

Asphalt Overdrive updates additional new features and supports Xbox Live

Back in September, Gameloft has officially released the next version of the title Asphalt 8, 'Asphalt Overdrive' for Windows and all mobile platforms. Today's game has received a new upgrade that adds vehicles, a new and more special screen to support Xbox Live.

Back in September, Gameloft has officially released the next version of the title Asphalt 8, 'Asphalt Overdrive' for Windows and all mobile platforms. Today's game has received a new upgrade that adds vehicles, a new and more special screen to support Xbox Live.

Here is a detailed list of new versions:

1. 2 new cars: Renault Alpine A110 and Lykan Hypersport
2. New Joyride Race mode
3. New plot and tutorial
4. You can now allow any player to join your Gang
5. Error repair and performance improvements
