

Apple News Plus has officially come into operation, registering to experience today

This morning Apple officially introduced Apple News Plus subscription service at the annual product launch event called 'Show time'.

This morning Apple officially introduced Apple News Plus subscription service at the annual product launch event called 'Show time'. Currently this service is available to experience on iPhone, iPad and macOS computers. Apple News Plus is a new news service of Apple defects, in addition to covering more than 300 different magazines (mostly English), it also provides users with access to the local Use news from major newspapers, leading American reputation such as LA Times, The Wall Street Journal, and many other big names.

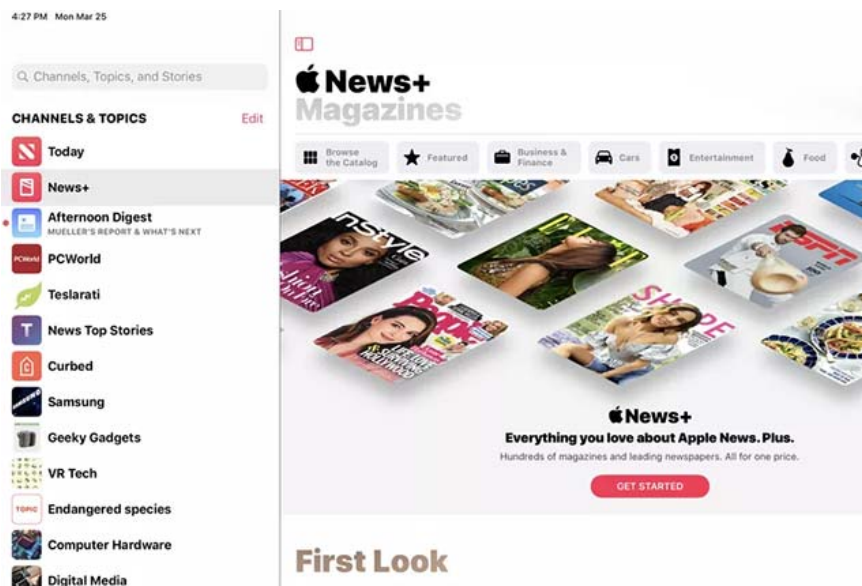

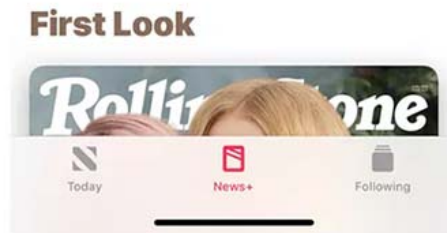

1. Invite to see iPhone 11 running iOS 13 with Dark Dark interface

Currently, Apple News Plus will charge \$ 9.99 per month to users in the US (\$ 12.99 in Canada), of course you will have to sign up for this paid plan to have access to premium content. on Apple News Plus, and registration is also very easy.

If you want to use Apple News, the first thing is to make sure your application is up to date and the device is also running on the latest software version. More specifically, for mobile devices including iPhone and iPad, you will have to be in iOS 12.2 version to be able to register this service, while for laptop or desktop macOS You will need to run the new macOS version 10.14.4 if you want to register for Apple News Plus.

Complete the latest version of the application and operating system update, next, look for the News + section. Note that the location of News + section may vary slightly depending on the device you are using, on iPhone, this item will appear as a tab at the bottom of the screen, and for iPad, News + will be located The menu runs

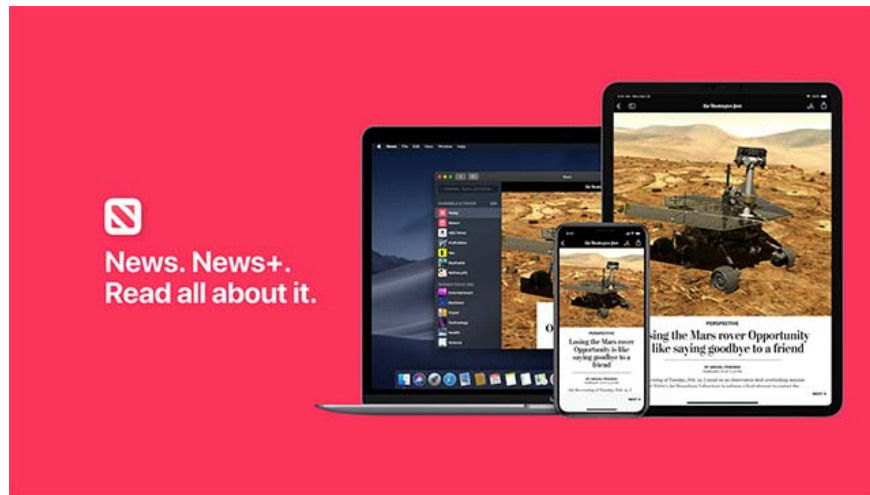

along the left side of the screen, as shown below:

1. Apple Music is now available on Amazon Fire TV

If you want to try the Apple News Plus experience before signing up for the 'monthly ticket', Apple will give you free first month usage, then you will have to pay \$ 9.99 the following month if you want to continue using the service. In addition, Apple also gives users a few other 'cool' options, such as allowing sharing a subscription on your Family Sharing group (up to 6 people).

However, one strange thing about this free trial is that if you cancel the trial, the access to the service will end immediately, it is completely unlike the free trial version on many. Other services, allowing use of the remaining time and you will have to set a reminder to cancel on the day before renewal.

1. Apple posted 5 instructional videos using useful features on the iPhone but few people know

The launch of Apple News is a well-planned step forward for the American giant. According to observers, in the future, Apple is likely to further focus on its services, especially in the context that iPhone sales are declining without braking in some markets. important. Recently, data reporting on the business situation of Apple Disability showed that iPhone sales fell by 15% in the fourth quarter of 2018 compared to the same period in 2017, while the revenue from the service segment reached record high, hit 10.9 billion USD - highest ever.
