

A series of 4K quality Windows 10 Premium wallpaper packs are free, download now!

Microsoft has just released the all-new Premium high quality (4K standard) wallpaper pack on the Microsoft Store for Windows 10 and is now available for free download.

Microsoft has just released the all-new Premium high quality (4K standard) wallpaper pack on the Microsoft Store for Windows 10 and is now available for free download. The new collection seems to be the message that Microsoft wants to convey the beauty that comes from peace when the world is slowing down because of the COVID-19 pandemic.

All of the images are reminiscent of a 'forgotten' world, but not alone or scary, but rather peaceful and untouched. Mossy walls, abandoned houses, quiet forests, and birds flock to the nest before sunset . the new Microsoft wallpapers help us realize the beauty comes from the most simple things, and sometimes we should slow down to feel the magic of oblivion.

The new 4K wallpaper collection released by Microsoft includes 3 packages of Premium wallpaper: At Home, Reclaimed by Nature and Amazon Landscapes PREMIUM, as follows. (Note: These images are only used as desktop wallpaper).

At Home

This wallpaper pack contains 15 free, high quality 4k photos for Windows 10 Themes, immersing you in the comfort and beauty of peaceful moments at home.
