

# **Bastion, great action role-playing game, Download Bastion for free and unlock the full game**

Bastion revolves around the adventure of Kid, a boy lucky to survive the disaster of destruction 'Calamity' due to a ghost force behind.

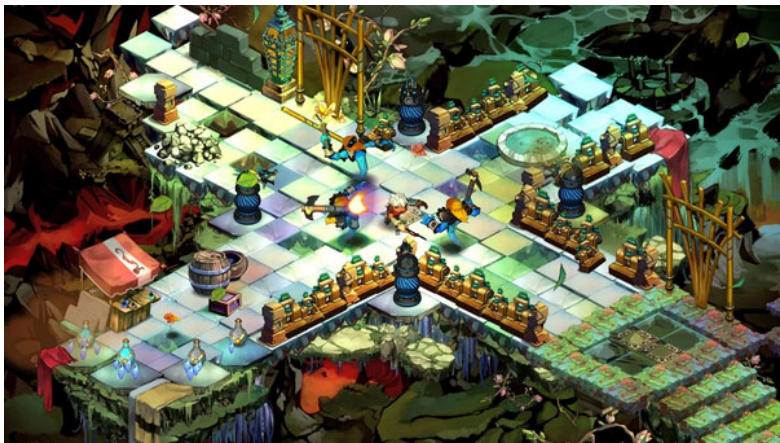

Bastion is an action RPG produced by Supergiant Games and Warner Bros Interactive Entertainment. Bastion has received more than 100 awards / nominations, big and small in the game industry, most notably the best game award in 2012 voted by Apple and the outstanding game for Editors.

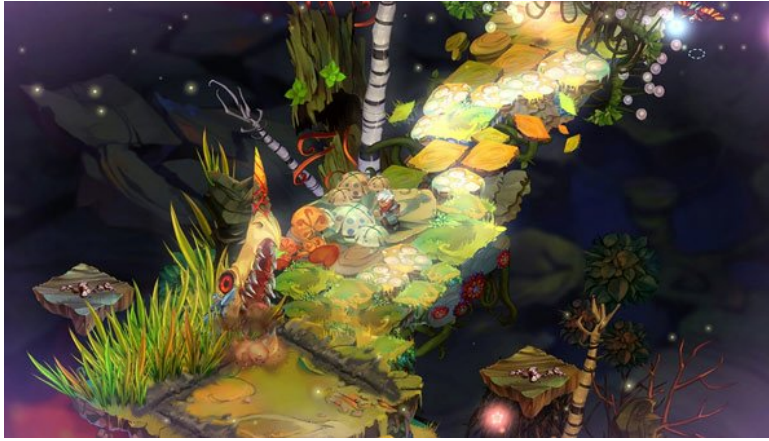

Bastion revolves around the adventure of Kid, a boy lucky to survive the disaster of destruction 'Calamity' due to a ghost force behind. Most of the lands were destroyed, only one city survived was Bastion. In the game, you will join Kid on a journey to the city of Bastion, search for survivors, fight the demons and save the world.

In the game, players will discover more than 40 different levels, decipher the secrets to receive an arsenal and battle with many ferocious animals.

The most interesting point in Bastion is that after the end of the main story, it will unlock New Game Plus mode, allowing players to continue the journey with new content with many more interesting things.

The graphics in the game are designed in a hand-drawn style of art and extremely unique, combined with lively sound system, inspirational narratives and intuitive controls that give players the Wonderful experience.

Currently, the developer of Supergiant Games is allowing players to download and unlock the full Bastion game in a short time. Please quickly click the link below to download the game before the promotion ends.
