

Appears a mod with CJ character of GTA fighting boss in Elden Ring

Elden Ring reappears an extremely interesting mod when the character CJ in GTA will ride a horse throughout the Lands Between, beheading the most difficult bosses.

Elden Ring is a 'rookie' just revealed from From Software and is currently making the world gamer community 'fatigued' because it's so attractive, so cool, even considered a new trend for 2022. with 'heavenly' difficulty. Launched for nearly a month, but the attraction of Elden Ring has not shown any signs of cooling down, this AAA game is still winning the hearts of gamers around the world.

The fact that FromSoftware allows installing different mods into Elden Ring is also an extremely attractive point. Since then, a series of extremely interesting mods have been born and the famous character CJ in the game Grand Theft Auto: San Andreas is the latest name to appear in Elden Ring.

An iconic character in Grand Theft Auto: San Andreas has appeared "arrogantly" in Elden Ring, thereby bringing great excitement to gamers on the journey to conquer Boss genres. super difficult in this AAA blockbuster. Before that, there were many good mods released for Elden Ring such as mods that reduce the difficulty of the game, costumes, skills, but with the appearance of CJ, gamers will have a The perfect choice to relieve stress when experiencing Elden Ring.

An interesting feature about Elden Ring is that the plot of this game was penned by George RR Martin - who wrote the novel series "A Song of Ice and Fire" - the original of the hit series adaptation. Game Of Thrones". Therefore, FromSoftware's latest product especially attracts not only the fan community of the Souls-like series but also Game Of Thrones-loving gamers. This is an extremely high quality action role-playing blockbuster with 'top of the top' graphics and the current distribution authority is Bandai Namco Entertainment.
