

# ASUS launches high-end laptop for business people

ASUS computer manufacturer has just introduced the B80A laptop with a 14.1-inch widescreen fashion screen, with strong configuration and extremely high security.

**ASUS computer manufacturer has just introduced the B80A laptop with a 14.1-inch widescreen fashion screen, with strong configuration and extremely high security.**

Users have 4 options for clock speed (2GHz, 2.16GHz, 2.4GHz, and 2.5GHz) for Intel Core 2 Duo processors. The product is equipped with 1GB of official RAM, but users can upgrade to 4GB. Moreover, the B80A has a reliable, high-speed, high-capacity hard drive (the 250GB HDD connects to high-speed SATA standard with 7200 revolutions per minute, similar to desktop computers). In addition, users can select other SATA hard drives with speeds of 5400 rpm with storage capacities of 160GB, 250GB and 320GB.

The B80A laptop is designed to be stylish, handy, reliable and compact with dimensions of 34.1 x 24.5 x 2.98 ~ 3.7 cm, 2.46kg weight and 14.1 inch screen (degree resolution 1280 x 800 or 1440 x 900 options). The product is equipped with integrated 4500MHD graphics chip that allows users to watch movies extremely vivid and sharp. Users can easily bring the device with them when traveling.

With fingerprint recognition and TPM chip security technology, entrepreneurs can rely on the security of the device. Moreover, the B80A keyboard is also waterproof designed to allow 50ml of water to be poured onto the surface without damaging the device. And the built-in LED lighting on the keyboard, B80A allows users to work in low light conditions.

In addition, B80A will be equipped with a 1.3MP camera for online conferences, integrating HDMI high-definition multimedia output for entertainment, supporting wireless connectivity ports Draft -N and built-in Bluetooth connection. B80A equipped with 6-cell battery.

Users can request to install Vista Home Basic or Home Premium operating systems to Business and Ultimate. However, the company has not disclosed the price and timing of launching products to the market.
