

# Apple's new Emoji is coming with many character and expressive animations

The iconic world will be more diverse with the coming of upcoming emoji, from nursing mothers to zombies.

Welcome world emoji day (World Emoji Day)!

Although the emoticon world is still not enough to describe the emotions, activities, costumes or work we seek, there are still more and more emoji created to serve the conversation. online. And coming will be the launch of the emoji woman wearing a towel and breast-feeding.

Apple claims the two top emoji and many other emoji are coming out, in part to celebrate World Emoji Day.

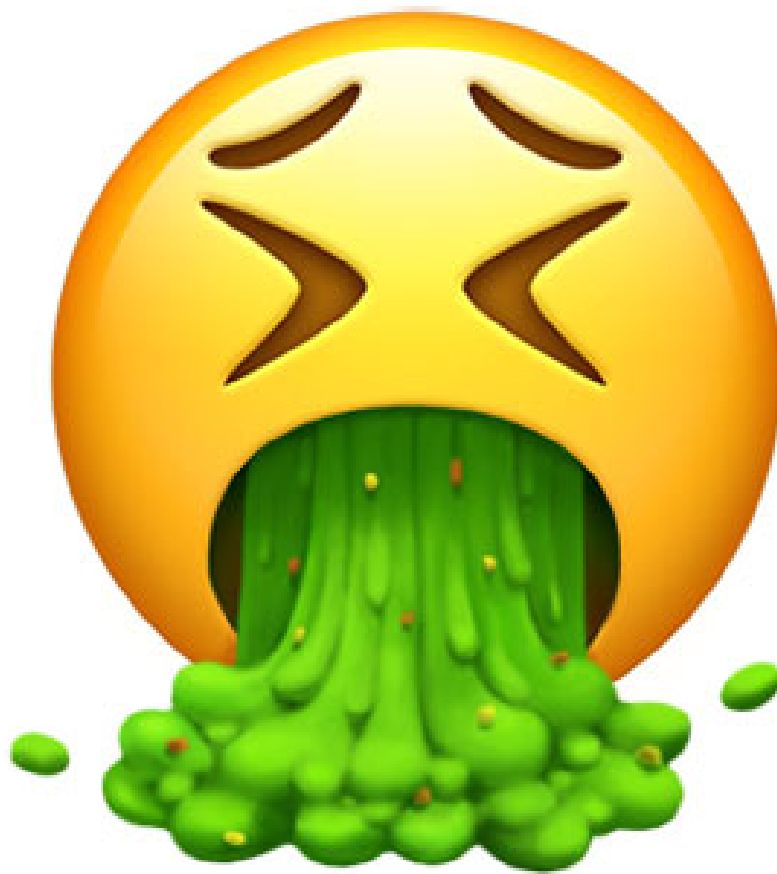

There will be icons of sandwiches, coconuts, new animals like zebras, T-Rex dinosaurs for fans of Jurassic Park. Apple also opened up a fantasy world with Zombie and Fairy. In it the fairy will be the aunt of Princess Zelda (in Legend of Zelda).

*Shaping of T-Rex dinosaurs and zebras*

The familiar yellow face symbol also has some new expressions (officially there will be an explosive expression), probably vomiting.

*New expressions on familiar faces*

For the first time, Apple also revealed the most popular emoji on iOS:

1. Thumbs Up
2. Smile
3. Laugh  
LOL
4. Wink-Kiss
5. Heart

### *Emoji zombie and fairies*

Apple said the new emoji will be released later this year. Perhaps it will come with iOS 11, scheduled to debut in the fall, around the same time as the release of iPhone 8. The company did not share how they came up with these symbols but all were administered by the agency. The emoji Unicode Consortium approves, meaning they can be added to the iOS keyboard.
