

Asus launched a new series of laptops

Asus has just introduced a series of new laptops aimed at different tastes such as the stylish G71V and G50V for stylish, F8Vr and F6V gamers and B50A for entrepreneurs.

Asus has just introduced a series of new laptops aimed at different tastes such as the stylish G71V and G50V for stylish, F8Vr and F6V gamers and B50A for entrepreneurs.

For gamers

Asus has just added two new laptop models for the G series, equipped with a powerful graphics card nVidia GeForce 9700M GT 512MB GDDR3.

The G71V is equipped with Core 2 Duo processor, Core 2 Duo Extreme X9100 or optional Quad Core QX9300; while the G50V has Core 2 Duo options T9600 / T9400 / P8600 / P8400 / P7350.

But both laptops have 4GB of DDR2 memory, up to 1TB of hard drive, SuperMulti LightScribe DVD burner, size 37.5x3.43x4.06 cm and weighs 2.8kg.

In addition, two laptops are also equipped with connectivity ports such as WiFi, Bluetooth 2.0 and 2MP cameras.

Fashion laptop

Not only stop at the powerful laptop for gamers, Asus also launches stylish and attractive laptops. It is the F6V with natural textures and colorful F8Vr.

F8Vr has 5 fashionable colors to choose from: Blue, black, chestnut brown, pink and white. It is equipped with 13.3 inch LCD screen, size 34x24.4x3.72cm, weighs 2.6kg and TV tuner.

And F6V is attractive with decorative motifs and attractive fragrance with 4 patterns to choose from: rose grass, black smell, dawn and sea water; 14.1-inch screen, size 31.2x23.19x3.2 cm and fingerprint scanner increase security.

Both laptops are equipped with an Intel Core 2 Duo processor, up to 4GB of memory, a 320GB hard drive, high-resolution ATI Mobility Radeon HD 3470 graphics card, and both have WiFi connectivity.

Laptop for business people

In addition, Asus also introduced the B50A business laptop, equipped with Core 2 Duo processor, 4GB Ram, Intel GMA X4500HD graphics card and 320GB hard drive.

B50A has 15.4-inch screen, size 36.3x 26.3 x2.5-3.57cm, weight 2.7kg to 3kg with 8 cell battery, Super-Multi DL DVD burner, WiFi and integration A 1.3MP webcam available. In addition, the device also includes a fingerprint scanner for better security.

Furthermore, the B50A's keyboard is water-resistant, so the laptop will not be affected by pouring it 120ml of water.
