

Block Google account with just 4 simple ways

Blocking a Google account helps you prevent spam emails sent to you via Google +, Google Hangouts, or Gmail.

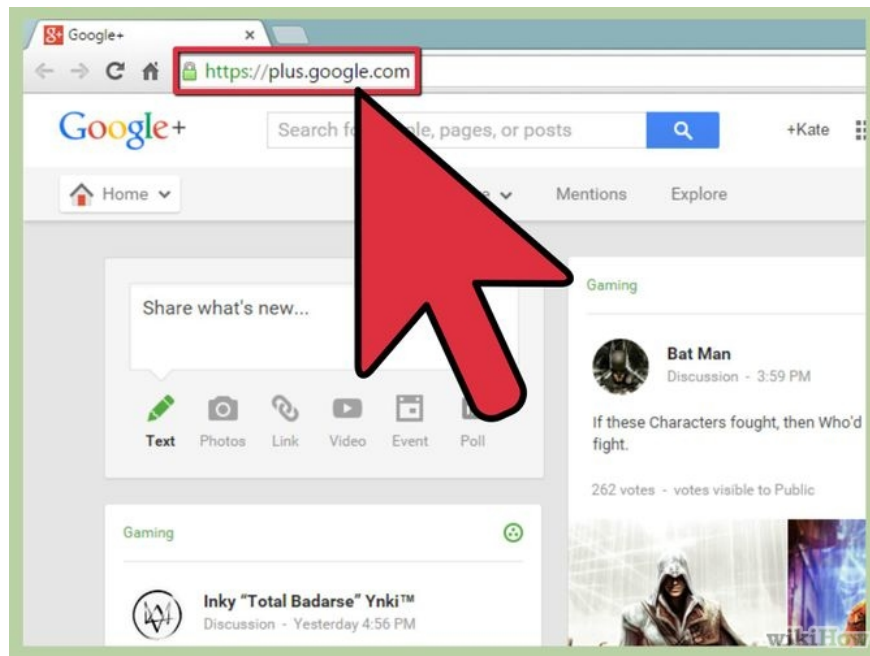

Gmail users often receive spam emails, or so do their Google+ accounts. So how to block those spam emails. The best way is to block the sender's Google account.

Here are 4 ways to easily block the sender's Google account.

Method 1: Block Google account from computer

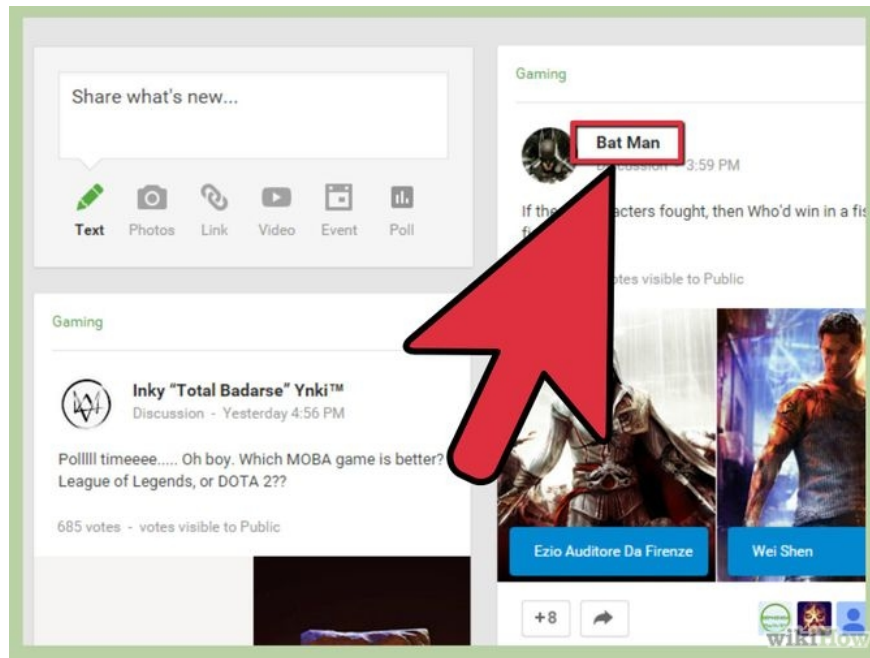

Step 1:

Visit <https://plus.google.com> and log in to your Google+ account.

