

Add iPhone 3GS 8GB version to Vietnam

After iPhone 4, the laptop segment has just added an iPhone 3GS 8GB version, the price of this model is at 12.5 million dong.

After iPhone 4, the laptop segment has just added an iPhone 3GS 8GB version, the price of this model is at 12.5 million dong.

iPhone 3GS 8GB runs iOS4 with many new features.

The price is 12.5 million VND for the international version. There is almost no difference between the 8GB model and the 16, 32GB versions sold previously in addition to capacity. Besides, the newly installed Apple device pre-installed iOS 4 operating system with multitasking features, Home screen and folder group.

Currently, Apple has stopped producing 16 and 32GB iPhone 3GS, 8GB version is a parallel model with iPhone 4. In Vietnam market, the price of 16GB and 32GB versions is 14 to over 15 million dong (depending on

capacity).

In parallel with stopping the production of iPhone 3GS with capacities of 16GB or more, iPhone 3G 8GB is no longer continuing. The price of 8GB international iPhone 3G in Vietnam market is about 10.3 million dong.

iPhone is the *hottest* item in the portable market in the last few years. Currently the iPhone 4 models have appeared to be interested by customers, many shippers in Hanoi said, they are in stock, although this version price is at the highest level in 3 years this mobile line appears at Vietnam.

Currently an iPhone 4 16GB code lock has cost more than 20 million, while the equivalent version but international goods up to 32 million. Similarly, the price for the international 32GB version is approximately VND 40 million.
