This model has a unique design, easy-to-use keyboard beside the smooth trackpad. This is also a battery netbook that uses up to 9 hours.

NB205's design looks better than most netbooks in the market. Toshiba will introduce two versions, the model will cost \$ 399 (about 7.2 million) and a model of \$ 349 (about 6.2 million) with some changes in color and design lines.

NB205 runs on Intel Atom N280 processor, 1 GB RAM and 160 GB hard drive, running on Windows XP Home operating system. In particular, the hard drive of the machine is protected when dropped suddenly by 3D accelerometer. NB205 has 6 cell, 5800 mAh battery, Toshiba said that the usage time is 9 hours.