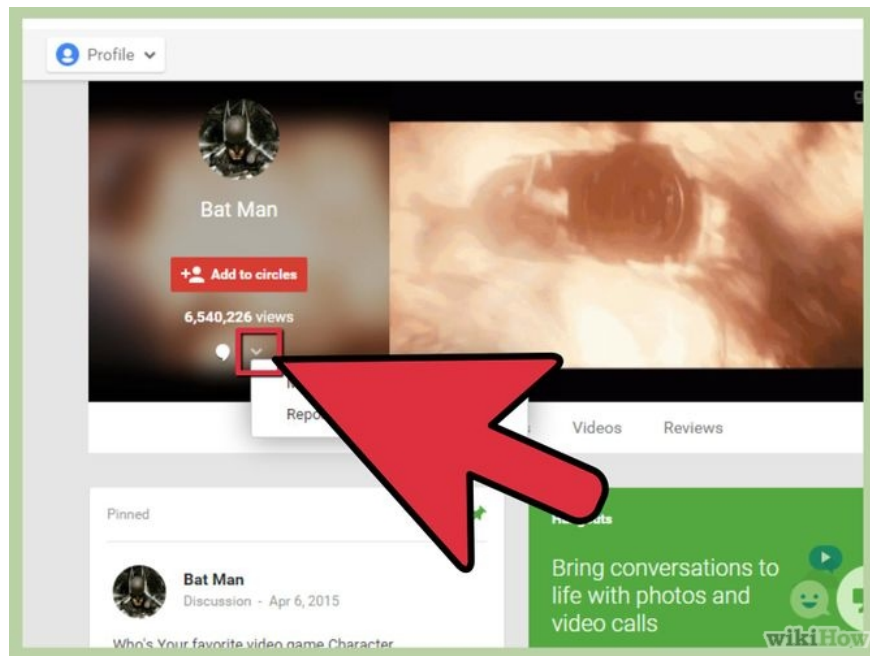

Step 2:

Access the Google+ user profile you want to block.

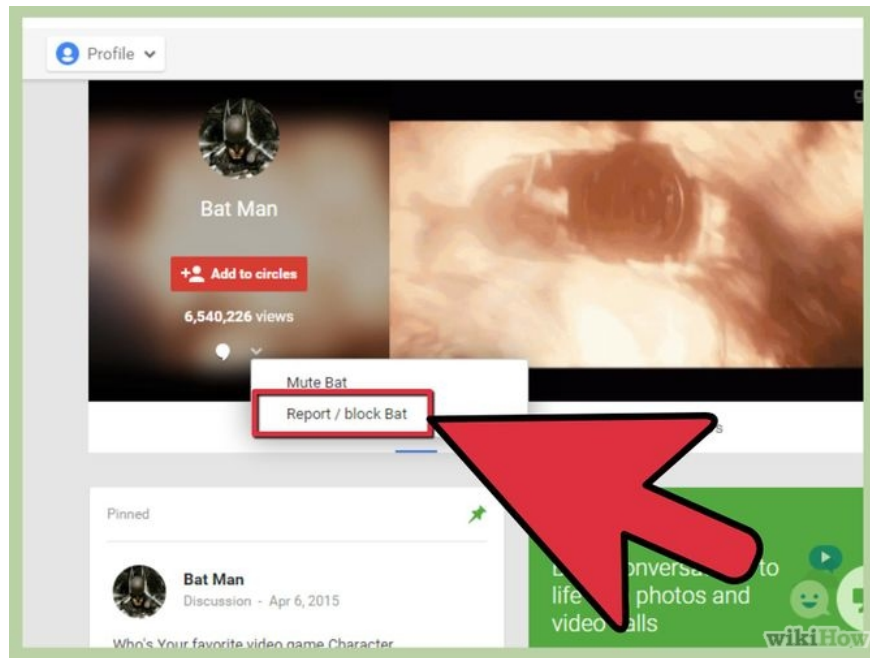

Step 3:

Click the downward-facing arrow next to the profile name of the user you want to block.

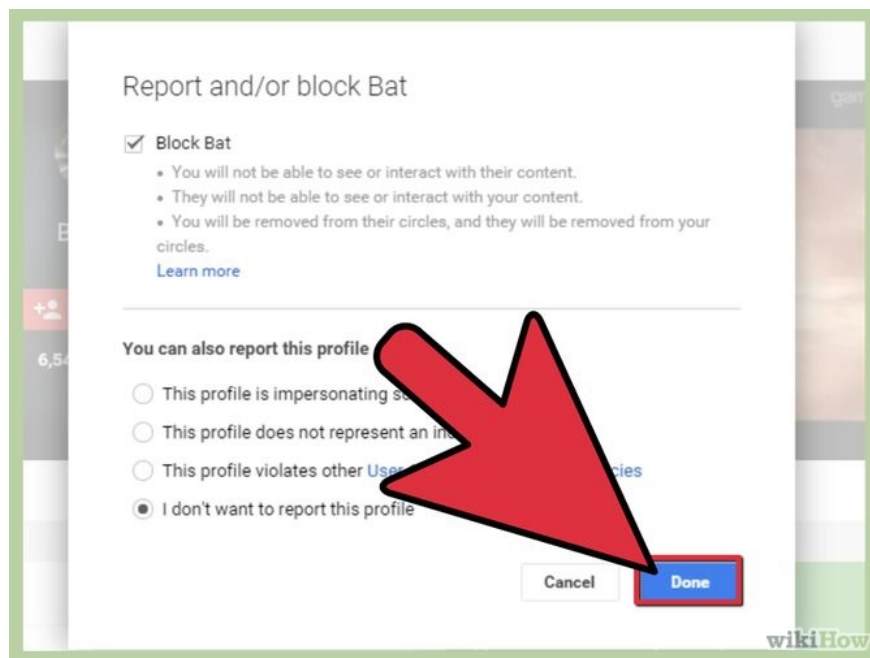

Step 4:

Select "Report / Block".

