If you want to relax with new titles, here are some of the best free shooters in Microsoft Store to play on Windows 10. You can download them all from the Microsoft Store with just a few clicks. mouse.

If you want to relax with new titles, here are some of the best free shooters in Microsoft Store to play on Windows 10. You can download them all from the Microsoft Store with just a few clicks. mouse.

Here are some of the best free shooters for Windows 10 in the Microsoft Store you should try now.

1. Modern Combat Versus

If you are looking for a multiplayer action FPS game, then Modern Combat Versus will be an option worth considering. This game is quite interesting. As a multiplayer shooter, you will be in a team of 4, where each one specializes in a specific area.

The game has 5 different maps, bringing high customization for both characters and weapons.

2. Overkill 3

Overkill 3

Overkill 3 is quite simple but very attractive. The game places you in a dark world where you and others are forced to submit to tyrants.

In the game, you have the task of leading your members to defeat bad guys equipped with powerful weapons and defeat giant killing robots.

Overkill 3 strives to provide you with a diverse range of environments, including deserts, forests, cities, abandoned buildings, etc. You will also have the right to choose from a variety of weapons. If needed, you can upgrade and customize guns, as well as other tools, using money and points in the game.

3. Code of War: Online Shooter

Code of War is an online shooter similar to the Modern Combat Versus game.

As an online shooter, you can customize your character to some degree. When playing games, you can challenge players with higher rankings. If needed, you can choose the battle mode and compete against other players in it.

4. WWR: World of Warfare Robots

WWR: World of Warfare Robots

In World of Warfare Robots, you will fight against giant robots. This is an online shooter. This means you will fight in PvP battles with other players from around the world.

Since these are giant robots, you can customize them as you like and add additional firepower when playing.

5. Sniper Fury

In the Microsoft Store, Sniper Fury is one of the most popular games when it comes to the shooter genre. The game has more than 500 missions with attractive goals, many vehicles, air units, etc. As a big game, there are several types of sniper weapons and many different types of guns you can choose depending on on the rank.

Other than normal in-game missions, you can also play PvP matches to unlock exclusive rewards.

6. Modern Combat 5

Modern Combat 5

Modern Combat 5 is developed by Gameloft studio and is highly rated in the Microsoft Store. If you enjoy playing with or fighting against other players, the game also has multiplayer and PvP modes.

In the game, you can choose from 9 levels to play. Each level is customizable, with its own weapon and many other abilities. You can level up your character. Leveling up applies to both single player and multiplayer modes.

If you are looking for a shooter from a major publisher then Modern Combat 5 is a good choice.

7. Last Hope - Zombie Sniper

In the game, you are thrown into a deserted world, nothing but zombies. As a sniper, choose a safe location and kill as many zombies as possible. When moving, you can see and play in other places such as deserts, forests, abandoned cities, etc.

The game has a number of different sniper weapons, each with its own range and power. When shooting zombies, you must choose weapons carefully.

8. Dead Zombie Call

Dead Zombie Call

This is another zombie game quite popular in Microsoft Store. Unlike traditional zombies, the zombies in this game are very fast. If you like fast-paced zombie shooters, then Dead Zombie Call is right for you.

This game is quite simple. You need to find a secret laboratory responsible for turning a corpse into a zombie and destroy it as soon as possible. Unlike the Last Hope game discussed above, Dead Zombie Call has many different types of guns and some powerful grenades.

9. Sniper Ops 3D Shooter

In the game, you have the task of sniping to finish the bad guys. As a sniper, you must patiently wait for the perfect shot and kill the bad guy without being detected.

The game has more than 150 missions with different goals. In addition to the main quests, there are side quests to earn extra money and improve skills.

Depending on the target and mission, you need to choose a sniper gun carefully. Otherwise, the mission will fail. When completed, you can upgrade your weapons using money and points in the game.
