1. Laughing out the navel with 15+ failed designs on Valentine's Day!
2. 15 pictures show nothing is forever before time
3. 21 proofs show that some designers should take time off

Photographer **John Wilhelm** has brought an exciting new world to his three daughters and sons thanks to his excellent photo editing skills. People often say that children are the most important thing for parents. With Swedish photographer John Wilhelm, that is no exception.

With John Wilhelm, photography is always an important part of life. He shares that his childhood is full of things related to cameras, from magazines, lenses or camera bags, gradually passionate about it from time to time. John Wilhelm began a long journey with photography, techniques, experiences and finally photo editing software. Although not much interested in movies, but when he first took a digital camera in his hand, everything changed John.

Starting to learn from March 2011, John has now become a magician in the world of photoshop and 3D tools. John captures fun and humorous moments in the family's daily life. Not only the children, but John Wilhelm's wife was also present in his work.

All are cleverly and well-integrated to create the best ideas. Occasionally, John Wilhelm also made ideas that are witty and funny. The interesting thing is that the babies in the photos are very natural, giving the viewers the feeling that the pictures were taken by John.

The works of John Wilhelm were praised by the online community and praised for their creativity. John shared that he only created these works as inspiration, and photography is his main passion. Let's TipsMake.com admire the **funny photos of family photographer John Willhelm** in this article!