Step 5:

Check the box next to the username you want to block.

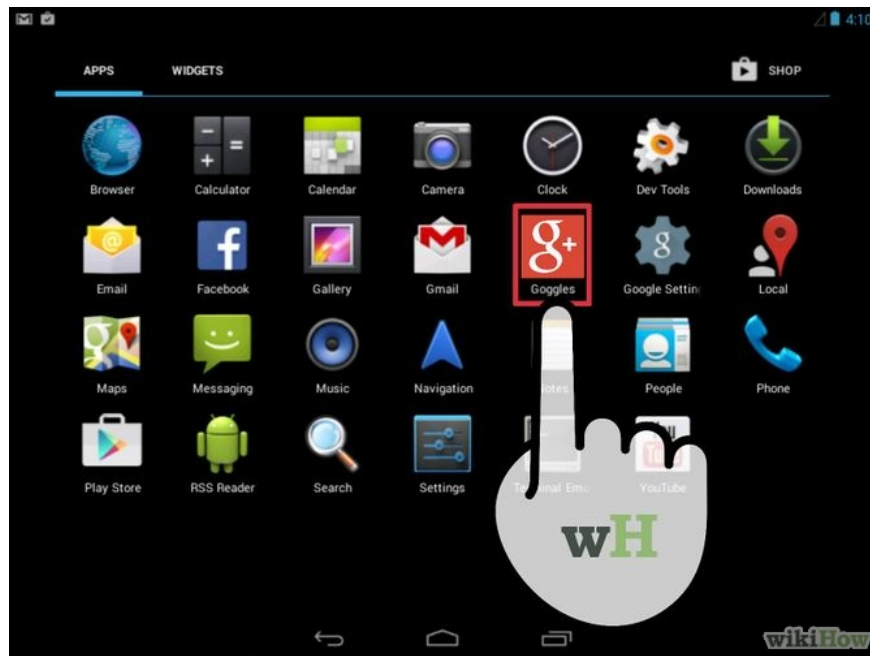

Step 6:

Click the 'Done' button. That user will be blocked from contacting you via Google+ and Google Hangouts.

Method 2: Block Google account on Android

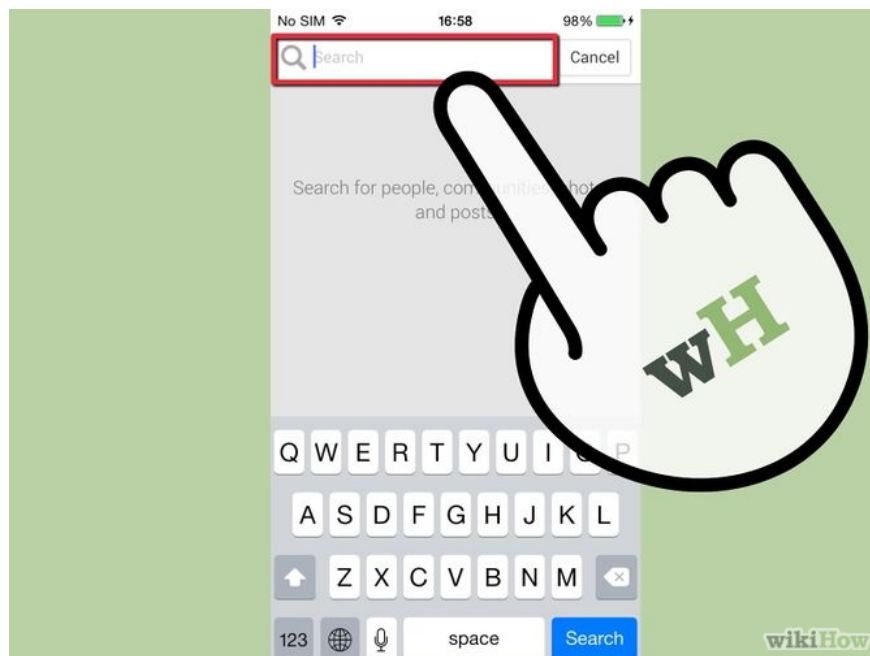

Step 1:

Launch the Google+ app on your Android operating system.

