

Apple confirmed the iPad Air 3 has a screen error, which will be free repair

iPad Air 3s manufactured between March 2019 and October 2019 may have screen defects and Apple will replace them for free.

Apple has just announced that it will open a free repair program for iPad Air 3 users - a tablet model that was introduced in 2019. Specifically, the company said a small amount of iPad Air 3 was produced in The period between March 2019 and October 2019 failed, causing the screen to break suddenly and permanently turn into "black background" or "white background".

According to Apple, the screens of the affected devices can blink continuously several times before being completely broken. Users with eligible iPad Air 3 will get a free screen replacement by Apple.

If you are using iPad Air 3 and encounter this error, you can contact Apple support, take it directly to the Apple Store or an Apple Authorized Service Provider to check and replace the screen. free picture.

Note that the free replacement program is only for iPad Air 3 models manufactured between March 2019 and October 2019. In addition, this program is only valid for 2 years from the time the iPad Air 3 was first marketed.
