

# 8 VPNs that can be used on Smart TVs

Whether you want to access a faraway country's Netflix library or simply make sure all your Smart TV activity stays private, your best bet is a VPN.

But can you use a VPN for Smart TV? The answer is yes. Most of the big-name VPN providers offer Smart TV apps, typically for Android TV.

## 1. NordVPN

As one of the biggest VPN companies, NordVPN offers apps for every platform you can think of, including Smart TVs. Importantly, NordVPN is one of the best VPN services for accessing the Netflix library in other parts of the world.

NordVPN offers 3 plans, Standard, Plus and Complete. If all you want is the standard VPN plan, you can expect to pay \$14.99/month, \$83.88/year (about \$6.99/month) or \$131.76 (\$5.49/month) for 2 years 1 times.

## 2. ExpressVPN

Another giant of the VPN world, ExpressVPN claims to be the '#1 Trusted VPN'.

With servers in 94 countries and apps to cover every hardware scenario, this is definitely a good choice. Also, ExpressVPN is one of the best VPNs for streaming Netflix on Smart TVs (and any other device). This alone should make it the top choice when looking for a VPN.

You can sign up for ExpressVPN for \$12.95/month or a 12-month subscription for \$99.84 (\$8.32/month, save 35%). You can also get a 6-month contract for \$59.84 (\$9.99/month).

## 3. Hotspot Shield

Hotspot Shield is considered quite reliable for accessing Netflix libraries abroad. It boasts optimizations for Netflix, YouTube, Hulu, and Disney+.

Hotspot Shield is available in annual and monthly plans. The Premium account costs \$12.99/month, but if you pay 12 months in advance, you get a 38% discount, so it only costs \$95.99 (\$7.99/month).

## 4. Surfshark VPN

Another VPN service known to work with Netflix, Surfshark, boasts 3000+ servers worldwide and is cheap. If you experience any issues, Surfshark also provides detailed information to troubleshoot Netflix connection problems.

The standard monthly subscription is \$12.95/month, while the annual subscription is \$59.76, saving 69% at \$3.99/month. You can also opt for Surfshark's 24 month offer (plus 2 free months) for \$59.76, which gives you 2 years of VPN protection for \$2.49/month.

## 5. CyberGhost

Another service that boasts it's the '#1 VPN for Netflix', CyberGhost uses over 7000 servers in over 90 countries. It will unblock Netflix in France, Germany, USA and UK. CyberGhost is also designed to work with BBC iPlayer, Hulu, Disney+, Amazon Prime Video and other Netflix libraries.

CyberGhost has a standard monthly subscription of \$12.99. A 6-month subscription costs \$41.94 (equivalent to \$6.99/month). CyberGhost also regularly offers deals for 24 months, priced at \$56.94 (just over \$2/month).

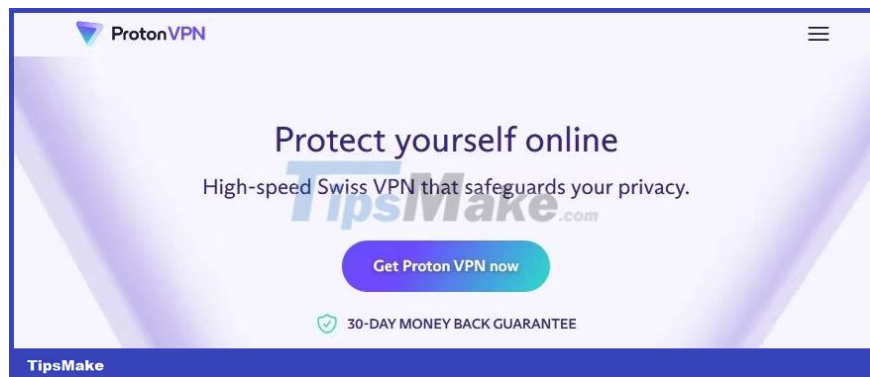

## 6. Atlas VPN

Atlas VPN is another great VPN for Smart TVs and other home devices. In fact, the standard subscription will allow you to connect unlimited devices, not just Smart TVs! In addition to increased privacy and global content access, subscribing to Atlas VPN will allow you to take advantage of its email protection and ad blocking services.

You can purchase access to Atlas VPN as a monthly subscription for \$11.99. If you prefer an annual subscription, you can expect to pay \$39.42 for the first year (works out to \$3.29/month). Atlas VPN also offers a two-year plan at \$49.21 for the first payment (\$2.05/month) - and it includes an additional 3 free months.

## 7. ProtonVPN

If you want a VPN for Smart TV that keeps your data completely protected while you stream your favorite shows, then ProtonVPN is the best choice. This VPN was created by a company based in Switzerland - so your data will be protected under comprehensive EU data privacy legislation.

ProtonVPN is also reported to be fully compatible with Netflix and other streaming services. You can try ProtonVPN by purchasing a one-month plan for \$12.79 or an annual plan for \$80.02 (\$6.67/month). ProtonVPN also offers a 2-year plan for \$133.32 (only \$5.55/month).

## 8. PrivateVPN

PrivateVPN is an incredible yet relatively unknown VPN that is perfect for using Netflix and other streaming services. It can also be used to access content from BBC iPlayer and Amazon Prime Video. PrivateVPN works efficiently for users around the globe thanks to over 200 servers.

This service is offered at a standard monthly cost of \$9.90. If you want, you can also choose to sign up for a 3-month plan for \$17.99 (which works out to about \$6/month). PrivateVPN also offers a 3-year plan for \$72 (only costs \$2/month).