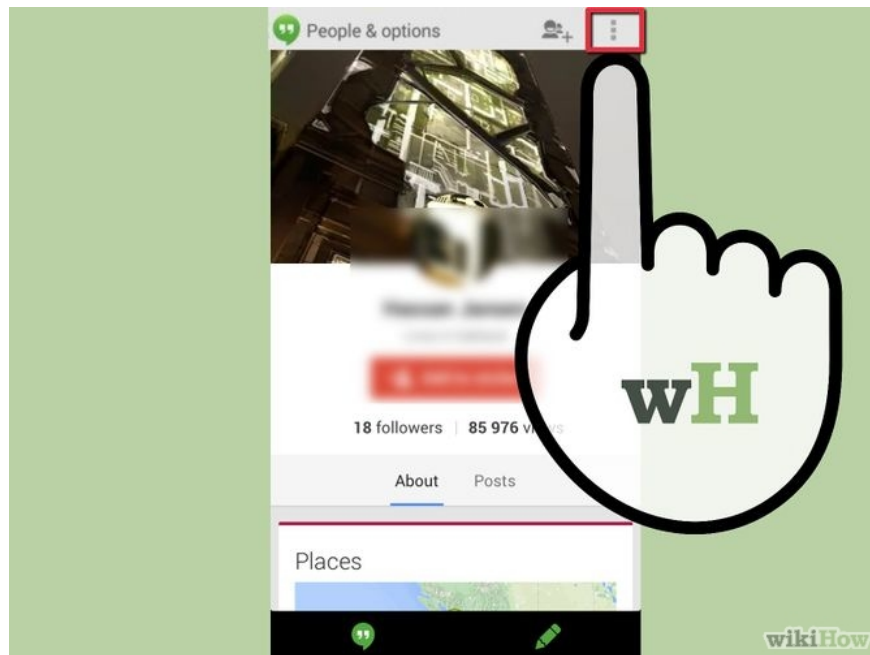

Step 2:

Use the search feature on your Google+ account to find the user you want to block.

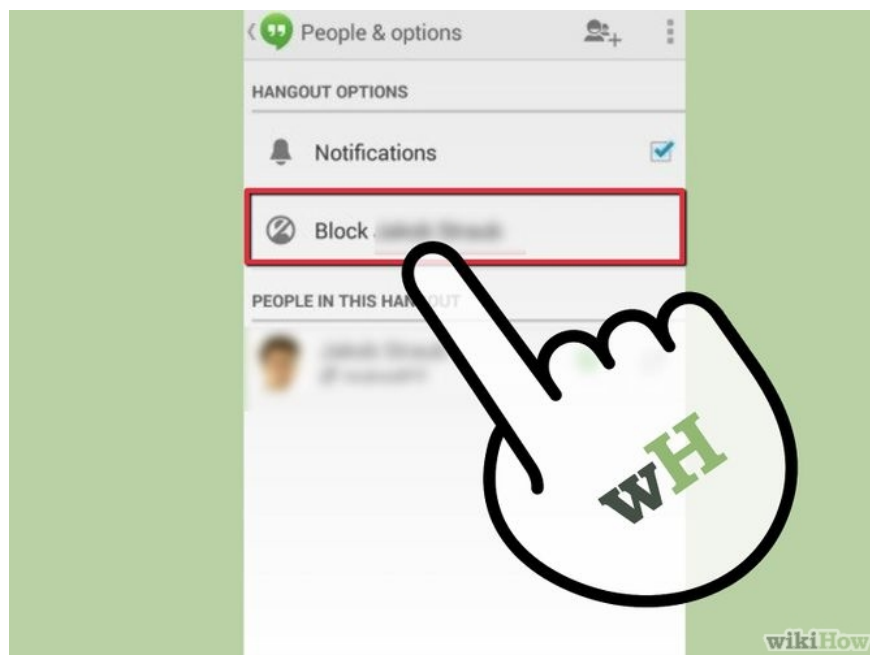

Step 3:

Gently press the three vertical dots button located next to the account name you want to block.

Step 4:

Select "Block" button then select OK. Users you block will not be able to contact you via Google+ and Google Hangouts.

