

[Question] How to turn off the Autoplay function of Facebook videos on New Feed?

As mentioned above, the Facebook Autoplay of videos displayed on the Newfeed platform by users makes them encounter a lot of trouble when using (if the network is slow or 3G will cause lag, cost ..). And how to turn this off? Very simple, you just need to read the article below.

As mentioned above, the Facebook Autoplay of videos displayed on the Newfeed platform by users makes them encounter a lot of trouble when using (if the network is slow or 3G will cause lag, cost ..). And how to turn this off? Very simple, you just need to read the article below.

Steps to take:

First, login to your **Facebook** account, go to **Settings** :

Create Group

New Groups

15

Create Page

Manage Pages

Create Ads

Advertising on Facebook

Activity Log

News Feed Preferences

Settings

Log Out

Help

Support Dashboard

7

Report a Problem

Next, select **Video** at the bottom left:

 **General**

 **Security**

 **Privacy**

 **Timeline and Tagging**

 **Blocking**

 **Notifications**

 **Mobile**

 **Followers**

 **Apps**

 **Ads**

 **Payments**

 **Support Dashboard**

 **Videos**

Or in short, go to this link quickly:

1. <https://www.facebook.com/settings?tab=videos>

And change the **Auto-Play Videos section** to **Off** to turn it off:

Refer to the article:

1. How to call video call on Facebook
2. Video Call Facebook on phone, tablet

Good luck!
