Since the camera was born, there have been many strange, difficult-to-explain photos that make people curious about the truth hidden in them.

Here are the most mysterious pictures in the world that have appeared for many years but are still mysterious to humanity.

## 1. Giant monsters on Hook Island, Australia

This photo was taken by Robert Le Serrec, photographer in the area of Hook Island, Australia in 1965, when Photoshop was not born. At that time, many believed that there was a strange creature with a length of up to 25m under water. Until today, scientists have not been able to explain this picture as well as the origin of the mysterious creature in it.

## 2. Mysterious light trail has no solution in Norway

In 1940, a photographer took a picture of a long trail of light, and countless strange sparkling spheres in the sky of Hessdalen valley.

According to scientists, the amount of metal rock in the mountain combined with sulfur gas from the river has formed air bubbles with magic light in the sky. But they did not give any evidence to prove this hypothesis, so the mysterious light in Hesdalen's sky is still a secret to this day. Many people believe that it is a trace of aliens.

### **3. "Dark Knight" outside the globe**

In 1960, a dark, strange object hovering around Earth's orbit was recorded by NASA's artificial satellite. Experts call it "dark knight". One theory to explain the mysterious occurrence of this strange object is that it may be a piece of a space device. But very quickly, this hypothesis was eliminated because in that time, no satellite was launched and the object was also determined not to be made by humans.

## 4. Mysterious Lady Babushka in the massacre of US President John Kennedy

On November 22, 1963, US President J. Kennedy was massacred in Dallas, USA. In many photos recorded at that moment, there was a woman with a hooded camera on the scene. According to the photos recorded, while everyone was panicking, she still leisurely raised the camera to record, then quickly crossed the road.

The US Federal Bureau (FBI) tried to find this witness but there was no clue. Later, the nickname for the mysterious woman was "Lady Babushka" because she wore a scarf that was quite similar to Russian women.

## 5. The body is falling

When moving to a new home, the Copper family decided to take a family photo as a souvenir. But after washing the photos, the family could not help but fear when they saw a body falling from the ceiling appearing in the photo.

## 6. Mobile phones travel through time

In 2010, a video showing the footage has not been revealed in the 1928 comedy King Circus Chaplin. In that video, a woman is holding a mobile phone-like object and is listening to her ear.

But the moment the movie was filmed, the mobile phone was not invented. Many people think this is just a studio game.

## 7. The astronaut appears on the meadow

In 1964, Jim Templeton, living in the United States, took a picture of his 5-year-old daughter in the pasture. At that time, there was no one but his father and son, but in the picture came a person dressed as an astronaut standing behind her daughter.

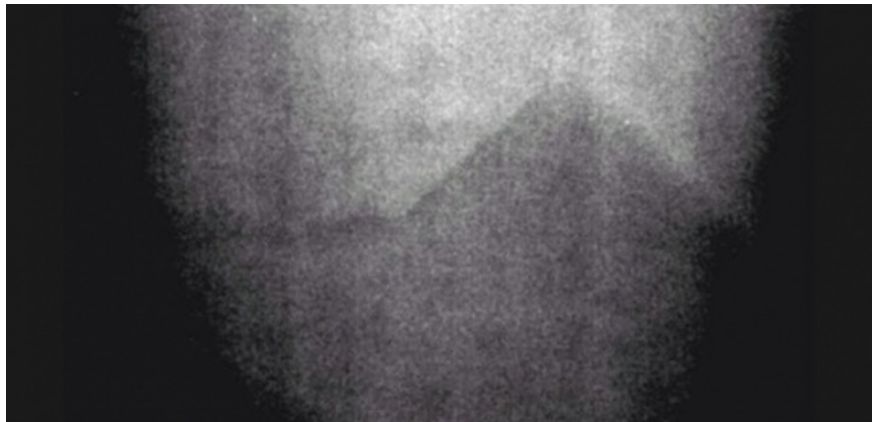

Kodak experts checked and acknowledged that the photo was not edited or cut. Therefore, this picture is still a mystery that has not been answered until today.

## 8. The deceased returned to take pictures with his comrades

This photo was taken in 1919, during a funeral of a soldier named Freddie Jackson. Upon reviewing the photo, his teammates were amazed to find that Freddie Jackson's face appeared behind another person.

## 9. The mystery of the pyramid appears on the Moon

This photo was taken during the Apollo 17 spacecraft's last voyage to the Moon on December 17, 1972 near the area called Geophone Rock. A pyramid appears in the photo that many people are surprised.