Method 3: Block Google account on iOS

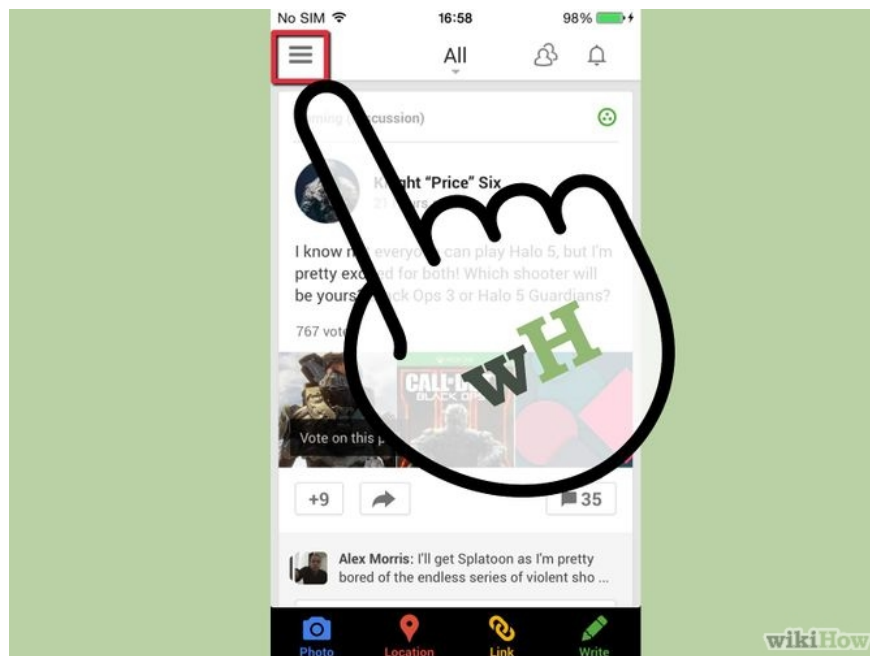

Step 1:

Launch the Google+ app on your iOS operating system.

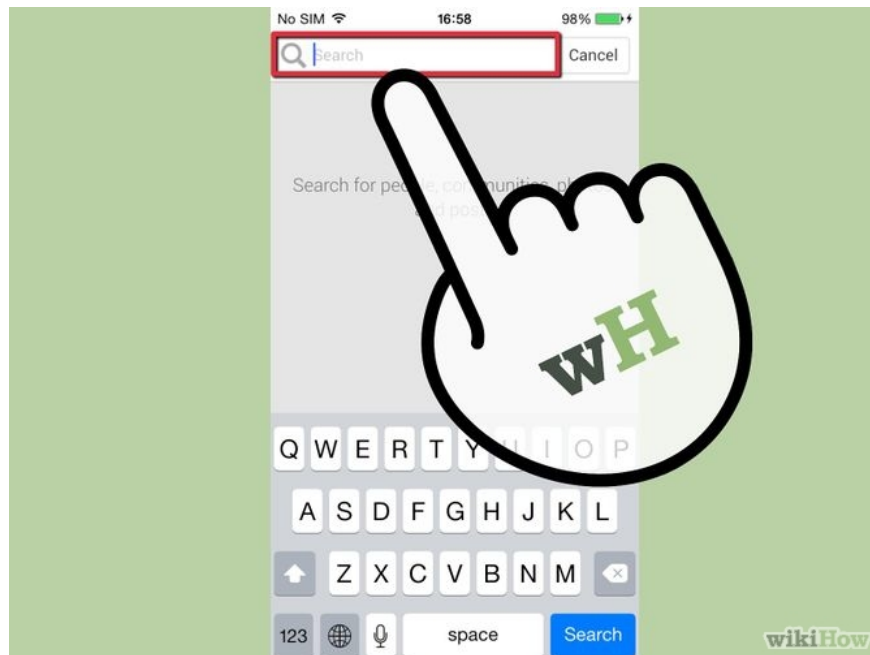

Step 2:

Select the three dash line icon located in the upper left corner of Google+.

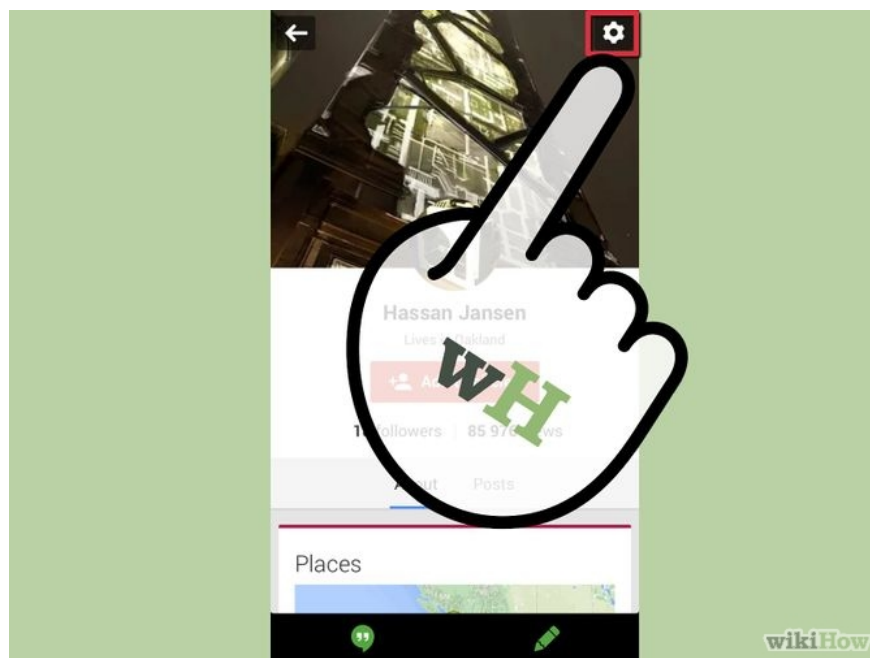

Step 3:

Use the search feature on your Google+ account to find the user you want to block.

