also make your outfit more stylish in winter days.

7. Horizontal plaid shirt (breton)

For both men and women, no matter how the fashion trend changes, horizontal stripes are always 'immortal' costumes for you. This shirt you can use all year round, regardless of the weather: as in summer, you only need to wear a simple jacket with shorts or pants and a winter jacket over, so You have become a fashion.

8. Shoe boots

This is the kind of loafers that have been around for a long time, but they never show signs of fad, especially for the workplace. With the woofers you can combine many types of costumes as well as all weather. As in the hot summer, you should choose for yourself a pair of thin leather speakers, but when it comes to winter, let's change a bit in the material with the quality!
