

Admire the image of a 'two-sided' Yana cat that favors the Instagram community

Thanks to the distinctive two-color face, Yana cat attracted more than 16,000 followers on Instagram in a short time. With ginger and black hair on the face, Yana looks striking and unique, not only lovely but also friendly and meek.

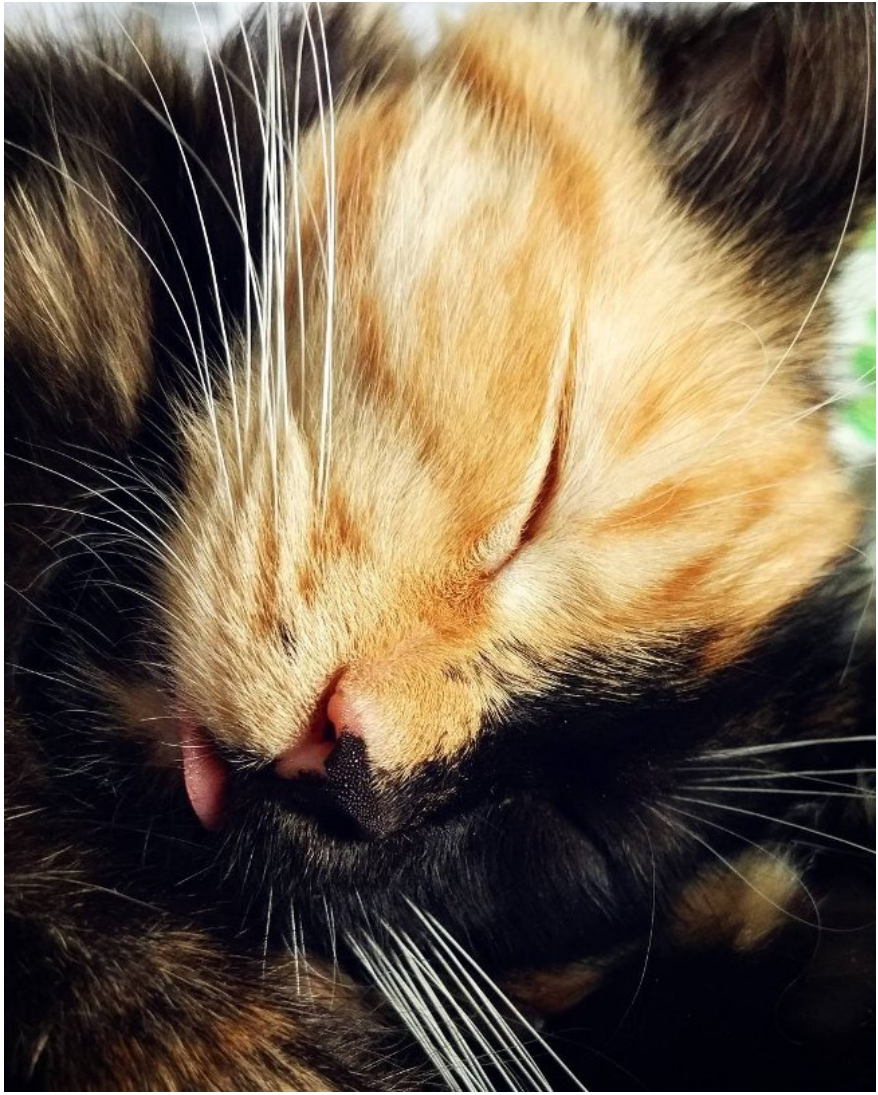

Thanks to the typical " *two-color* " face, Yana cat attracted more than 16,000 followers on Instagram in just a short time.

In the opinion of many people, the phrase " *two-sided* " often has negative meanings, only bad things, disasters, but it does not bring any luck, but in the case of using this charming cat is not . Surely you will have completely opposite thoughts when viewing the photos below. The name of this two-sided cat is **Yana** and the cat has a very distinctive trait that has two distinct colors on the face: one on the black, one on the yellow. Yana lives with her employer in Belarus, a photographer and celebrity enthusiast on Instagram. However, in fact Yana used to be a wild cat until July 2016, it was adopted by her impressive face right from the first meeting.

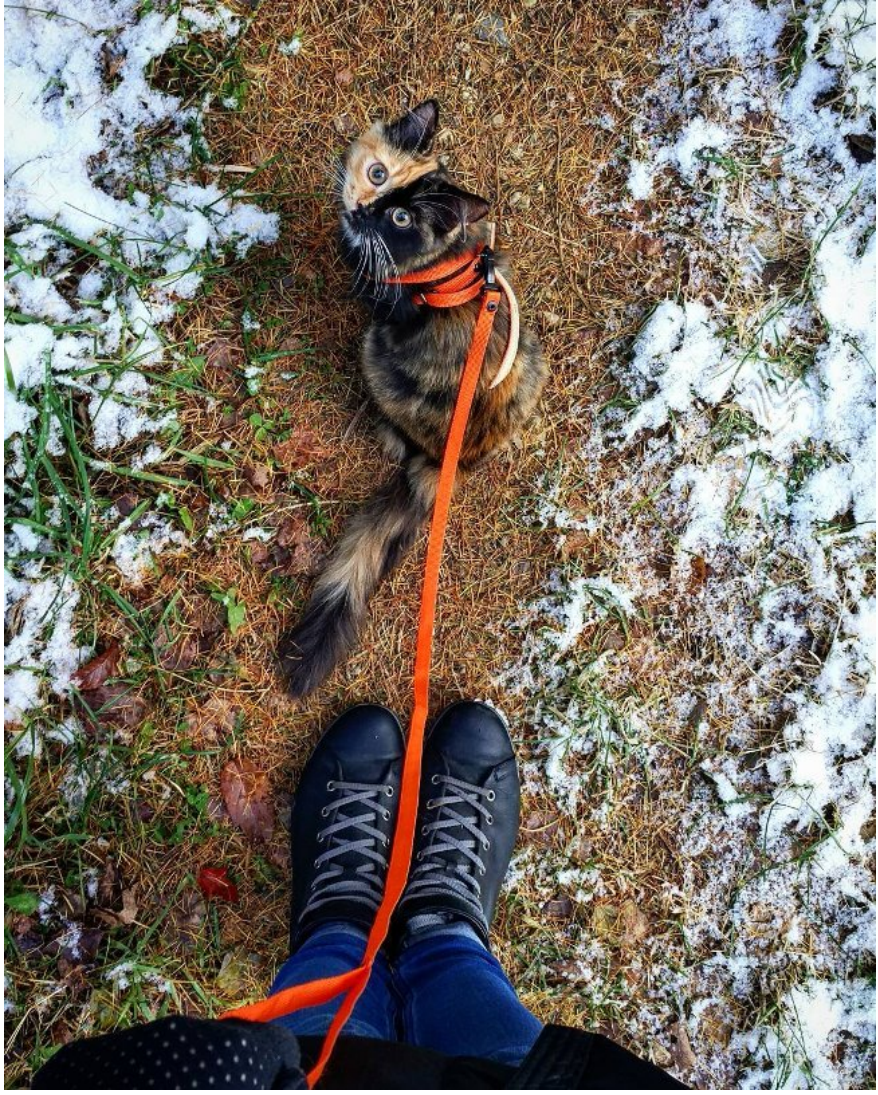

On the **Bright Side** page, we want to share the different beauty of the Yana cat compared to the others. With ginger and black hair on the face, Yana looks striking and unique, not only lovely but also friendly and meek.