Step 4:

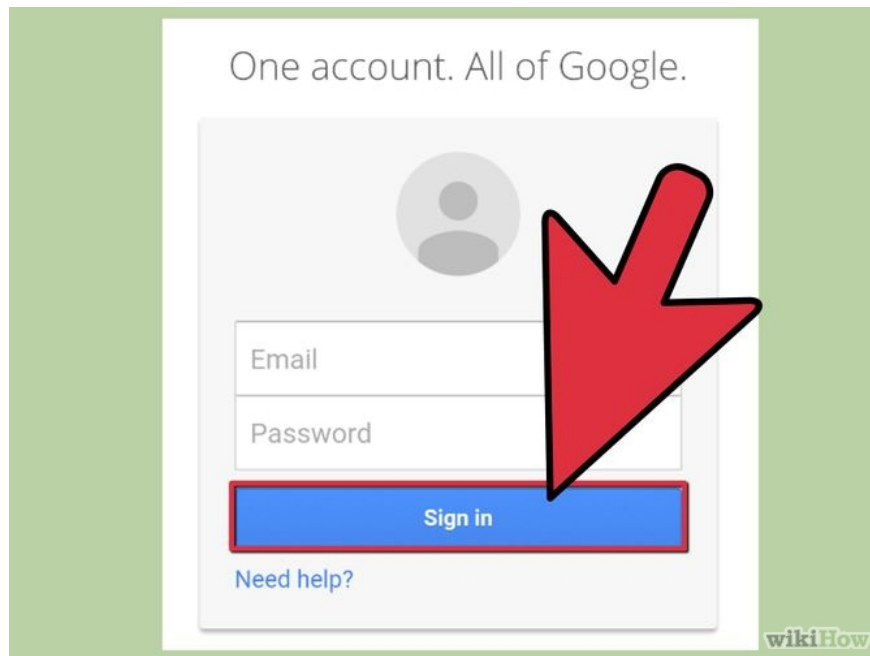

Above the screen on the right corner of the account name there is a gear icon, just tap it and select "Block". Users of that account will not be able to contact you via Google+ and Google Hangouts.

Method 4: Create filters on your Gmail account

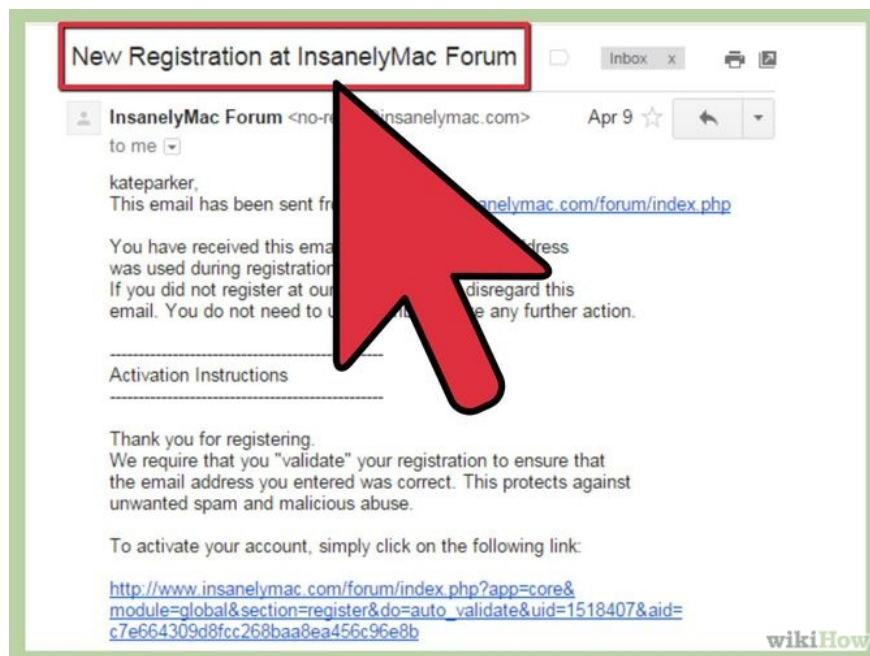

Step 1:

Log in to your Gmail account on <https://mail.google.com>.

