

Before 35 years old, still single, low salary: Don't forget to bring 25 things as luggage to 'live comfortably' with life

Economic capacity is not equal to parents, the first three years old are still single, still living with parents, the dream of getting a job in a senior position is broken, constantly changing careers, or not finding a job , not to do the job I like, to leave my homeland, then to return home simply because I cannot find a job.

Economic capacity is not equal to parents, the first three years old are still single, still living with parents, the dream of getting a job in a senior position is broken, constantly changing careers, or not finding a job , not to do the job I like, to leave my homeland, then to return home simply because I cannot find a job. Situations like that can make young people insecure, the future also makes you feel unclear.

But there is always a way for you. Please young people bring 25 enlightenment things later, prepare well, you can expect a better future.

1. There is no such thing as a "stable job". If you want to survive in a business place, you have to know how to do it, not how to keep jumping. But always put yourself in a state of preparation so you can change jobs whenever needed.
2. Before graduation, you need to have a good time preparing for a career, otherwise you will not be able to enter the career that you want.

3. To have a baby, you must first create your own 2 income sources.

4. After age 35, not only can you rely on skills to make a living, you must know how to gather and use all other resources such as the professionalism of others and relationships with them. .
 5. Men may get married for the first time in their 40s but women are very difficult.
 6. Although both of them make money, it is also easy to overspend. "Learning to be a parent" is learning to be frugal.
 7. There is no perfect working environment up to 100%, even 70% is hard to find already. The higher the expectation at work, the more the frustration will be.
 8. Before 30 years old to determine what you will do, like what job and then invest in it, do not just "do play and play".
 9. The more professions you have worked through, the harder it will be to get a high salary. Once you change a new runway, don't expect to get a salary on the old runway.
 10. Unfavorable start does not mean a whole life of "stuck". Do not give up a minute of determination.
 11. A degree may help you find a job, but it is not a guarantee of a raise. Instead of pitching a bunch of qualifications, spend a degree focusing on a particular field to become a successful person.
 12. Previously thought that when you were young, you had to know a skill to keep your job. Now that you know it, it turned out to be the repetitive work of a lifetime.
 13. If you want to raise three children, you need to determine how much you have to earn a month to not breathe.
 14. For informal hiring, the job is usually only parttime or seasonal. Before deciding to go to work, think about that.
 15. If you come from a middle-class family where both parents make money, don't assume that your own life is similar.
 16. For start-up companies, before joining, they must be prepared mentally: When they are busy, they are not allowed to take leave, when they are idle, it is likely that they will not have a holiday salary.
 17. If your preparation is not good, you will be in difficult situations. Your next generation will be forced to mature early because of family circumstances.
- Poor children often grow up very early, and your parents know this best.
18. Big companies are not necessarily more stable than small companies. When looking for a job, you should focus more on your business than on the company's products.

19. If you are unable to use your previous job experience for your current job, your salary will decrease accordingly. So, quickly find yourself inspired and interested in the work, not a bit excited to ask for a jump.
20. Even if you are passionate, but even if the best in that industry will not determine if the future of the job will grow or not, you should not invest in it too much.
21. Never think the way your previous parents thought about marriage and family, otherwise you would never own them.
22. If you weren't 30 when you were 30 years old, and at the beginning you were thinking and setting, take advantage of what you would do in 40. So also salvaged a little fun.
23. Unless there is more expression than people, do not expect the opportunity to raise wages.
24. Your job may be unstable for a lifetime, so women should learn to be the head of the family.
25. The year-end bonus is getting lower and lower. The company called for it to be cut. Don't be like that. Hurry and show your value!

How many years have you had in your life? How many years will you have until 35 years old? In addition to experiencing and enlightening yourself, be enlightened from other resources to avoid wasting time offline.
