Which Acer laptop should you buy? A compilation of the best laptop models currently available.

Table of Contents:

1. Acer Nitro 5 Gaming AN515-45-R6EV Laptop.
2. Acer Aspire A514 54 5127 Laptop.
3. Acer Swift 3 SF314 511 55QE Laptop.
4. Acer TravelMate B3 TMB311 Laptop.
5. Acer Predator Triton 300 PT315 53 75LQ i7 Laptop.

1. Acer Nitro 5 Gaming AN515-45-R6EV - The best gaming laptop

The Acer Nitro 5 Gaming laptop is a favorite among gamers for its distinctive, sturdy, and distinctly gaming-oriented design. The first impressive feature is its full-size keyboard with excellent responsiveness. The RGB backlit keyboard highlights the letters and symbols, ensuring good visibility in low-light environments. Advanced Acer TrueHarmony and DTS:X Ultra Audio technologies recreate 3D sound, captivating any gamer.

Furthermore, the Full HD screen with a 144Hz refresh rate, combined with the AMD Ryzen 5 5600H processor, GTX 1650 4GB GPU, and NVIDIA GeForce GTX 1650 dedicated graphics card, allows this Acer laptop to display images with exceptional detail. With this gaming laptop, you can enjoy playing graphically demanding games like Doom and GTA V, and smoothly run heavy design software such as Sketchup, 3ds Max, Lightroom, AI, and Photoshop.

Acer Nitro 5 Gaming AN515-45-R6EV laptop specifications:

Cấu hình	Thông số
Màn hình	15.6 inch, Full HD, 144Hz
CPU	Ryzen 55600H3.3GHz
RAM	8GB, 3200 MHz
Ổ cứng	512GB SSD
Card đồ họa	GTX 1650, 4GB
Kích thước	Nặng 2.2kg, dài 363.4mm, rộng 255mm, dày 23.9mm
Giá tham khảo	19.090.000đ

2. Acer Aspire A514 54 5127 - Thin and lightweight laptop

Weighing only 1.46 kg and measuring 17.95mm thick, the Acer Aspire A514 54 5127 laptop boasts a feminine and modern silver color scheme. Perhaps the manufacturer has been overly generous in both the design and performance optimization of this laptop.

Equipped with an 11th-generation Intel Core i5 chip and integrated Intel Iris Xe Graphics, it enhances graphics processing capabilities, handling tasks from basic to advanced design and engineering-related work, dispelling any preconceptions about gaming experiences on a thin and light laptop.

Acer Aspire A514 54 5127 laptop specifications:

Cấu hình	Thông số
Màn hình	14 inch, Full HD
CPU	Core i5
RAM	8GB
Ổ cứng	512 GB SSD
Card đồ họa	Card tích hợp Intel Iris Xe Graphics.
Kích thước	Dài 328mm, rộng 223mm, dày 17.95mm, nặng khoảng 1.46kg
Giá tham khảo	18.090.000đ

Impressive for its elegant design, powerful configuration, and modern technology, Lenovo also offers a range of mid-range to high-end laptops, catering to diverse user needs. If you want to learn more about this brand's laptops, please refer to our article on the 5 best Lenovo laptops currently available via the link below.

3. Acer Swift 3 SF314 511 55QE - Laptop for business professionals

Weighing only 1.19kg, the Acer Swift 3 SF314 511 55QE laptop boasts a slim, lightweight, and elegant design, perfect for business professionals or those who frequently travel. Its sharp Full HD display, enhanced by a high-quality IPS panel and integrated Intel Iris Xe Graphics, delivers realistic and captivating visuals. The keyboard offers good responsiveness and backlighting, a plus for working in low-light environments.

Despite its slim and lightweight design, this Acer laptop boasts impressive specifications, equipped with a powerful Intel Core i5 1135G7 processor and integrated Intel Iris Xe Graphics, ensuring smooth performance for office tasks and entertainment while being energy efficient. The 16GB of RAM and 512GB SSD allow you to comfortably open multiple applications simultaneously, run large files, or have dozens of tabs open in your web browser without any lag.

Acer Swift 3 SF314 511 55QE laptop specifications :

Cấu hình	Thông số
Màn hình	14 inch, Full HD
CPU	Core i5, 1135G7, 2.4GHz
RAM	16GB
Ổ cứng	512GB SSD
Card đồ họa	Card tích hợp Intel Iris Xe Graphics
Kích thước	Nặng 1.19kg, dài 322.8mm, rộng 212.2mm, dày 15.9mm
Giá tham khảo	22.590.000đ

4. Acer TravelMate B3 TMB311 - Laptop for studying and office work

The Acer TravelMate B3 TMB311 laptop has a fairly simple design. As a laptop for students and office workers, its durability is highly rated. It boasts an impressive battery life, effectively supporting users.

The Acer TravelMate B3 TMB311 is equipped with an Intel Pentium N5030 processor and integrated Intel UHD Graphics 605, providing stable performance. Despite its modest specifications, this Acer laptop smoothly handles basic office tasks such as Word, Excel, and PowerPoint. The dual-core Intel Celeron N4020 processor with a maximum speed of 2.80GHz ensures smooth operation of online learning applications and video calls.

Acer TravelMate B3 TMB311 laptop specifications:

Cấu hình	Thông số
Màn hình	11.6 inch, HD
CPU	Intel Pentium
RAM	4GB
Ổ cứng	128GB SSD
Card đồ họa	Intel UHD Graphics 605
Kích thước	Nặng 1.4kg, dài 295mm, rộng 215mm, dày 20.99mm
Giá tham khảo	5.000.000đ

5. Acer Predator Triton 300 PT315 53 75LQ i7 - Laptop for engineering and graphic design

The Acer Predator Triton 300 laptop boasts an extremely powerful configuration and superior graphics thanks to its latest 11th generation Intel Core i7-11800H chip, rivaling a high-end gaming PC. From heavy design software like Adobe Photoshop, Adobe Illustrator, Adobe InDesign, AutoCad, and 3ds Max to graphically demanding games like GTA V, Red Dead Redemption 2, Hitman 2, and The Witcher 3: Wild Hunt, the Acer Predator Triton 300 runs them all smoothly.

The 16GB RAM and 512GB SSD allow you to open multiple applications simultaneously, whether you're designing graphics or listening to music, without worrying about lag or stuttering. The 5th generation AeroBlade 3D cooling system keeps cool air flowing throughout the machine, minimizing overheating during continuous use.

The keyboard of the Acer Triton 300 laptop is designed to gaming standards, with good responsiveness for a comfortable typing experience. Furthermore, the keys have a lifespan of tens of millions of keystrokes, making it ideal for engineering and graphic design professionals who frequently use keyboard shortcuts.

Acer Predator Triton 300 PT315 53 75LQ i7 laptop specifications:

Cấu hình	Thông số
Màn hình	15.6 inch, 165Hz
CPU	Core i7
RAM	16 GB
Ổ cứng	512GB SSD
Card đồ họa	Card rời RTX 3060
Kích thước	Nặng 2kg, dài 353mm, rộng 255mm, dày 19.9mm
Giá tham khảo	44.990.000đ 

Above are some suggestions for the best Acer laptop models currently available, carefully selected according to price range and consumer needs. Hopefully, this article will be helpful and assist you in choosing a computer that suits your needs and personal budget.
