

Avengers Endgame: Game synthesis is in Thanos

These are the titles that appear as the purple potato Thanos and the power of his infinite glove

With the power of an infinite glove, Thanos erased half the life of the entire universe with a snap of his fingers - Decimation in the Avengers: Infinity Wars. Not to mention before that he has shown his "zany" with the strength of the infinity stones.

With such power, a series of famous titles for Mad Titan appeared in their games as characters or only appeared in game mode. And with his power every player wants to take control of Thanos to see what he can do, here are some games that you can control or at least see Thanos appear.

1. More than 70+ Avengers: Infinity War wallpapers with high resolution for computers, laptops
2. How to transform into a superhero in Avengers: EndGame
3. Combine more than 50+ Avengers: Endgame wallpapers for computers, laptops

Avengers: Endgame: Summarize titles with Thanos

Grand Theft Auto V

GTA V can be said to be a "versatile" game where players can use mods to create different game modes and experience that game mode according to what is already available in GTA V. And Thanos also No exception, when before him there were many Marvel characters included in Grand Theft Auto.

In the Thanos mod, players can also use different infinity stones for different purposes. The player can turn the NPCs in the game into stone or water, fire Power shots at surrounding objects, create giant meteorite pieces,

teleport to any other location with a space stone, slowing down Time with the Time Stone . And finally, destroy them all with a snap of a finger.

Fortnite

Thanos in Fortnite may not be as powerful as in GTA V, but still has enough power to "sell" to other players. Thanos will be appearing in the Infinity Gauntlet Limited Time Mashup format, regardless of which player can turn into Thanos if he can catch the Infinity Gloves hidden somewhere on the map.

The player will have skills such as launching a beam of power, jumping high and stomping the ground, punching a powerful vegetarian . Plus adding higher HP and armor, making it very difficult for him to be defeated. And although this mode only appeared in Fortnite in a short period of time, it still left an impression on Fortnite fans.

Maybe coming, Fortnite will bring Thanos and Avengers back to the game after Avengers: Endgame was premiered. Players will be introduced to Fortnite x Avengers version on May 25, 2019.

Lego Marvel Super Heroes 1, 2

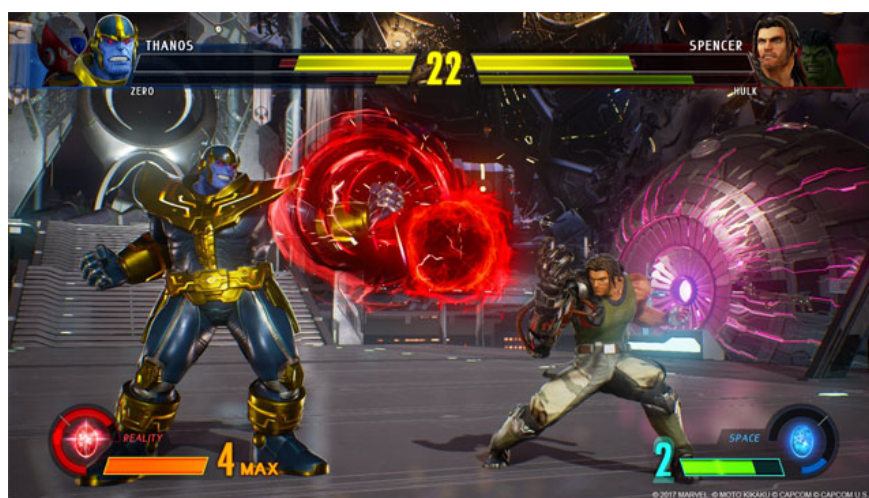

Download Lego Marvel Super Heroes

With Lego Marvel Super Heroes PC, players will be able to control 150 different characters, each with a certain ability, including all familiar characters like Spider-man, Hulk, Ironman, Thor, Captain America, Black Panther . and even Thanos.

And Thanos in Lego Marvel Super Heroes also has the skills of infinity stones like moving anywhere. Shoot beams of power, stomp the ground, turn players into stones . Generally enough of the power of infinity stones.

Despite being Lego, the game's graphics are eye-catching, colorful graphics. The character models are only shown with angled puzzle pieces but still animated, showing the personality of each person whether hero or villain.

Marvel VS. Capcom Infinite

Download Marvel vs.Capcom: Infinite

Thanos in Marvel VS. Capcom Infinite has advantages over other players in that he can be immune to heat, cold, radiation, electricity, toxins and time. He is no longer the main villain in the story and the player can choose Thanos as his opponent at the early levels of the game.

Thanos's super-fast moves in the game can be done with accurate Combo attacks that many players have to die. In this version Thanos has no infinite stone, but the special moves like Titan Crush or Titan Deceit also make the player have a hard time to win the name "purple potato".

Above are some of the games that have the name "sweet potato" Thanos, if you have seen the power of the guy on the screen, try downloading and experiencing these games.