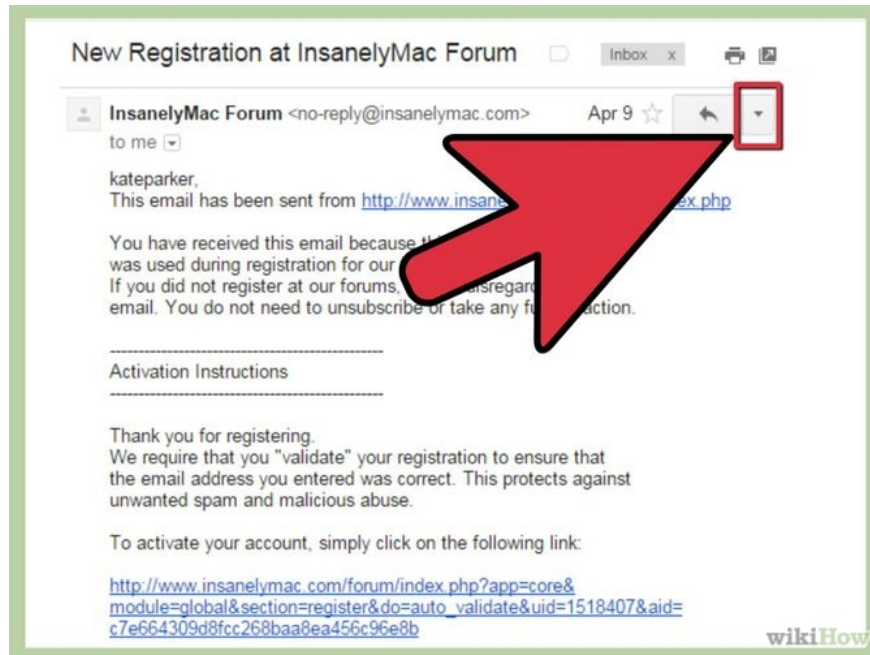

Step 2:

Find an email of the user you want to block sent to you.

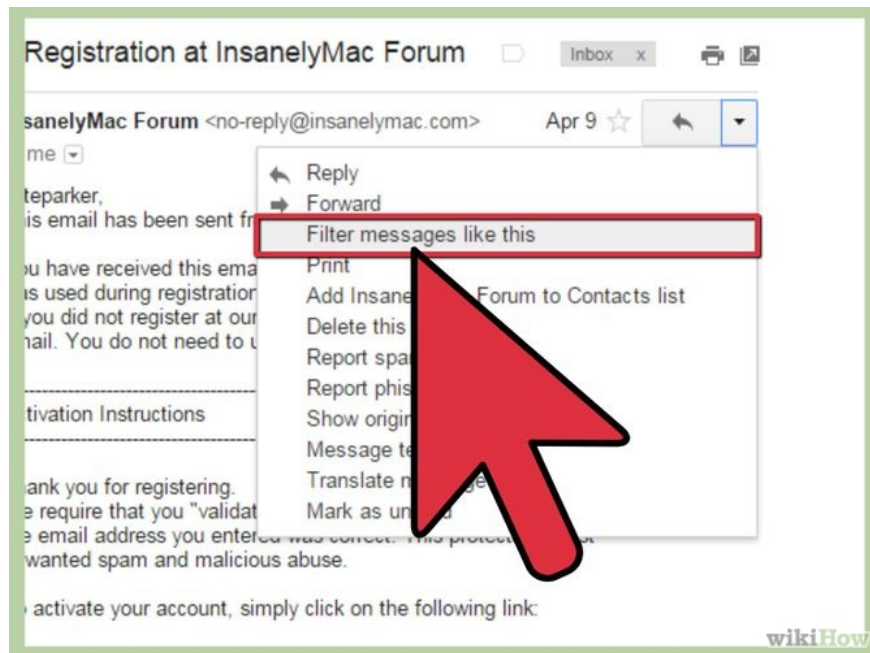

Step 3:

Click the upside down arrow to the right of the "Reply" column.

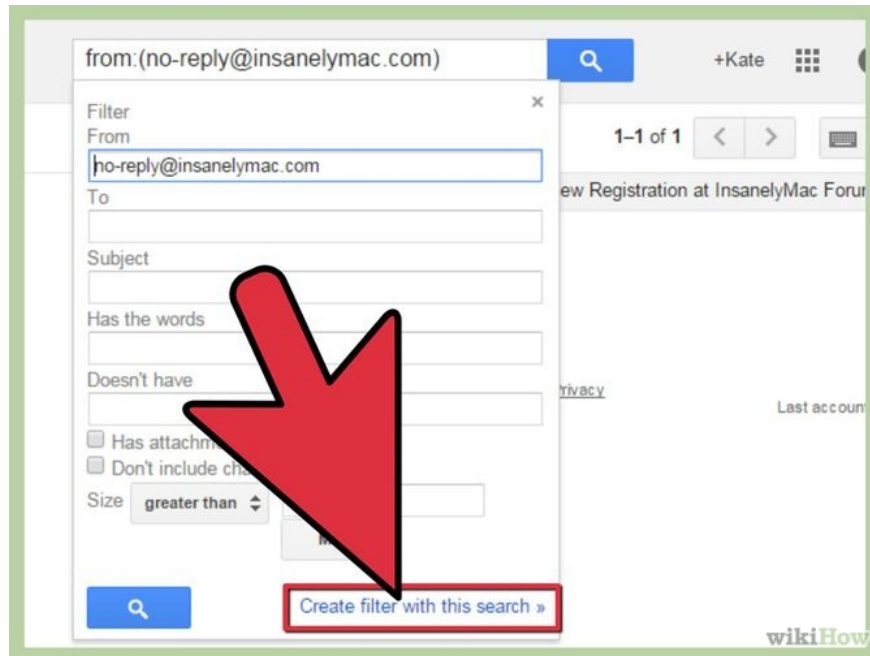

Step 4:

Click on "Filter messages like this" (Filter messages like this).

