

Acer has a powerful gaming laptop and a sliding keyboard

Acer adds a powerful configuration of the gaming laptop Predator, a new generation Helios 700 model and a sliding-shaped keyboard called HyperDrift.

Acer adds a powerful configuration of the gaming laptop Predator, a new generation Helios 700 model and a sliding-shaped keyboard called HyperDrift. Acer's new product is aimed at gamers or graphics professionals.

Acer Predator Helios 700 keyboard can be extended vertically instead of fixed like most laptops today. When the keyboard is pulled out to reveal the cooling fan and RGB LED system. The touchpad is specially designed in the external position of the machine and is tilted to create a shelf to help users avoid hand fatigue when manipulating.

Acer Predator Helios 700 is equipped with a 17.3-inch screen with Full HD resolution. Its configuration is quite strong with the 9th generation Intel Core i9 processor, GeForce RTX 2080 GPU or RTX 2070 GPU, 64 GB maximum RAM, SSD hard drive with 2 1 TB or 2 TB options, running the operating system Windows 10.

Due to the HyperDrift keyboard, Helios 700's body is 41.7mm thick and 4.5 kg. The laptop speaker system plays this game with five speakers and a subwoofer for 5.1 surround sound. It is equipped with a fourth generation 3D

AeroBlade fan.

Acer Predator Helios 700 will be available in July with a starting price of \$ 2,699 (nearly 63 million).

In addition to Helios 700, Acer also released an upgraded version of Helios 300. This product is equipped with Intel's 9th Core i processor, 144Hz screen, options and RTX 2070 Max-Q GPU.

Acer also introduced a line of high-end ConceptD notebooks including ConceptD 5, 7 and 9. The ConceptD 9's strongest configuration includes the ninth-generation Intel Core i9 processor, 32 GB RAM, RTX 2080 GPU, memory SSD 512 GB or 1 TB, 4K 17.3 inch screen and a stylus. The ConceptD 7 configuration includes the 9th-generation Core i7 processor, RTX 2080 Max-Q or RTX 2060 GPU and a 15.6-inch 4K screen. Finally, ConceptD 5 with the power comes from the eighth-generation Core i5 chip, 8/16 GB RAM, 256 GB SSD, 512 GB or 1 TB storage option and a 15.6-inch 4K screen.

Currently Acer has not announced the price of the Helios 300 and ConceptD series.
