In particular, the film starring Brad Pitt and Angelina Jolie as a bored couple, discovering the other is a secret assassin when they are sent to do the same task. For some reason, directors often choose to change vehicles from this scene to the scene. This movie is no exception. In a few short minutes, the headrest of the chair has been replaced " *like a magic show* ".

6. Home Alone (Stay home alone)

© 20th Century Fox

Home Alone is an **American comedy film** produced in 1990, about the boy Kevin was abandoned by his family when he went on vacation to Noel because of his conflict with his mother. During this time, he was happy but caught up with two thieves. Then the boy Kevin made a plan to set a trap and give the two thieves a lesson. Kevin is a calm boy, while the fire is still able to change very fast. [13 secrets about the movie "Home alone" may not be known to you]

7. PS I Love You (Message from the other side of the world)

© Warner Bros.

After the death of a loving husband named Jerry, Holly Kennedy neglected to take care of herself and no longer cares about life. Suddenly one day, Holly Kennedy received the letters . of her dead husband. Surely you didn't notice that **the picture hanging on the wall** changed?

8. Love Actually (Please say it)

© Universal Pictures

Love Actually is a **romantic Christmas comedy** film **that** is scripted and directed by Richard Curtis, giving a meaningful message during Christmas night: " *Love touches all of us.* ". The film is special when it comes to 8 small, long-lasting love relationships throughout the film's duration. The gentle style of the film, which blends a bit of British humor and the cast of many stars to help "Love Actually" impresses right from the opening minutes. But I was wondering just a blink of an eye, what happened to the polka dot tie?

9. The Big Bang Theory

© Warner Bros. Television

The Big Bang Theory is an American sitcom founded by Chuck Lorre and Bill Prady, both producers who run the show with Steven Molaro - they are the main screenwriters. The program aired for the first time on CBS on September 24, 2007. The program focused primarily on five characters living in Pasadena, California: Leonard Hofstadter's roommate and Sheldon Cooper, both physicists. ; Penny - the waitress has a dream of being an actress to live opposite; friends and colleagues are equally nerdy and communicate badly; Mechanical engineer Howard Wolowitz and astronomer Raj Koothrappali. What is special is that these four boys' nerds and insights are humorously opposed to the common communication and understanding skills of Penny waitress.

No one knows whether physical theorists are really capable but obviously, they can change the color of objects as easily as solving math problems.

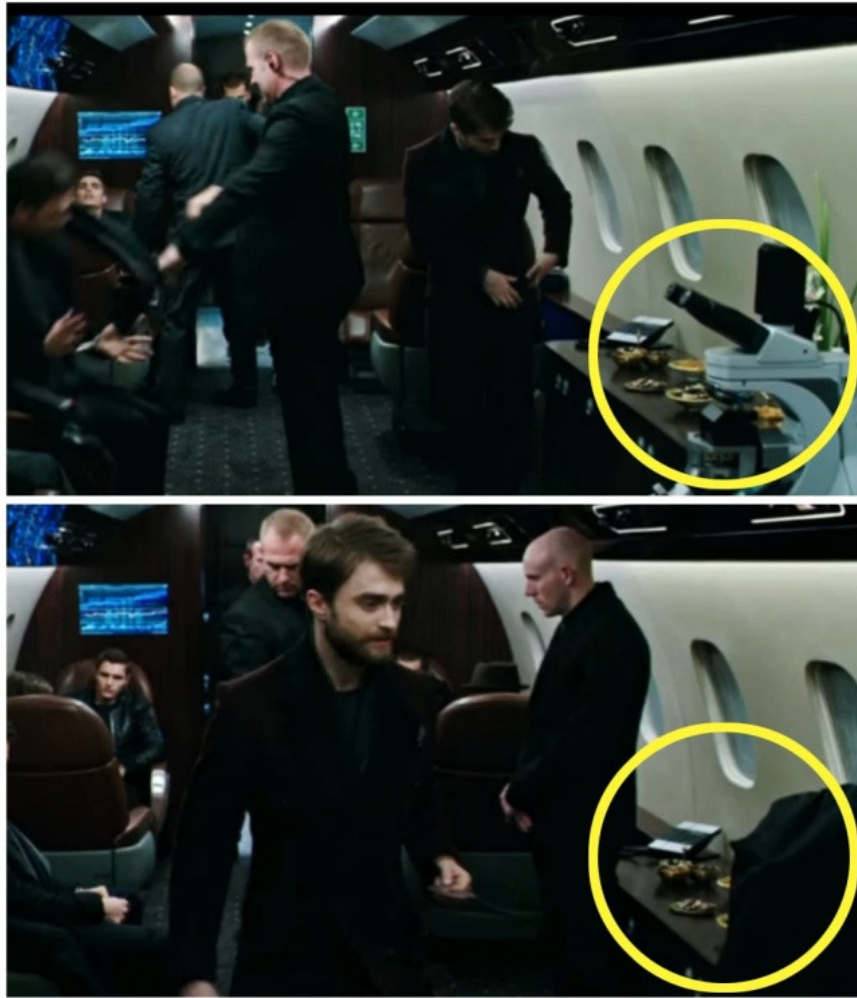

10. Transformers: Revenge of the Fallen (Transformers: Revenge)

© Paramount Pictures

Transformers: Revenge of the Fallen (Transformers: Revenge of the Fallen) is a sequel to the Transformers movie. Transformer 2 is an American movie masterpiece, released worldwide in the summer of 2009. The film was written by Ehren Kruger, Alex Kurtzman, Roberto Orci and Michael Bay.