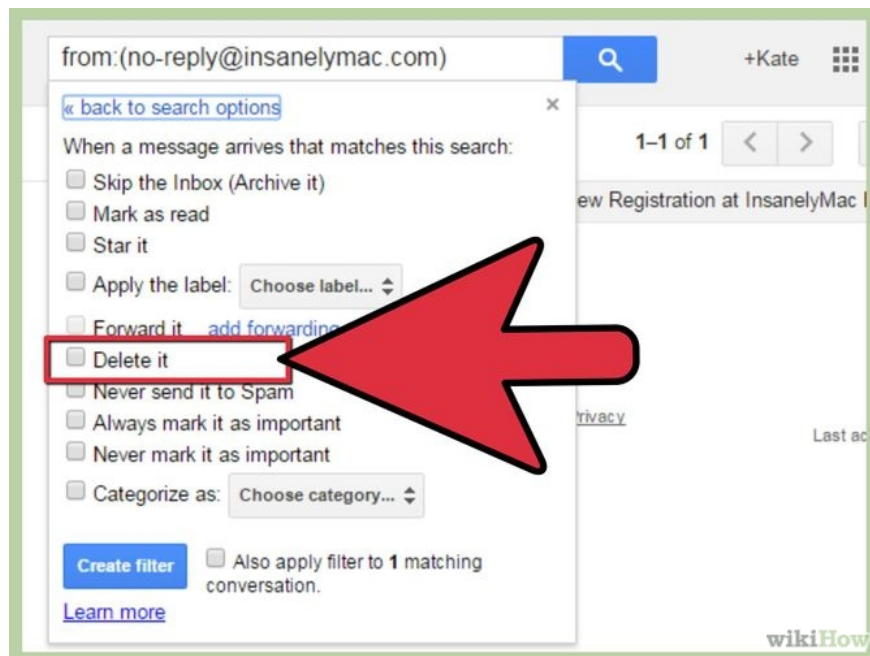

Step 5:

Confirm the user Gmail address in the "From" section, then click on "Create filter with this search" (Create filter with this search).

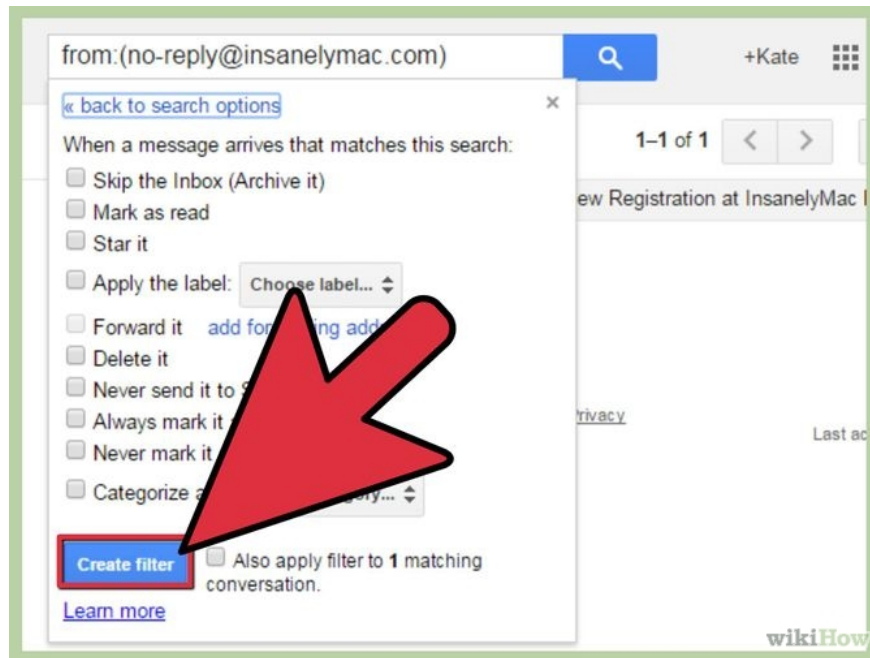

Step 6:

Check the checkbox to block users from sending you email.

Step 7:

Click the "Create filter" button. Any email sent to you by that user will be filtered directly by Gmail and moved to the trash.
