

## Acer added two 'sleek' netbooks to Vietnam

The Acer Aspire One D255 and the eMachines 350 are all compact, light, battery longer than 4 hours and well configured, ensuring convenient mail checking, document writing, and surfing the net.

**The Acer Aspire One D255 and the eMachines 350 are all compact, light, battery longer than 4 hours and well configured, ensuring convenient mail checking, document writing, and surfing the net.**

The price includes VAT of this netbook duo of VND 6,490,000 (Aspire One D255) and VND 5,990,000 (eMachines 350).

Acer Aspire One D255 has 5 color covers.

Inheriting the design sophistication of the Aspire One series, the Aspire One D255 has a matte matte material with 5 unique colors, including blue, jet black, crimson, earth brown and ivory. .

The most outstanding feature in Aspire One version this time is the D255 processor. This is the first time a netbook has a dual-core processor that supports hyperthreading. That is why the capacity of D255's treatment is doubled, giving an impressive performance. The keyboard of the device is designed to be big, soft and light press keys bring comfortable feeling when operating. Combined with a 10-inch LED-backlit TFT screen without mercury, users can rest assured to work for a long time.

Netbook is equipped with Wi-Fi 802.11b / g / n wireless connectivity technology (enhances the ability to catch strong waves thanks to Acer InviLink Nplify technology) and Bluetooth.

eMachine 350 is the first netbook of the eMachines brand.

The eMachines 350 is the first netbook of the eMachines brand. If the Aspire One is characterized by colorful wings, eMachines on the other hand selects its elegant style with rough black from the inside out and ultra-slim appearance.

It is also equipped as AOD255 with Intel Atom N450 processor, 2GB DDR2 RAM, 160GB hard drive, Intel graphics chip with 64MB of internal memory, 10-inch screen, support for 802.11b / g / Wifi connection n and Bluetooth.
